## FOREWORD

---

### **Vox® Circulation - Reception Desks**

Library Circulation and Corporate Reception environments demand flexible design solutions that can provide multi-function, task driven and beautiful furniture. The Vox Circulation/Reception™ Desk addresses these needs with a kit of parts design philosophy that offers the designer a wealth of components and features to resolve any of these requirements.

Components in a range of sizes can be joined together in unlimited configurations for unique appearances with clean edges and contrasting surfaces. Carefully engineered height adjustable work surfaces and mobile storage elements add to the design possibilities.

It is the most comprehensive product on the market with unprecedented functionality; a range of aesthetic possibilities and the ability to be constructed on any scale.

The Vox Circulation/Reception Desk ensures that the work environment is as productive as it is beautiful.

# VOX® CIRCULATION-RECEPTION DESK – FEATURES

DESIGN - MARK MULLER

---

The Vox Circulation desk design is based on a series of carefully engineered components that are both versatile and comprehensive. They can be incorporated into a variety of configurations that are suitable for Library Circulation, Reference and Information style desks constructed to any scale.

Refer to pages 5 - 8 for illustrated number references **(1)** to **(14)**.

## Support Structure

The design begins with two rectangular aluminum extrusions that are joined together along with two 3/8" thick panels to make up the base assembly **(1)**. Easily accessible levelers within the base assembly include 21/2" of adjustment.

When the bases are attached at right angles to vertical/modesty panels (3/4" thick) they provide the main under-structure of the desk.

Components are held together with a simple but ingenious connector system that allows for quick and easy assembly of all of the components on site **(2)**.

Vertical/modesty panels **(3)** are available in the full range of Nienkämper surfaces and finishes found on pages 9-11.

## Tops

Top surfaces are 11/4" thick with a standard depth of 32". Top surfaces are standard with a 2" wide "Tapered Edge" or profiled "Facet Edge" or "Self Edged" **(4)**.

Raised gallery tops are also 11/4" thick with a standard depth of 16" **(5)**. Gallery tops are supported by an extruded aluminum profile that also includes an integrated gallery screen **(6)**.

Primary tops, Gallery tops and Screens can be made of any of the standard Nienkämper surfaces and finishes found on pages 9-11.

Optional cultured quartz stone (Caesar Stone) is also available for top surfaces. Other stones and some special materials may be utilized – Contact Nienkämper customer service at 1 800 668 9318 for suitability.

## Screens

In addition to gallery screens that are incorporated into gallery top supports (6), independent and freestanding privacy screens are also available **(7)**. These surface mounted screens are supported with slim extruded brackets that clamp the screen panel to the work surface **(8)**. This method of attachment allows the screens to be positioned virtually anywhere on a top surface. Both screen types are available in the full range of Nienkämper surfaces and finishes found on pages 9-11. Screens are also available in a number of glass options that can be found on page 13.

## Height adjustable elements

Desk sections are also available with a height adjustable feature **(9)**. This option integrates a pair of gear driven height adjusting legs into the base assemblies that operates by an electrical motor and control system **(10)**. The simple up/down control unit is positioned under the front edge of the top for adjustment of the work-surface. The sit/stand height range is from 29" to 49" tall. Top sizes are limited to a maximum of 66" wide by 32" deep, see page 20.

# VOX® CIRCULATION-RECEPTION DESK – FEATURES

DESIGN - MARK MULLER

---

## Storage Elements

A range of portable storage pedestals **(11)** are available that include both storage and file interiors, listed on page 22-23. Page 21 describes file storage capacity and page 24 pull styles available. All storage pedestals are available in the full range of Nienkämper surfaces and finishes found on pages 9-11.

## Grommets

Three different options are available for access through the desk top (13). See page 14 for specific details.

i A plastic grommet rectangular in shape - 2" x 4" Available in three colours.

ii An aluminum grommet rectangular in shape, installed flush to the top – 2 1/4" x 5" Finished in anodized aluminum.

iii A large aluminum cable access port allowing connections to be made from the top of the desk – 6" x 8".

## Power/Voice-Data

The Vox® Power Channel™ is a power, data-voice distribution system (12) that provides connections for all library related connectivity that is easily accessed in a divided aluminum channel 5 1/4" H x 2 1/4" D.

The Vox® Power Channel™ arrives completely wired with a range of electrical options that include multiple electric outlets. Standard 3 or optional 4 circuit systems with corresponding numbered receptacles that allow ease of circuit selection or reconfiguring after installation.

