Not available with 347V Please consult factory	(5) Requires 120V or 277V	(6) For flush option only; Please consult factory (7) Please consult factory Specify quantity. Requires 7" blank See integrated controls guide for more details.	Please specify

Geometric Lighting

The Ceiling is Your Canvas.

Developed by Axis, Geometric Lighting lets you choose from a palette of light forms to create an infinite number of lighting configurations, regardless of ceiling or mounting type. Sculpt is the first luminaire family engineered by Axis to provide Geometric Lighting, in addition to standard linear lighting.

Geometric Lighting Benefits

- Freedom from traditional illuminated ceiling footprints.
- Drag and drop design enabling never-before-seen patterns.
- Traces of light resulting in a smaller footprint (negative space).
- A cleaner ceiling appearance through patent-pending technology.
- No performance trade-offs.

An Exclusive Palette of Geometric Lighting Ceiling Kits RECESSED • PENDANT • SURFACE

Ceiling Kit Features

- UL-listed
- Easy to specify – No complex shop drawings required
- Metric versions also available
- Illuminated corners and hairline joints
- Integrated driver
- Integrated MiniFlange (patent pending) enables use of a single T-bar in recessed applications.
- T-Aligner (**Patent Number: 9416535 B1**) offers a foolproof solution for aligning cut T-bars.
- Improved lighting control possibilities, including low-energy and layered illumination, through the use of sensors and multiple drivers to put light where you need it, when you need it.

● LED SYSTEM

CRI	Minimum 80 or 90 color rendering index
CCT	Choice of 3000K, 3500K and 4000K color temperature with a great color consistency (within 3.0-step MacAdam ellipse).
LED life	Minimum 50,000h with 85% of lumen maintenance in 25°C ambient temperature, in compliance with IES LM-80 testing measurements.
Thermal Management	Aluminum housing acting as the heat sink to maximize life.

● CONSTRUCTION

Housing	Extruded aluminum (0.080" nominal) up to
End Cap	Die cast aluminum
Interior Brackets	Die formed sheet steel (20 gauge)
Reflectors	White powder coated sheet steel (22 gauge)
Lenses	Extruded acrylic (0.060" nominal) - injection moulded
Hanger	Die cast aluminum
Suspension	Sliding aircraft cable along product length
Cable Grips	Quick connecting / release

● ELECTRICAL

Lutron driver*	LDE1 - EcoSystem H-Series (1%) LDE5 - EcoSystem 5-Series (5%) LTE - Hi-Lume® A-series 2Wires Forward Phase (1%) *Consult factory
-----------------------	-------------------------------------------------------------------------------------------------------------------------------------------

Other drivers	DALI - Digital Addressable Lighting Interface DMX - Digital Multiplex LV - line voltage - Advance Mark 10 Xitanium SR - For wireless sensor
Emergency	Integral emergency battery pack or emergency circuit optional.

Input Voltage 120V, 277V, 347V, UNV.

i Incorporating these components may have limitations or affect the length of the luminaire. Please contact factory for more details.

● WARRANTY

Axis lighting will warrant defective LEDs, boards, and drivers for 5 years from date of purchase. Warranty is valid if luminaire is installed and used according to specifications. If defective, Axis will send replacement boards or drivers at no cost along with detailed replacement instructions and instructions on how to return defective components to Axis.

● WEIGHT

Indirect 4 ft	8 lbs / 3.6 kg
Indirect 8 ft	16 lbs / 7.3 kg
Indirect 12 ft	24 lbs / 10.9 kg

● FINISH

Aluminum paint, powder coated and custom finishes are also available.

● JOINERS

In order to allow very long runs of SCULPT luminaires, Axis has developed an effective joining system. Special care has been taken to maximize the performance of the joiner for each SCULPT option.

NOTE: Mount each system segment individually. Do not assemble system prior to mounting.

i Allow a minimum of 6" between end of long runs and vertical wall

● APPROVALS

Certified to UL and CSA standards  
Suitable for damp locations.

● SYSTEM (S#)

SCULPT linear systems, with the use of a strong profile, allow for a nearly hair thin connection system of continuous runs. Lengths of 4', 8', 12' as well as custom lengths are available. Runs of SCULPT that are greater than 12' in length are designated as systems (S#). This means that the run is comprised of a combination of 4', 8' and/or 12' sections to be assembled on site using our joining system. For more information on systems and joining.

● CORNERS

i For custom corner, please consult factory.
Specifications sheets for all corners are available at: www.axislighting.com

● OTHER MOUNTING OPTIONS

SCULPT LED is also available with surface recessed and recessed vertical mounted options.

i Specification sheets and Installation sheets for all mounting for SCULPT luminaires are available for download at www.axislighting.com
