

CONCENSYS®
PLANNING & APPLICATION GUIDE

Allsteel®

Designed to work. Built to last.

Open plan furniture is an investment that you can build on over time. Choosing the right open plan solution enables you to take full advantage of what modular furniture can offer.

WHY CONCENSYS?

Best Total Lifetime Cost

When you add up initial purchase price, expected product life, ability to reuse and add on, and related furniture costs, Concensys can't be beat.

Durable Construction for Lasting Value

The Concensys panel system features all-metal construction and factory-welded components that arrive fully assembled, adding to structural integrity and speeding installation time.

Fast Delivery

Standard delivery averages 3-4 weeks, with an optional 3-week Guaranteed Delivery program, at no additional charge. If you need even faster delivery, choose the Express Solutions® 5-day quick-ship program at a small upcharge.

Ease of Use

Concensys is simple to specify, order, and use. We even attach a serialized bar code to each unit, which identifies all of the product details from the model number to the surface finishes to the date of order. This information is useful when matching and reordering furniture in the future, or can even be used for tracking inventory.

Space Efficient

Concensys has a thin panel profile for a smaller overall footprint, with 6" planning increments and multiple panel options.

Seamless Integration

Concensys components are interchangeable with freestanding desking for easy inventory management and enhanced ability to reuse components when making changes. Allsteel storage products integrate seamlessly with Concensys, and Allsteel seating completes the office. Allsteel is a single source for all of your workplace furniture needs.

Flexibility into the Future

Concensys enhancements and additions retrofit to existing products, giving peace of mind that you can add and reuse components as your needs change over time.

Meaningful Features Included

We offer many useful product features at no additional charge. For example, our worksurfaces include high-pressure laminate, integrated metal stiffeners, threaded metal inserts, and wire management grommets, all at no additional cost.

Lifetime Warranty

Concensys will last as long as you need it, and we back our commitment with the Allsteel Lifetime Warranty.

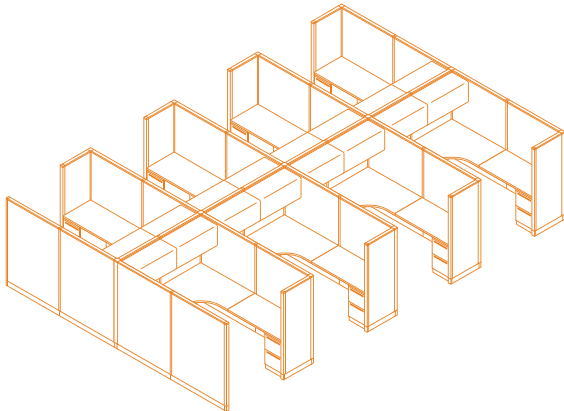

Shown with left panel removed for easy viewing.

Concensys L-shape workstation

This efficient layout is designed for smaller spaces. Store binders out of sight in closed-door overhead storage bins. All storage includes locks at no additional cost for added security. Full-height panels provide added privacy.

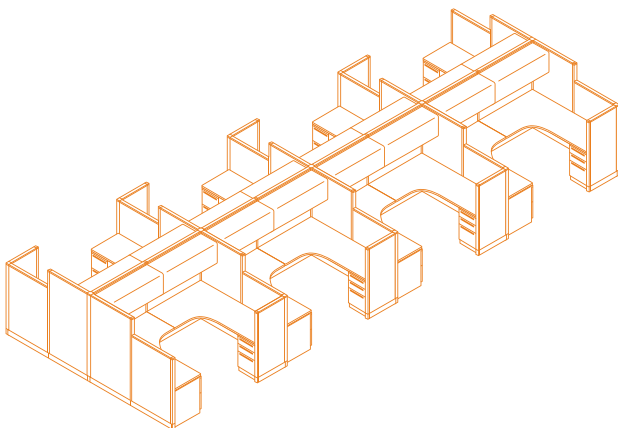

Floorplanning with eight workstations

The furniture in this guide is available as shown, or can be designed for individual needs.