All major data manufacturers' jacks are fully integrated into plastic bezel mounted faceplates. Three positions are standard in each bezel with Amp Cat 6 data, Amp Cat 5E voice and one single blank position for expansion.

All Vox® Power Channel™ users can easily connect to the system through optional grommets or the desk top access port that is repositioned flush to the worktop concealing all connections.

See pages 16-17 for Vox Power Channel features and options.

## Wire Management

Three wire management features are available with the desk. A 12"L x 4" W x 1" H section of black plastic multi-channel extrusion is provided with all desk elements.

This extrusion is self adhesive and intended to be positioned as the user needs under the work-surfaces (page 18). Additionally a grey plastic "J"-channel extrusion 4" W x 4" D is provided for mounting onto the interior of all modesty panels (14). This channel is precut to fit between the vertical legs of the desk and positioned just below the work-surface. A floor mounted cable manager "Power Bridge" is intended to protect and cover cables that may need to be placed in high traffic areas (5/8" x 6 1/8"). Wire managers can be found on page 18.

## Book Drop

A book drop feature can be added to any work-surface. The 3 1/2" W x 12" L slot is framed on the two long sides with an aluminum strip to prevent excessive wear along the edges of the hole. A book drop cart is also available in a scale that can be accommodated below the work-surface. See page 15 for book drop details

## 

All wood surfaces are protected with a durable polyurethane clear laquer with UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional 10 and 35 degree sheen levels are available on request at no additional cost.

| Wood Species              | Order Code | Veneer/Stain  | Upcharge                           |

### 

Nienkamper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.

Facet Edge, Taper edge and Flowform edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

## P-LAM

### Wood grain plastic laminate surfaces are available on table tops with Facet and Taper edges.

These tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen.

Nienkämper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the order code with the model number to make these selections. Alternatively wood grain plastic laminates selected outside of Nienkämper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order. Note: for Facet edge tops the laminate must be a post-forming grade.

| Wood Grain Plastic Laminate Surfaces | Order Code | Manufacturer #     | Finish              |
|--------------------------------------|------------|--------------------|---------------------|
| Champagne Sagawood                   | WL1        | Nevamar WM8349T    | Textured            |
| Hardrock Maple                       | WL2        | Pionite WM791-SD   | Textured/Suede      |
| Amber Curly Maple                    | WL3        | Pionite WM221-SD   | Textured/Suede      |
| Anagre                               | WL4        | Pionite WX041-SD   | Textured/Suede      |
| Monticello Maple                     | WL5        | Wilsonart 7925-38  | Fine Velvet Texture |
| Millwork Cherry                      | WL7        | Pionite WC431PV    | PV-Polished Velvet  |
| Figured Anagre                       | WL8        | Formica7284-58     | Matte               |
| Huntington Maple                     | WL9        | Wilsonart 7929-38  | Fine Velvet Texture |
| Wild Cherry                          | WL10       | Formica 5904.43    | Artisan             |
| Amber Cherry                         | WL11       | Wilsonart 7919.38  | Fine Velvet Texture |
| Figured Mahogany                     | WL12       | Wilsonart 7040A-60 | Matte               |
| Fusion Maple                         | WL13       | Wilsonart 7909-78  | Fine Grain          |
| New Age Oak                          | WL14       | Wilsonart 7938-78  | Fine Grain          |
| Natural Pear                         | WL15       | Wilsonart 7061-78  | Fine Grain          |
| Tuscan Walnut                        | WL16       | Wilsonart 7921-78  | Fine Grain          |
| Nepal Teak                           | WL17       | Wilsonart 7209-78  | Fine Grain          |
| Wild Cherry                          | WL18       | Wilsonart 7054-78  | Fine Grani          |
| River Cherry                         | WL19       | Wilsonart 7937-78  | Fine Grain          |
| Montana Walnut                       | WL20       | Wilsonart 7110-78  | Fine Grain          |
| Sanara                               | WL21       | Wilsonart 7932-78  | Fine Grain          |
| Windsor Mahogany                     | WL22       | Wilsonart 7039-78  | Fine Grain          |
| Williamsburg Cherry                  | WL23       | Wilsonart 7936-78  | Fine Grain          |
| Florence Walnut                      | WL25       | Wilsonart 7993-78  | Fine Grain          |
| Skyline Walnut                       | WL26       | Wilsonart 7964K-12 | Soft Grain          |
| Sterling Ash                         | WL27       | Wilsonart 7995-78  | Fine Grain          |

To specify the wood grain laminate required simply add the Order Code WL\_ to the model number of the product.

