

Warranty & Maintenance

woodwöl
MOSAIC WOOD WALL TILE

Warranty

Woodwöl will replace pieces damaged during shipping.

Our tiles are a natural wood product, therefore any cracking, splitting, expansion, contraction, or warping are normal reactions in different climates and not covered by manufacturer's warranty.

Woodwöl will not replace material that was improperly installed. It is the responsibility of the purchaser to ensure proper installation as detailed in our installation guidelines.

Please feel free to call or email if you have any questions during your installation.

Maintenance

For spot cleaning, we recommend using a damp cloth with mild soap. Do not use abrasive cleaners or excess moisture, as it will damage the finish.

A vacuum cleaner with brush attachment or a microfiber duster can be used for removing dust.

Loose pieces can be replaced using polyurethane construction adhesive, PAM glue, or finish nail.