Concensys U-shape workstation

With additional worksurface area and cockpit-style worker orientation, the expansive desktop accommodates paper-intensive tasks. Tiered panels improve airflow and let in natural light while maintaining seated privacy.

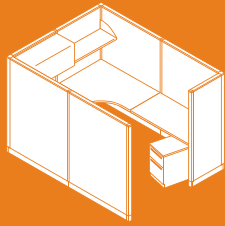

Floorplanning with eight workstations

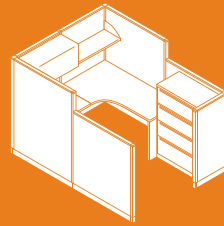

Your Allsteel dealer has full CAD design capabilities to provide customized furniture solutions, from single office layouts to complete floorplan drawings and specifications.

CONCENSYS

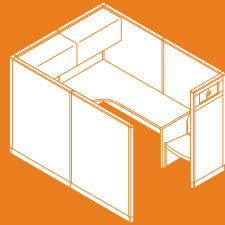

"L" & "U" Typicals

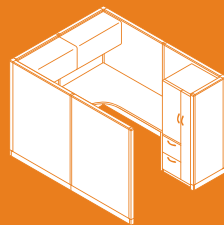

L-shape with shelf and mobile storage

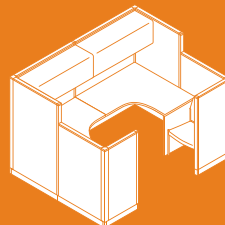

L-shape with tiered panels and added storage

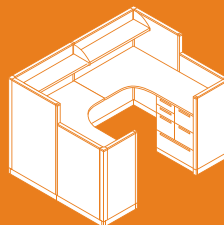

L-shape with side seating and stacked glass

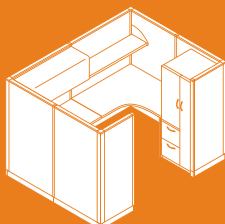

L-shape with personal tower

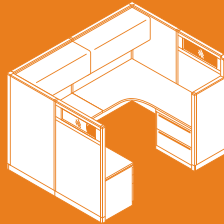

U-shape with side seating

U-shape at standing height

U-shape with personal tower

U-shape with stacked glass

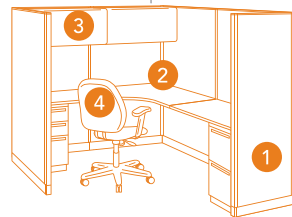

These typical drawings are examples of options within the same "L" and "U" footprints to address different workstyles.

COLOR PALETTE

Wheat

1. Panel fabric: **Lucy Cornsilk**
2. Laminate (edge): **Pearl Bisque (Muslin)**
3. Paint: **Driftwood**
4. Seating upholstery: **Infinity Indigo**

Seating

Trooper is a full family of heavy-duty seating that performs in demanding work environments.

- Six control options provide a broad range of adjustability
- Adjustable arms, fixed arms, or armless
- Mid-back or high-back
- Pneumatic height adjustment
- Tension adjustment
- Adjustable back height/lumbar
- Seat depth adjustment available
- Upholstered or plastic outer back
- Large and tall, 24-hour, stool, and side models available

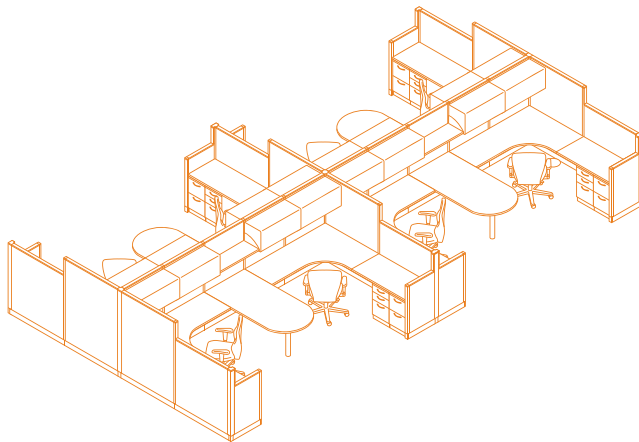

Trooper®

Concensys teaming workstations

Improve team productivity and efficiency by placing people together for sharing ideas and information.