Wood grain laminate samples are available from your local sales representative or by calling Nienkämper's customer service department at 1-800-668-9318.

### Standard Edge Profiles Available

Note: Facet edge tops are available in veneer or laminate only.

Taper Edge "TE"

Facet Edge "FE"

Self Edge "SE"

P-LAM

COLOURED P-LAM

Both Taper and Facet edge profiles are available with a colored laminate top.

**Laminate edging on Taper tops.** Edging will match the top surface and is applied prior to the surface laminate. By applying the laminate in this way the seam is positioned horizontally, is much less conspicuous as well as more durable.

**Wood edging** on Facet and Taper Edge tops is applied prior to the laminate. By applying the wood edge in this way the thickness of the wood edge is concealed, while providing the durability required. Wood species and finishes for edging, can be selected from page 4.

For laminates specified outside of Nienkämper’s standard selection, specify the manufacturer as well as the description and model number of the laminate selected at time of order. For Facet edge tops, the laminate must be a post forming grade.

**Translucent edging** on Taper edge tops is applied after the surface laminate. The translucent edge is very durable. Clear translucent edge provides a good match with most white colored laminates, while silver translucent edge provides a metallic look and contrast to colored plastic laminates.

Taper edge in clear translucent with white P-Lam top

| Coloured Plastic Laminates Surface             | Order Code | Manufacturer #    | Finish         |
|--|------------|-------------------|----------------|
| Grey (Nienkamper - Light Grey/Putty)           | CL-01      | Wilsonart 1500-60 | Matte          |
| Plantinum Gray (Nienkamper - Medium Grey/Clay) | CL-02      | Nevamar S6023T    | Textured       |
| Slate Grey (Nienkamper - Dark Grey)            | CL-03      | Wilsonart D91-60  | Matte          |
| Black  | CL-04      | Wilsonart 1595-60 | Matte          |
| Angel White                                    | CL-05      | Pionite SW-826SD  | Textured/Suede |
| Frosty White                                   | CL-06      | Wilsonart 1573-60 | Matte          |
| White (for writable surface)                   | CL-07      | Formica 949-90    | Gloss          |

Add the order code behind the edge profile when specifying.

Desk screens are available in two distinct design configurations for any Vox Circulation Desk.

1. Gallery screens that are located below gallery tops and include aluminum gallery top supports
2. Independent privacy screens with no top that include aluminum mounting clips

### Gallery Screens

Available in all of the standard Nienkämper laminates, veneers and glass surfaces gallery screens offer a wide range of aesthetic and practical options. The screens are inserted into the grooves that are located on the sides of the aluminum gallery supports.

Raised gallery tops are 1 1/4" thick with a standard depth of 16". Gallery tops are supported by an extruded aluminum profile that includes an integrated gallery screen.

Laminate (page 11)

Veneer (page 10)

Glass (page 14)

### Privacy Screens

Privacy screens are independent and freestanding screens that are surface mounted and supported with slim extruded brackets that clamp the screen panel to the work surface. Available in all of the standard Nienkämper laminates, veneers and glass surfaces these privacy screens offer a wide range of aesthetic and practical options.

This method of attachment allows these screens to be positioned virtually anywhere along a top surface.

## VOX<sup>®</sup> CIRCULATION-RECEPTION DESK – GLASS SURFACES

---

Optional glass surfaces can be specified for both Gallery Screens and Privacy Screens on page 12. The following detailed descriptions are provided for specifying these optional glass surfaces. Finished and exposed edges of glass are referred to as "Flat Polished Edge". Flat polished edges include a small chamfer on both edges of the sheet.

**RG – Regular Glass or Float Glass** is the standard glass used in most applications. Float glass is available in a wide range of thicknesses for a variety of applications. Its slight green colour is amplified as the thicknesses increase.

**LIG – Low Iron Glass** is sometimes referred to as crystal glass, star-fire glass or clear glass. It is unique because of the absence of any green colour like that found in regular float glass. It is a true clear glass that is the result of the elimination of iron during the manufacturing process.

**T – Tempered Glass** is required for most furniture applications. Four to five times stronger than regular glass, tempered glass is made by heating and cooling thereby preventing it from breaking into sharp shards when it fails. All Nienkämper glass is either tempered or laminated for safety.

