

A modern office interior featuring a complex, multi-level ceiling design. The ceiling is composed of white, angular panels with integrated linear LED lighting. The office space below includes desks, computers, and people working. Large windows on the left side provide a view of the outdoors. The overall aesthetic is clean, minimalist, and professional.

USG ENSEMBLE[®]

Acoustical Drywall Ceiling

USG  **CGC**
IT'S YOUR WORLD. BUILD IT.™

The USG Ensemble® Acoustical Drywall Ceiling system is a breakthrough solution that delivers the ideal combination of seamless design and excellent acoustical performance. New innovations across USG technologies in drywall, finishing and acoustical systems come together in one system giving more options for what a ceiling can do, especially in high-end applications.