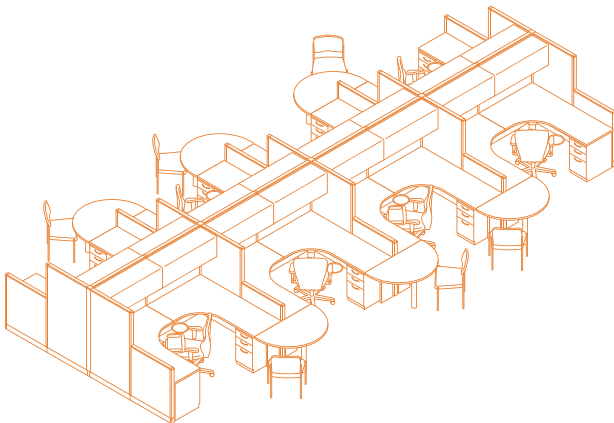

Floorplanning with eight workstations

Provide varying levels of privacy and allow teams to work efficiently by adjusting panel heights, worker orientation, and shared worksurface space.

Concensys collaborative workstations

Workspace design can encourage interaction and collaboration while still accommodating privacy.

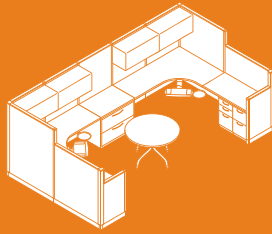

Floorplanning with eight workstations

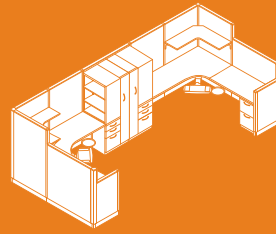

Manage power and data in the panel base, or at the beltline with optional technology panels.

CONCENSYS

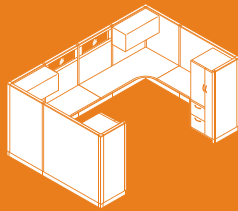

Teaming & Collaborative Typicals

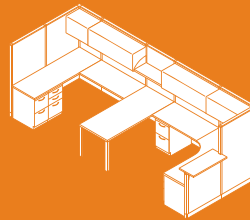

Teaming with shared table

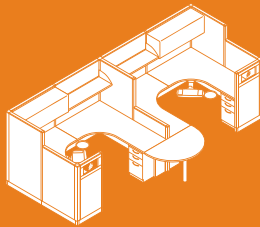

Teaming with personal towers

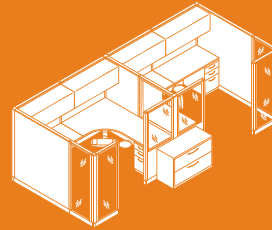

Teaming with stacked glass

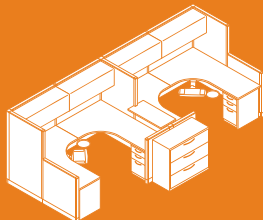

Teaming with reception counter

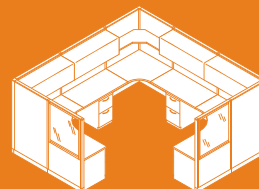

Collaborative with open shelves and glass accent

Collaborative with pass-thru and glass

Collaborative with shared counter

Collaborative enclosed with glass

COLOR PALETTE

Ash

1. Panel fabric: **Celestial Alumina**
2. Laminate (edge): **Greystone (Cloud)**
3. Paint: **Flint**
4. Seating upholstery: **Infinity Port**

Seating

Energy has clean lines, a stylish shape, and a comfortable, contoured back, along with lots of adjustments to personalize your fit.

