

Alfa

Alfa è il risultato di un incontro volutamente fortuito, poiché nulla nasce per caso.

Alfa è una scommessa nata da uno scambio di idee e, soprattutto, di ideali.

Alfa è il risultato dell'unione che fa la forza e della passione che ne determina la giusta direzione.

Nella genesi di Alfa c'è un po' di noi, un po' di voi. Un po' di tutti quelli coloro che scommettono sulla linea e non sul segmento, sul gruppo e non sul singolo, sul futuro e non sul passato.

Veniamo tutti da porti diversi ma, ogni giorno, quando tramonta il sole e i sogni si vestono di vero, prendiamo la stessa nave, poiché è l'unica nave che porta altrove.

ALFA segna l'inizio di un viaggio collettivo. Quando vivi troppo a lungo in un luogo o in te stesso, non osservi più nulla e svisceri ogni colore e sfumatura, disintegrando ogni stupore.

Noi viaggiamo per meravigliarci ancora. Per stupirci che persone comuni possano ottenere risultati non comuni quando in un gruppo batte lo stesso cuore.

Questa è ALFA. *This is Alfa.*

Alfa is the result of a deliberate chance meeting, because nothing is borne of coincidence.

Alfa is a gamble rooted in an exchange of ideas and, above all, of ideals.

Alfa is the result of strength in a union and passion determining direction.

The birth of Alfa encompasses a little bit of us, a little bit of you, and a little bit of who take a chance on the line and not the item, the group and not on the individual, on the future and not the past.

We may all come from different ports but, when the sun sets and dreams are dressed in truth, we board the same ship, because it is the only ship that leads elsewhere.

ALFA marks the beginning of a collective journey. Living in a place or within oneself for too long, one loses the ability to observe and no longer sees the value of color and nuance, in this way impairing wonder.

We travel in order to be astonished, to be amazed that ordinary people can achieve the extraordinary when their hearts beat as one.

Questa è ALFA. This is Alfa.