**E – Etched Glass** refers to a chemical etching process that provides a smooth but dulled surface finish that is translucent in appearance. One and or two sides of glass sheets may be etched depending on the application.

**LG – Laminated Glass** is a process where thin layers of clear polyvinyl film are laminated between two sheets of glass. Like tempered glass laminated glass is a type of safety glass that keeps the layers of glass bonded even when broken.

**CLG – Coloured Laminated Glass** is identical to the process used when making regular laminated glass with some additional processes. Polyvinyl films are included in the interlayer that can produce a variety of effects like translucency,

# VOX<sup>®</sup> CIRCULATION-RECEPTION DESK – GROMMETS

## Standard Grommet

This large rectangular plastic grommet has capacity for the most demanding wire management needs. When not in use the hinged cover swings up to close the grommet. Overall dimension is 4" L x 2" W (Interior clearance – 35/8" L x 15/8" W).

Available in three colours to coordinate with a variety of top finishes

| Model Number | Colour    | List Price |
|--------------|-----------|------------|
| 70286        | Black     | 60         |
| 70287        | Cool Grey | 60         |
| 70288        | Warm Grey | 60         |

## Aluminum Grommet

A high quality grommet option that can be finished in the same anodized aluminum colours as the rest of the desk. These grommets offer a nice contrast to any top surface and are built to withstand many years of use. Made of a heavy gauge aluminum extrusion with a large access hole. Covers will not pull out during use. Overall dimension is 51/4" L x 21/4" W (Interior clearance – 43/4" L X 21/4" W).

| Model Number | Colour   | List Price |
|--------------|----------|------------|
| 70277        | Anodized | 290        |

## Aluminum Power Channel Access Port

A large desk top access port that can be finished in anodized colours to match the rest of the desk. Specified when regular access is required in a desktop to power/data/voice elements below. This simple component allows users to easily remove the cover and immediately identify the connections required from a position above the work-surface (when being used with Vox Power Channel). A large slot along the back edge of the port allows quantities of cables to be accommodated. There is sufficient room for the user to place a hand through the opening and connect or disconnect the required cables. Ideal for laptop computer use and made of heavy gauge aluminum, covers will not pull out during use. Overall dimension is 8" L x 5" W (Interior clearance – 43/4" L X 21/4" W).

| Model Number | Colour   | List Price |
|--------------|----------|------------|
| 70830        | Anodized | 565        |

VOX<sup>®</sup> CIRCULATION-RECEPTION DESK – BOOK DROP/BOOK CART

DESIGN – MARK MÜLLER

Vox Book Drop Slot

Any Vox desk can include a book drop slot that is incorporated in the top surface of the desk. The slot is 31/2" W x 12" L and framed on two sides with an aluminum strip. The purpose of the strip is to prevent excessive wear along the edges of the hole.

**Model Number**  
70280

**List Price**  
\$255

Vox Book Drop Cart

A book drop cart is also available 30" L x 18" W x 26" H. The cart can be finished in any of the standard Nienkämper finishes found on pages 9-11. Included with the cart are four commercial grade, non marking, lockable casters. A folding and flush mounted plastic handle is built into one side of the cart allowing for ease of movement. Book carts can be manufactured in a variety of sizes that can accommodate any scale of Vox Desk.

| Model Number | Finish   | List Price |
|--------------|----------|------------|
| 70285/5      | Laminate | 2,490      |
| 70285/2      | Veneer   | 2,845      |

# VOX<sup>®</sup> – POWER CHANNEL™

DESIGN – MARK MÜLLER

---

## Product description

Vox<sup>®</sup> Power Channel™ is a power distribution system introduced for Vox<sup>®</sup> Circulation-Reception Desks™. Connections for power, data, voice or any other related connectivity are easily accessed in a single divided channel that accommodates all necessary connections.

The Vox<sup>®</sup> Power Channel™ arrives completely cabled with a range of standard factory installed electrical options that include single or multiple electric outlets. A standard 3 or optional 4 circuit power system, which includes corresponding numbered receptacles that allow ease of circuit selection and reconfiguring after installation.

Amp Cat 6 jacks are standard for data connections with direct wiring/punch-down installed in the field. Bezel mounted faceplates allow alternative data manufacturers' jacks to be fully integrated into the co-extruded channel profile.

