

Arissa®

Lounge Seating

beautiful | comfortable | versatile

Furnishing Knowledge®

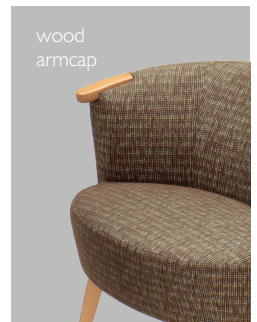

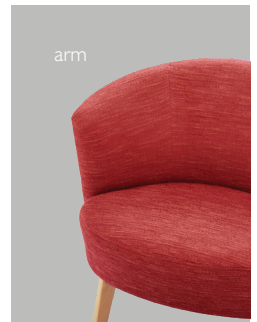

Designed with all in mind

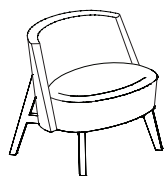

Stylish and highly functional, Arissa® is beautifully crafted to comfortably accommodate all users regardless of their shape and size. Its universal design delivers maximum support and conveys comfort, both physical and psychological. Together Dan Cramer and Paul James have designed a collection that reflects a modern aesthetic, and with it, a unique way to view bariatric seating.

Stylishly Versatile

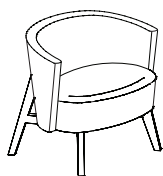

Arissa features simple curves, beautifully blending form and scale. Unique and carefully crafted to safely support all users, the seating is tested up to 750 pounds, yet never appears oversized. Arissa Lounge Seating also features a built-in cleanout space. The collection easily integrates into any environment and delivers a single solution made for every body type. The result is a universal lobby/lounge design that's perfect for healthcare, corporate and public seating environments.
