Who said technology needed to be boring? Prime LED brings a stylish, clean look and delivers 25% up-light for a pleasant brightness on the ceiling.

Prime LED offers three lumen output options and can be used either as a decorative glowing object or for task lighting in lower ceilings.

Its specially designed satin acrylic diffuser provides beautiful, well balanced light in both the wedge and round lens versions. An elegant cast spacer joins 4 ft. sections of lens and creates rhythm throughout longer runs.

Prime LED is offered in pendant, surface and wall mountings, and is ADA compliant.

ELECTRICAL LED

Use of OptimaLED technology based on mid-flux LED

Input Voltage

120V, 277V, UNV.

Driver

Dimming, HiLume, EcoSystem, DALI,

CRI

Minimum 80 color rendering index

CCT

Choice of 3000k, 3500k and 4000k color temperature with a great color consistency (within 3.5-step MacAdam ellipse).

LED life

Minimum 50,000h with 70% of lumen maintenance in 25°C ambient temperature, in compliance with IES LM-80 testing measurements.

Thermal management

Aluminium housing acting as the heat spreader to maximize life.

Emergency

Emergency battery pack or emergency circuit optional.
