

## TRILLIPSE MOTION

Trillipse is the original multi-purpose chair family. It is the scale, comfort and uncompromising build quality that has ensured the continued success of this range. Developed as a general purpose meeting chair range for workplace and educational environments, it is just as at home in compact team meeting spaces as it is in a boardroom thanks

to the diversity of finish options.

Versatility is one of the key design principles of the seating range. Trillipse encompassing elegant, ergonomic design and contemporary features to provide excellent comfort and uncompromising style.

**Design by Paul Brooks**

Contains up to 53.50% of Recycled Material

### Recyclability

The range is 99% recyclable

99%

Environmental information for this range has been based on T117A. For more detail please refer to individual EPA sheets.

## SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

**-Reduce, Reuse and Recycle.**

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

Reduce  
Reuse  
Recycle
