HAWORTH®

Interact in Comfort

Maari was influenced by our knowledge of seat and back contours, and Patricia Urquiola's design vision. The shell cradles you with distraction-free comfort in a warm aesthetic that makes you feel at home. Swiveling 4-star base chairs support active seated postures where people meet—from small private spaces to group environments.

Features

With its mix of materials and tactile softness, Maari artfully blends beauty, form, and function. The statement of line is rooted in a one-piece, textured, molded shell that is the same for all chairs for simplicity of specification. Combine 4-star base chairs with 5-star, wood base, 4-leg, and sled base chairs and stools to accommodate diverse seating needs within one product family.

Gentle, rounded shape – Complements other products in the Haworth portfolio.

Wide seat and back – Designed with a built-in level of support to accommodate a broader range of users.

Optional upholstered seat and back pad – Offers additional comfort for longer periods of sitting, as well as aesthetic detail.

Available with or without arms – Enables a variety of workstyles; arms provide upper body support.

360° of rotation, with glides – Supports interactive activities throughout the day.

For common areas and small meeting spaces where impromptu gatherings occur; also guest seating in private or semi-private office settings. To see the complete statement of line, refer to Maari Details.
