

Jackal Stool  
Fig40

Jackal Stool  
Fig40

The Jackal is a counter height, stacking stool with a molded 3d veneer seat and solid stainless steel wire base. Thanks to its simple form, this stacking chair has a light and slim silhouette. The overall simplicity of the Jackal design combined with organic shapes and finishes allows for this chair to be easily adapted to a variety of different interior concepts. This sleek and contemporary design is perfect for modern offices that exude a casual chic vibe.

Available with and without upholstered seat cushion.

**Seat Finish:** beech veneer, natural or stained to any standard Nienkamper finishes

**Frame Finish:** brushed stainless steel, powder coat satin black