- Synchro-tilt control provides comfortable ergonomics
- Adjustable arms, fixed arms, or armless
- Mid-back
- Pneumatic height adjustment
- Tension adjustment
- Adjustable back height/lumbar
- Fixed back height available
- Seat depth adjustment available
- Upholstered outer back

Energy™

Concensys reception workstation

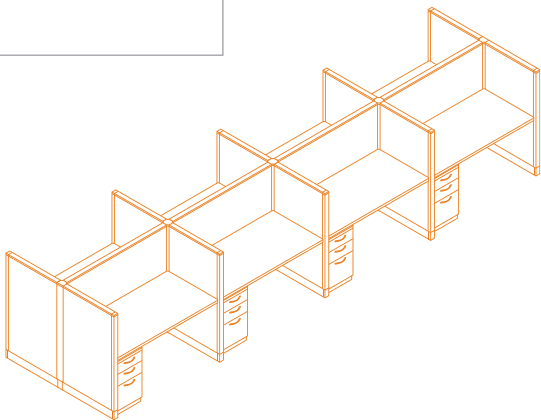

Greet customers from a warm and inviting reception area that also doubles as productive workspace. Optional wood trim is available.

The reception area can be designed to match the image that your company chooses to project.

Concensys call center workstations

Maximize floorplan utilization with this space-sensitive configuration. Easily add or reconfigure as your company grows and your needs change. Other uses include hoteling or touchdown stations for people on the go.

Floorplanning with eight workstations

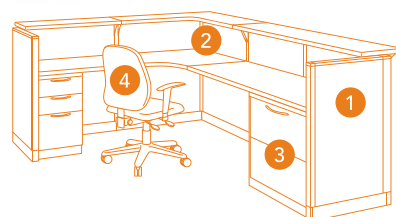

Fast delivery and efficient, easy installation get your office up and running on time and within budget.

COLOR PALETTE

Earth

1. Panel fabric: **Tempest Gold Rush**
2. Laminate (edge): **Desert Zephyr (Warm Beige)**
3. Paint: **Fossil**
4. Seating upholstery: **Infinity Forest**

Seating

Sensible fits all kinds of people, doing all kinds of work, anywhere in your office...and at a price that fits your budget, too. A chair this practical is a common-sense choice.

- Asynchronous control provides maximum adjustability
- Adjustable arms or armless
- Mid-back or high-back
- Pneumatic height adjustment
- Tension adjustment
- Adjustable back height/lumbar
- Seat depth adjustment available
- Upholstered outer back
- Side model available

Sensible™

Concensys traditional U-shape office

Create offices with plenty of storage and worksurface area. Add guest seating for interaction with customers or employees. Designed for use with today's technology.

Concensys freestanding integrates with panel-based Concensys furniture using shared components, which means easy inventory management and furniture reconfiguration.

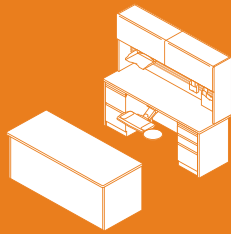

Concensys open U-shape office

This open design provides a more contemporary office aesthetic. Optional half-height modesty panel allows access to outlets on the wall. Integrate a mobile pedestal with cushion as an impromptu seat.

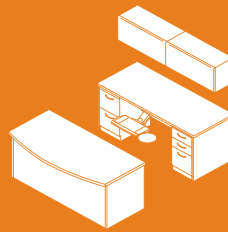

Enclose the freestanding office with Concensys panels up to 108" high for added privacy. Integrate a hinged or sliding door. Use glass panels for visual openness.

A WORD ABOUT ALLSTEEL.

Allsteel designs, builds, and delivers office furniture solutions that offer the best combination of style, functionality, durability, and price. Every product is supported by Allsteel's company-wide focus on providing customers with beautiful work tools and the "best total experience" when buying office furniture. Resource Centers are located in Chicago, Dallas, Los Angeles, New York, San Francisco, and Washington, DC.

Respecting the environment.

At Allsteel, we help our business partners achieve a positive environmental impact and understand that environmental consciousness can be gainful. This means ensuring that all materials balance performance and sustainability. Strong, high-quality products guarantee years of use and re-manufacturability.
