

HAWORTH

Training & Multipurpose Tables

Jive

For dynamic applications where learning occurs, Jive® training and multipurpose tables are easy to move and reconfigure. A range of top shapes, sizes, and bases offer design freedom and comfortable solutions to help people stay focused and engaged.

Features

- Four top shapes with edgeband or knife edge available in high-pressure laminate or premium veneer
- Three fixed-heights available, depending on selected top and base
- Generous knee clearance provided by both the C-leg (with 24" or 30" depth) and T-leg (with 18", 24", 30", or 36" depth) bases
- Optional flip-top on rectangular worksurfaces has one-handed operation to store tables easily
- Optional casters and glides have leveling capability for top alignment
- Bases available in all Haworth standard paint colors

Certifications/Accolades

- GREENGUARD® certified
- FSC® certified
- ISO 14001 certified
