Connect Leg Frame and Seat

3. Secure the leg assembly by tightening the screws (16) through the H plate to the bottom of the seat. Adjust the glides to level the lounge.

Fixation du cadre des pattes au canapé

3. Fixez les pattes au dessous du canapé en insérant les 16 vis dans les quatre plaques en H aux quatre coins du canapé. Réglez les patins pour mettre le canapé de niveau.

Conecte a estrutura da perna e o assento

3. Fixe o conjunto da perna apertando os parafusos (16) através da placa H à parte inferior do assento. Ajuste os deslizadores segundo o nível da sala.

Conecte la armadura de la pata y el asiento

3. Asegure el ensamble apretando los tornillos (16) que atraviesan la placa H hasta la parte inferior del asiento. Ajuste los niveladores para nivelar el sillón.

Seat with Team Table

4. Attach the brackets into the slot in the leg top and rotate. Push the brackets back toward the trough to complete the attachment. (Apply to both ends).

5. Slide the seat into the system. Push the seat back toward the trough.

Canapé avec table

4. Insérez les supports dans la rainure supérieure de la patte, puis faites-les pivoter. Repoussez les supports dans le profilé pour terminer leur mise en place. (Répétez à l'autre extrémité.)

5. Glissez le canapé dans le cadre. Poussez le canapé vers le profilé arrière.

Assento com a mesa da equipe

4. Fixe as cantoneiras na ranhura na parte superior da perna e gire. Pressione as cantoneiras de volta em direção à calha para concluir a fixação (Aplica-se a ambas as extremidades).

5. Deslize o assento para dentro do sistema. Pressione o assento para trás em direção à calha.

Asiento con mesa de conferencias

4. Sujete los soportes en de la ranura de la parte superior de la pata y gírelos. Empuje los soportes hacia atrás hacia la artesa para completar la sujeción. (Haga igual en ambos extremos).

5. Deslice el asiento en el sistema. Empuje el asiento hacia atrás hacia la artesa.

TORNILLO DE
FIJACIÓN PREVIA

6. Confirm the pre-positioning screws are engaged.

7. Make sure the slot in the bracket is around the leg flange. (Apply to both ends).
Secure the brackets to the seat by tightening the screws (X3) through the brackets to the seat. (Apply to both ends).

6. Assurez-vous que les vis de positionnement sont bien insérées.

7. Assurez-vous que le rebord de la patte est bien inséré dans la rainure du support. (Répétez à l'autre extrémité.) Fixez les supports au canapé au moyen des trois vis (X3) insérées dans les supports. (Répétez à l'autre extrémité.)

6. Confirme se os parafusos de pré-posicionamento estão engatados.

7. Certifique-se de que a ranhura da cantoneira esteja em torno do flange da perna. (Aplica-se a ambas as extremidades). Fixe as cantoneiras ao assento apertando os parafusos (X3) através das cantoneiras do assento. (Aplica-se a ambas as extremidades).

6. Confirme que los tornillos de fijación previa estén enganchados.

7. Asegúrese que la ranura en el soporte esté alrededor del reborde de la pata. (Igual para el otro extremo). Asegure los soportes al asiento apretando los tornillos (X3) que atraviesan los soportes hasta el asiento. (Igual para el otro extremo).
