BASS COLLECTION

busk + hertzog

The BASS design consists of a small, medium and large lounge seating – simple as that. All of them being extremely compact in their design and therefore very efficient when used in interior projects where space is at a premium.

Even though its design is minimalistic and free of any unnecessary details BASS has its own distinct design, which is both dynamic and sleek with clean lines. The seating angle – giving BASS the comfortable feeling of a deep lounge chair – is applied by tilting the chair whereby the unique and distinct profile originates.

BASS rests on the simple yet elegant tubular base and spans the depth of the piece which further emphasizes the clean, tailored angular lines of this simple yet sophisticated lounge collection.

The BASS High Back version featuring high back and sides, and ultra comfortable seating that offers instant privacy within an open space. This design is exceptional in hotel lobbies, corporate lounge, libraries, or any environment where you need more privacy than a typical lounge grouping offers.

			Height	Width	Depth
<b>BASS Low Back</b>					
Small Lounge Chair 12011			26.5"	27"	29"
Large Lounge Chair 12012			26.5"	32"	29"
2 Seater Sofa 12013			26.5"	59"	29"
3 Seater Sofa 12014			26.5"	82"	29"
<b>BASS High Back</b>					
2 Seater Sofa 12022			48.4"	59"	29"
3 Seater Sofa 12023			48.4"	82"	29"

## BASS COLLECTION

busk + hertzog

BASS 2 Seater Sofa

BASS is a square minimalistic armchair and sofa that can be used for almost any interior design project, whether in a contemporary or traditional setting, for a public space or an executive office, BASS offers classic styling but with its own identity and characteristic.

BASS 3 Seater Sofa

BASS High Back 3 Seater Sofa

The BASS design consists of a small, medium and large lounge seating – simple as that.
