

Nabu™ Side Chair
BandDesign

The Nabu™ side chair is a comfortable, elegant chair. At a competitive price, it is the perfect fit for today's boardrooms and conference rooms, private offices or as a visitor chair. Combining contemporary design with the advantages of innovative mesh fabric, Nabu™ side chair conforms to the shape of each individual to minimize pressure points and increase airflow. The flexible, breathable backrest creates comfort for periods of extended sitting.

The Nabu™ side chair is easily paired with the Nabu™ conference chair to create a thoughtful and cohesive aesthetic throughout any environment. Nabu™ side chair's slender profile fits nicely in any office environment, it is very simple but still generous in it's proportions. In modern or classic surroundings Nabu™ Collection exceeds all expectations for comfort durability and value.