Vox<sup>®</sup> Power Channel™ users can easily connect to the system through the optional desk top Grommets or Access Port that is repositioned flush to the worktop concealing all connections.

Standard Vox Power Channel configuration 2-duplex receptacles, 1 Data, 1 Blank, 1 Voice

Vox Power Channel installed in the desk

DESIGN – MARK MÜLLER

## Vox<sup>®</sup> PowerChannel<sup>™</sup>

Vox<sup>®</sup> PowerChannel<sup>™</sup> is a new power distribution system introduced for Vox<sup>®</sup> OpenOffice<sup>™</sup>. Vox<sup>®</sup> PowerChannel<sup>™</sup> provides OpenOffice<sup>™</sup> tables or desks with connections for power, data, voice or any other workstation related connectivity that can be easily accessed in a single divided channel.

Vox<sup>®</sup> PowerChannel<sup>™</sup> arrives completely wired with a range of standard clustered connections that can be easily specified. A standard 3 or optional 4 circuit system, along with corresponding numbered receptacles allow ease of circuit selection or reconfiguring after installation.

All major data manufacturers' jacks are fully integrated into the co-extruded channel profile. Alternative connections can be easily accepted with plastic bezel mounted faceplates. (Refer to page 16-17 for PowerChannel<sup>™</sup> specifications and options)

**A** – 1-Duplex, No Data/Voice jacks, No blank positions available.

**B** – 1-Duplex, 2 Data/Voice jacks (2 amp cat 5E RJ 45),  
1 Blank position available

**D** – 3-Duplex, 2 Data/Voice jacks (2 amp cat 5E RJ 45),  
1 Blank position available

## Power and Circuit Selections

Power and circuit elements are based on a modular wiring system. Two options are available for power; a standard 5 wire/3 circuit or alternatively an 8 wire/4 circuit.

Each receptacle can be provided with its own circuit selection. Circuits are identified on the product with a small numerical indicator in the upper right hand corner of each receptacle. This system is flexible as receptacles may be changed on site to utilize alternative circuits.

To specify Vox<sup>®</sup> PowerChannel<sup>™</sup> components and circuits, contact Nienkämper customer service at 1-800-668-9318 for assistance.

## VOX® CIRCULATION-RECEPTION DESK – HEIGHT ADJUSTABLE ELEMENTS

DESIGN – MARK MÜLLER

The Vox Circulation-Reception desk is available with optional height adjustable tops that are useful in library or corporate settings where intermittent height adjustment is useful. An electrically controlled pair of gear driven legs are housed within the desk base assembly.

The simple up/down control unit is positioned under the front edge of the top for convenient adjustment of the work surface. Sit/stand range is from 29" to 49" tall. Top sizes are limited to a maximum of 66" wide x 32" deep. Height adjustment can also be integrated into curved elements.

Up/Down Control Unit

Height Adjustment Range 29" – 49" Tall.

**VOX® FILE STORAGE CAPACITY**

DESIGN - MARK MÜLLER

Vox storage pedestals accommodate both letter and legal size filing as described in the drawings shown. 18<sup>5</sup>/<sub>8</sub>" file drawers include a single file bar that can be used for letter files.

30" and 36" lateral file drawer interiors are manufactured with two solid dividers that can be repositioned to accommodate front to back filing of both letter and legal files. Note: only 36" wide lateral drawers can accommodate 2 rows of front to back legal files.

**SINGLE FILE INTERIOR FOR 15<sup>3</sup>/<sub>4</sub>" WIDE FILE PEDESTAL**

= 1.28 sq ft of filing

LEGAL FILES

LETTER FILES

**DRAWER SLIDES – CAPACITY**

The standard for drawer slides available on Vox®Office™ storage pedestals is a side mount slide. Slide capacity is as follows:

15<sup>3</sup>/<sub>4</sub>" and 18<sup>5</sup>/<sub>8</sub>" wide box and file drawer – 110 lbs.  
30" and 36" wide lateral file drawer – 150 lbs.

**SINGLE FILE INTERIOR FOR 18<sup>5</sup>/<sub>8</sub>" WIDE FILE PEDESTAL**

= 1.55 sq ft of filing

LEGAL FILES

LETTER FILES

**SINGLE FILE INTERIOR FOR 30" WIDE FILE PEDESTAL**

= 2.77 sq ft of filing

LEGAL FILES

LETTER FILES

**SINGLE FILE INTERIOR FOR 36" WIDE FILE PEDESTAL**

= 3.4 sq ft of filing

Note: only 36" wide lateral drawers can accommodate 2 rows of front to back legal files.

