Rockwell Unscripted® Library Table Rockwell Group

ROCKWELL UNSCRIPTED LIBRARY TABLE is the ultimate communal table to anchor a collective experience-whether reading room, canteen, or theater-in-the-round. The warm expression of wood and welcoming curved and tapered touchpoints bring hospitality and an approachable vibe to the workplace. Library tables serve as a creative platform, as the invitation to gather round, disband and focus, and come back together again—all in the span of a day.
