Product Environmental Profile – Sonata™

This information applies to the Sonata Product Line.

Environmental Attributes

Product Category	— Casegoods: modular
Certifications	— level® 2 certified to ANSI/BIFMA e3 standard
LEED Contribution	— Recycled content — Regional materials — Sustainable purchasing — Furniture & medical furnishings
Environmental Facts	— up to 45% recyclable — up to 80% recycled content

Recycled Content Summary

Group # - Model(s)	Total Weight (lbs)	Recycled Content (lbs and %)		Post Consumer (lbs and %)		Pre Consumer (lbs and %)		Recyclability (lbs and %)	
1- Nurse Servers	239.0	183.8	77%	3.9	2%	179.0	75%	25.1	11%
2 - Islands	87.5	62.9	72%	1.4	2%	61.5	70%	14.4	16%
3 -Benches	66.3	39.9	60%	0.2	0%	39.8	60%	17.4	26%
4 - Media Units	96.0	76.5	80%	0.6	1%	75.9	79%	6.9	7%
5 - Wardrobes	73.9	56.3	76%	0.6	1%	55.7	75%	5.5	7%
6 - Bases	15.8	9.3	59%	1.1	7%	8.3	52%	7.1	45%

Disclaimer

Numbers may vary for the model and options selected. Calculations based on Sonata™ of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Steelcase HEALTH Product Environmental Profile – Sonata™

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	post-consumer + ½ pre-consumer Nurse Servers (2%) + (75%) = 39.3% Islands (2%) + (70%) = 36.7% Hinged-top Bench (0%) + (60%) = 30.2% Media Units (1%) + (79%) = 40.2% Wardrobes (1%) + (75%) = 38.6% Bases (7%) + (52%) = 32.9%
	Materials & Resources	MR 5 (regional materials)	Sonata™ is assembled in Grand Rapids, MI. Projects ≤ 500 miles from these locations qualify.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	See MR 4 above
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	
LEED for Healthcare	Materials & Resources	MR 5 (furniture and medical furnishings)	May contribute toward 1 point awarded for 30% or 2 points for 40% total value of freestanding furniture and medical furnishings because it meets one or more of the three options for this credit . **OPTION 3 -** Sustainably Sourced Material Criteria (per MR Credit 3) •Recycled Content value is determined by multiplying the recycled content percentage by the cost of the assembly. The recycled content percentage is: see MR 4 above **or** •The value of all materials assembled locally within 500 miles of the project site is included. Sonata™ is assembled in Grand Rapids, MI. ***Note: MR Credit 3 defines the sustainability criteria for use in MR Credit 5. To avoid double counting, furniture and medical furnishings contribute to MR Credit 5 and <u>not</u> MR Credit 3.***

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
