HEWI Surfaces

XA	stainless steel mat		
	brass mat		
	copper mat		
	black chrome mat		

* HEWI Polyamide colours | matt edition

The colour values of LRV, RAL design, RAL standard and NCS colour sample refer to surfaces made of polished polyamide. For matt surfaces (matt edition) there may be deviations.

HEWI Colours compared with RAL and NCS

HEWI Colours have been classified by RAL and NCS and allocated the nearest possible colour classification. Identical colours do not exist in the RAL and NCS systems. In cases where HEWI colours and the colour classification differ too greatly, no classification appears in the table. **Personal colour comparison should still be performed.** Due to printing process colours shown may differ slightly from the product.

Surfaces and material combinations

System 900

Example

Material and colour coding
Explanation

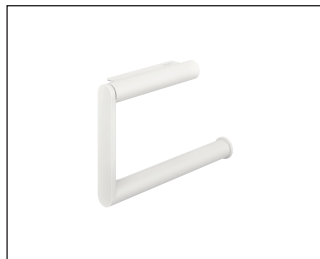

Surfaces

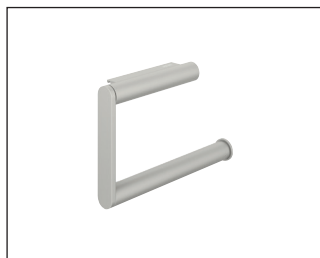

....XA
· stainless steel mat

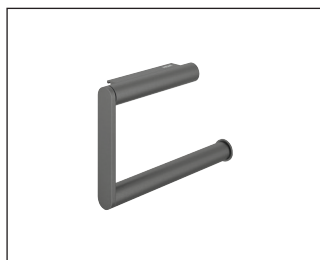

....40
· stainless steel polished

....60 DX
· stainless steel powder-coated
in matt white

....60 AY
· stainless steel powder-coated
in matt light grey pearl mica

....60 SC
· stainless steel powder-coated
in dark grey pearl mica

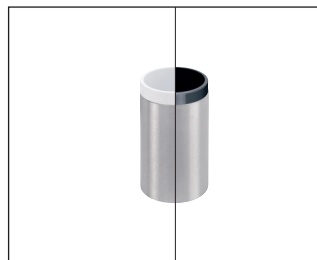

....60 DC
· stainless steel powder-coated
in matt black

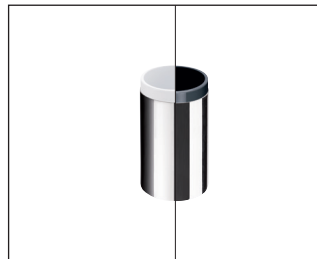

Example

Material and colour coding
Explanation

... with material combination polyamide/synthetic material

....XA 98 or 92
· stainless steel mat
· polished polyamide in HEWI
colours 98 (signal white) or
92 (anthracite grey)

....40 98 or 92
· stainless steel polished
· polished polyamide in HEWI
colours 98 (signal white) or
92 (anthracite grey)

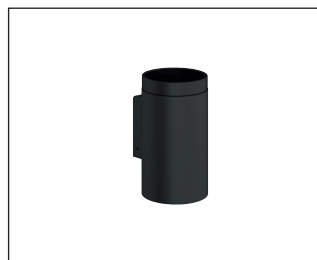

....60 AS
· stainless steel powder-coated
in matt white
· polyamide/synthetic material
in matt white

....60 AX
· stainless steel powder-coated
in matt light grey pearl mica
· polyamide/synthetic material
in matt white

....60 CD
· stainless steel powder-coated
in dark grey pearl mica
· polyamide/synthetic material
in matt white

....60 CV
· stainless steel powder-coated
in matt black
· polyamide/synthetic material
in matt black

Example

Material and colour coding
Explanation

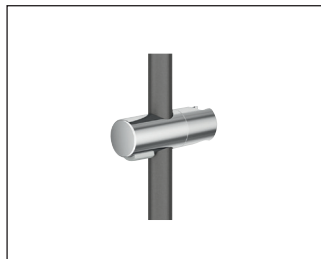

... with material combination chrome

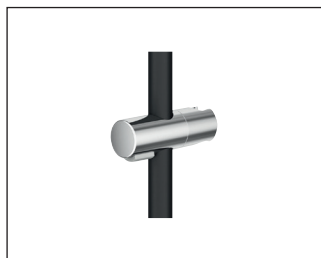

....60 WD
· stainless steel powder-coated
in matt white and chrome

....60 CT
· stainless steel powder-coated
in matt light grey pearl mica
and chrome

....60 DD
· stainless steel powder-coated
in dark grey pearl mica and chrome

....60 JK
· stainless steel powder-coated
in matt black and chrome

....60 JK
· metal powder-coated in
matt black and chrome

....60 VR
· metal powder-coated in
high-gloss white and chrome

Example

Material and colour coding
Explanation

Material combination for hanging seats

....60 AS
· stainless steel powder-coated
in matt white
· matt white synthetic material

....60 AF
· stainless steel powder-coated
in matt anthracite
· matt anthracite synthetic material

....60 CV
· stainless steel powder-coated
in matt black
· matt black synthetic material
