### Ottomans and Tables

Ottomans and tables can complete a layout and provide functionality. The ottomans are available in four diameters. Both the ottoman or the half round coffee table fit perfectly inside round configurations.

The light scale tables have an Arctic Silver powder coat frame with wood, laminate or solid surface top. The versatile work height tables serve as an end table and arm rest. They can be positioned over benches or the seated user to be used as a work surface. Tables are available in square, rectangle, or half round. They are designed to be used individually or paired up with a matching table.

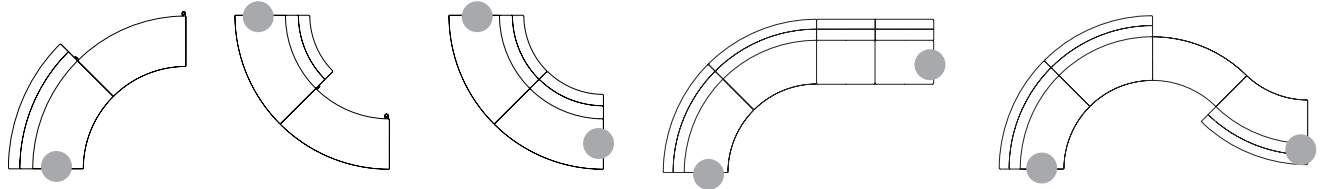

### End Arm

Units which are armless on one or both sides may be specified with an optional end arm. Information for the optional arm is listed on page 484.1. When available, it is best to specify a model number that includes arms instead of adding the arms as an option. **Arms cannot be field installed.**

End arms are factory installed when ordered with a unit. Once an arm is attached, removal is not recommended due to boring holes in the upholstery.

Below are recommendations for the end arm.

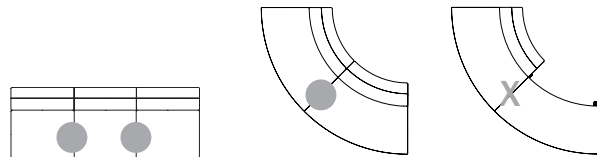

Note: Arm can only be mounted on the side of a unit with a back.

### Middle Arms

Modular In-Line and Quarter Round units may be specified with a middle arm. Locations for the middle arm require two adjoining backs. Middle arms are not available between two separate units.

The middle arm is ordered as a separate line item option and pricing is listed on page 484.1. Optional middle arms must be factory installed.

### Important Upholstery Information

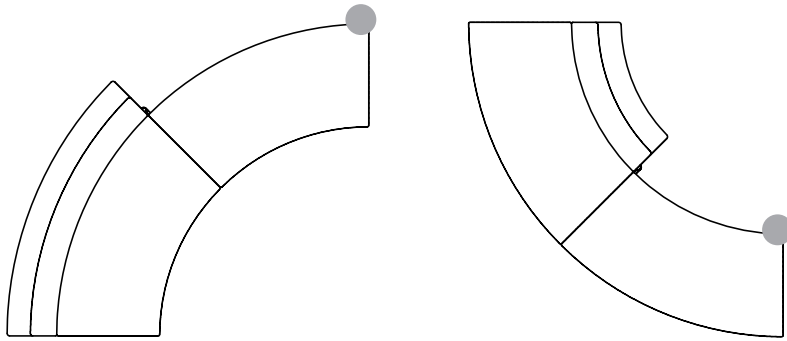

To reduce the number of seams and to achieve a clean look, **Railroaded** off the roll application is standard for Ziva. Line art and pricing for Ziva reflects railroaded fabric. **Due to the size of Ziva and minimal seams, patterned fabrics with the nap (side to side), and leather are not recommended.**

JSI strives to achieve customer satisfaction, therefore requests for patterned fabrics, with a nap application, and leather will be reviewed on a case by case basis. Fill out the sample form on the next page and contact Customer Service. Additional fabric yardage may be required and will be the customer's responsibility. The customer may also be asked to approve additional seaming. Other additional charges may apply. If a patterned fabric is specified, JSI does not guarantee matching at seams.

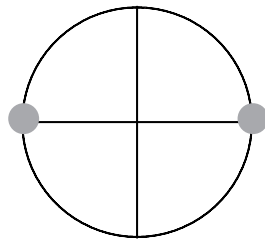

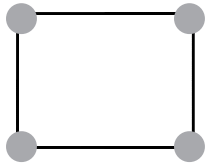

### Standard Seaming

The back and seat are upholstered separately and therefore will have no joining seams, only tailoring seams as per the product design. Shown below are examples of seams required to join the fabric on the seat and surround. (marked with a ●)

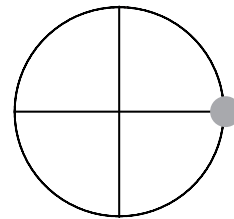

The seat seam is hidden on freestanding and modular units with full backs. Partial back modular units have seaming on the bench section on the same side as the back.

Benches (freestanding and modular) and ottomans have tailoring seams to align with the feet on the seat platform.

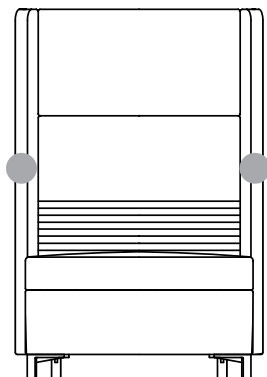

48" and 42"

36"

Privacy Surround will have a fabric joining seam on the front band of surround.

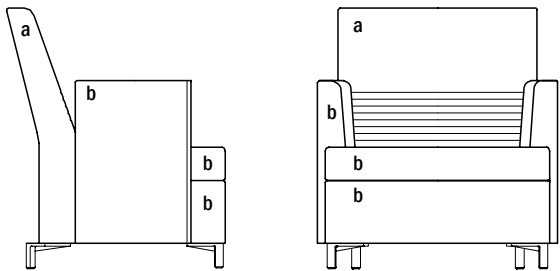

Seating Material Options

This form must accompany order when specifying contrasting or complementary upholstery.
