WIDE RANGE OF MOTION

Backrest operates independent of the footrest and features infinite stops. This gives users the ultimate flexibility to select the best position – from upright to fully reclined for sleeping.

A BETTER EXPERIENCE

A range of options increase comfort and capability, including casters or wood legs, push bar, heat and massage, a pull-out footrest, tablet arm, IV pole holder and drainage bag hanger.

SAFETY AND SUPPORT

Arm caps in wood or plastisol feature an overhang for easy grip. Footrest is scalloped to prevent feet from slipping when reclined and to ease exit when the recliner is closed.

STATEMENT OF LINE

Recliner

DIMENSIONS
