Luminous Stair Tread

The luminous stair tread is a rubber, slip-resistant floor covering that is intended to increase safety conditions and visibility in stairwells. The luminous tread comes in two sizes — 4 foot and 6 foot.

Features & Benefits

- Slip resistance for increased safety
- Mask substrate irregularities
- Available on GSA Contract
- FloorScore Certified
- 1 Year Commercial Limited Warranty
- Lights up when stairwell becomes dark, allowing pathway to outside in emergency situation

Suggested Applications

Commercial Stairwell
