### ● CORNER FEATURES

The corner system allows Pose<sup>™</sup> to be built into L-shaped patterns.

A non-illuminated corner element easily joins individual lengths of Pose<sup>™</sup> luminaires for a seamless look.

Choose the Wall Right Angle mount to connect luminaires from wall to wall, with either an inside or outside corner. Or build L-shaped patterns on a single wall surface with Wall Flat mount or Wall Step mount.

**IMPORTANT:** Provide sketches to illustrate the pattern, mounting location, and luminaire lengths.