Vox® storage pedestals are available in a variety of sizes that accommodate door, box drawer and file drawer storage. The following movable options for these pedestals are available.

All cabinets are paint finish page 11 with fronts available in all standard veneers and finishes page 9.

## LOCKS

Movable storage units with drawers are standard with face locks that are located on the top right hand corner of the top drawer front.

If side mount locks are required as an alternative, they must be specified at time of order. Add \$90.00 list for each change to side mount lock.

Movable storage units with doors are NOT standard with locks. If locks are required, they are positioned in the top corner, opposite to the hinge. Add \$95.00 list per lock. Double doors are locked together with a single lock on the right hand door.

## DRAWER PULLS

Select drawer pull and code from page 24.

An integrated pencil drawer is included with all 1 box/1file pedestals.

- Vertical Grain Direction with Horizontal Stripes
- Solid Edge on Sides

## Style 6.5

- Contrasting Veneer or Stained Box
- Vertical Grain Direction with an Asymmetrical Horizontal Grain Box
- Solid Edge on Sides

# TERMS AND CONDITIONS OF SALE

---

## PRICES

All prices are list prices, freight included, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States.

Brokerage is paid by Nienkämper for product shipped to the United States.

Due to existing conditions in regard to cost of labor and materials, we reserve the right to change prices without notice.

## TERMS

Net 30 days from date of invoice to accredited buyers. Two per cent (2%) interest charged monthly on overdue accounts. Deposit of 50% is required with order. Terms will be established upon credit evaluation. Due to delays in processing references, first orders may be treated as C.B.D. orders.

## ORDER CONFIRMATION

Orders are accepted upon issuance of our order confirmation and are subject to the terms set forth therein; notwithstanding any variance from the terms of the buyer's order form.

Nienkämper is not liable for any delay or failure to deliver caused by labor or transportation difficulties, accidents, acts of God, failure of sources of supply, or other causes beyond our control, and changes will affect the delivery date.

## CHANGE OF ORDERS OR CANCELLATIONS

Changes or cancellations are subject to our ability to conform. A charge will be levied against canceled or changed orders based on costs already incurred by Nienkämper. All changes must be in writing and submitted on a revised purchase order. Changes will affect the delivery date.

## STORAGE

If goods cannot be accepted when ready, we may transfer them to storage (which is to be deemed as delivery for invoice purposes). The customer accepts risks and will be charged at prevailing rates.

## FREIGHT

Prices include freight charges, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States. Packing and/or crating are available, if required, upcharges apply.

## CLAIMS

All furniture is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

## WARRANTY

There are no express or implied warranties, conditions and obligations of the manufacturer, whether statutory or otherwise that extend beyond the description on the face hereof. Our furniture is made to the highest standard and is warranted free from defects of material and workmanship for five years from the date of delivery. During the warranty period we will repair or replace such merchandise as shall prove to be defective, during normal usage in accordance with manufacturer's specifications. The manufacturer shall not be liable for defect wholly attributable to normal manufacturing process. Replacement or repair of the Product shall be the sole remedy of the Customer, and the manufacturer shall not be liable for any direct, indirect, incidental, or consequential loss or damage suffered by the Customer by reason of any defect in workmanship or manufacture of the Product or inability to use the Product. Moreover, this warranty does not cover accidental damage, abuse, alteration, ordinary wear and tear of Goods, negligence and misuse nor variations over which we have no control such as heat or humidity or damage to which the Goods are connected that is not attributable to the failure of the goods themselves. This warranty is null and void when the product is installed with hardware other than that supplied and/or when installed differently than recommended in the installation guide. Modification to the product or hardware may result in failure of the product and cause damage and/or injury.

## WOOD FINISHES

Nienkämper offers a wide variety of standard light finishes on cherry, mahogany and figured anigre wood veneers, and a clear natural finish on figured anigre, figured sycamore, maple, bird's eye maple and curly maple.

Light finishes do not mask the grain and other characteristics of each wood species. It is important to understand that pieces of the same type of wood will not look identical when a light finish is used. The appearance of the finish will also depend on the natural color of the veneer. Cherry darkens over time as the wood ages. Pin knots and gum pockets are inherent traits.

Wood is a naturally variable raw material; its variances are not within the furniture manufacturer's control and are therefore not considered defects under this warranty.
