Ordering C.O.M., C.O.L., and C.O.V.

Bonduel, Green Bay, La Palma, Ontario and Shipping Locations

Ordering C.O.M., C.O.L., and C.O.V.

Bonduel, Green Bay, La Palma, Ontario and Shipping Locations

How to Specify C.O.M. Upholstery
Textile designs often have intricate patterns. Not all individuals will interpret fabric direction in the same manner.

As a standard procedure, KI cuts fabrics off the roll in a horizontal fashion as shown in Diagram A at the right. By cutting in this fashion, most waste is eliminated. Our requirements for yardage in this book are based on this type of cutting. When directional or patterned fabrics are used, they often require more yardage than solid colors.

By providing KI with a completely filled-out copy of the form on this page, we will be able to expedite your order. We find it particularly helpful with directional or patterned upholstery material. It is critical that copies of this form accompany test quantities as well as production quantities of C.O.M.

C.O.M. must be supplied in continuous yardage.

C.O.M., C.O.L. and C.O.V. Testing

KI will require for testing actual yardage to upholster one chair. The testing requirements depend on which chair you have selected on your order.

Test samples will be applied to the order and will be held for 6 months if needed. After 6 months, the sample can no longer be applied to your order. For all products to be tested, send test samples for approval to:

KI
Attn: C.O.M. Specialist
1687 Westminster Drive, Gate 3
Green Bay WI 54302

KI recommends that leather be ordered in - yardage. Leather must be usable. The outer edges cannot be calculated as square feet or yardage.

The C.O.M., C.O.L. and C.O.V. yardage requirements accompanying products in the pricing section are for 10 chairs/seats or less, 54" wide nondirectional material. On larger orders, less material is required.

For exact production yardage requirements, call 1-800-424-2432, ext. 2707.

C.O.M., C.O.L. and C.O.V. Order Processing

For products shipped from Green Bay, WI facility, ship upholstery material to:

KI
Attn: C.O.M. Storage
1687 Westminster Drive - Gate 3
Green Bay, WI 54302

All C.O.M., C.O.L. and C.O.V. must be labeled with the purchase order number.

C.O.M., C.O.L. and C.O.V. Production

Customer's fabrics and leathers must be approved prior to acceptance for production. Upon test approval, a 1" square sample swatch of upholstery material must accompany the order. KI assumes no responsibility for wear, defects or performance of customer's own fabrics, vinyl or leather. C.O.M., C.O.L. and C.O.V. orders are available on a deferred delivery basis.

Orders for production of C.O.M., C.O.L. and C.O.V. upholstered products are not scheduled for processing until upholstery material is received. Upon receipt, KI will provide an acknowledgement and an estimated shipping date.

For products shipped from Bonduel, WI facility, ship material to:

KI
Attn: C.O.M. Storage
204 West South Street
Bonduel, WI 54107

For products shipped from Ontario, CA facility, ship material to:

Avail/Impress/Kismet/Medical & Laboratory Stools/Pilot
Attn: C.O.M. Storage
1110 S. Mildred Ave.
Ontario, CA 91761

Intricate Patterns

In the event of specific requirements for positioning of intricate patterns or pattern repeats on seats and backrests, provide a sketch noting requirements, as in Diagram B, along with materials for testing, and with the order.

Diagram B

Treated Materials

If C.O.M. requires processing such as Scotchgard® or acrylic backing, it often shrinks. To prevent delays in delivery or back ordering due to shrinkage, please have your processor remeasure after processing and assure adequate yardage shipment.

Split Orders

If a portion of the shipment which does not require C.O.M., C.O.L. or C.O.M. applications is to be processed and shipped early, KI will enter the order immediately at your request. These split shipments are subject to minimum order changes.

Contact the C.O.M. Specialist at 1-800-424-2432, ext. 2707, with questions or to verify a split order.

Excess Upholstery Material

KI will dispose of excess upholstery material at the time of shipment unless expressly requested to return it with the product shipment.

Cancelled or Changed Orders

KI assumes no responsibility for extra C.O.M., C.O.L. or C.O.V. material due to a change of upholstery or cancellation of an order. It is the customer's responsibility to arrange for return of this material.

C.O.M., C.O.L. and C.O.V. Information Form

A copy of this form should accompany test requests and production orders. Please fill it out completely, and, if your order has been acknowledged, provide the acknowledgement number.

Please see information below and check the appropriate box.

Copyright/Logo/Trademark Release Form
(Intellectual Property)

I, _____, am the owner of the entire rights, title, and interests in the Intellectual Property identified in “Exhibit A” attached and grant Krueger International, Inc. (“KI”) the right to use and display Intellectual Property on products produced and manufactured by KI.

I warrant and represent that I am the owner of the Intellectual Property in Exhibit A and have the necessary legal rights and permissions to use said materials and/or convey their use to others.

I agree that I will not infringe or violate the Intellectual Property Rights of any party. I agree to indemnify, defend, and hold KI harmless against any claims, actions, judgements, losses, and/or damages (including, but not limited to, reasonable attorney’s fees) which may arise from any claims by any third party of an alleged or actual infringement out of the use and display of Intellectual Property on products.

I warrant I am of full legal age and have a right to contract in my name for the attached Intellectual Property. I have read the above authorization and release, before its execution, and I am familiar with the contents thereof. This authorization and release shall be binding upon me, my heirs, legal representatives, and/or assignees.

PRODUCT SPECIFICATIONS

400 Series Folding Chair

February 2020

TECHNICAL SPECIFICATIONS

The KI 400 Series Folding Chairs deliver optimum quality at a minimum price.

- KI Model 401 - no upholstery
- KI Model 404 - vinyl upholstered seat and backrest

400 Series Frames

Frames are electrically seam-welded 19-gauge, 7/8" O.D. tubular steel. The two leg braces are 19-gauge, 5/8" O.D. tubular steel.

Steel Backrests

Backrests are 7 1/2" deep, pitched for proper posture support. Panel is curved 24-gauge cold-rolled steel with fully curled edge and spot-welded to frame.

404 Upholstered Backrest

Vinyl upholstered backrest panel of 1/2" polyfoam is stapled to plastic base. Attached to backrest by rivets. Backrests are not field replaceable.

401 Steel Seat

One piece 21-gauge cold-rolled drawn and shaped steel. Seat pivots on 1/4" tempered steel rivets.

404 Upholstered Seats

20-gauge recessed steel seat pan. Vinyl upholstered 1.25" polyfoam stapled to hardboard panel attached by rivets. Upholstered Seats are not field replaceable.

Feet

Replaceable non-marring linear polypropylene.

Frame Finish

Chair frames are finished with baked-on, electrostatically-applied epoxy powder-coat paint.

HOW TO ORDER

Indicate the following information on order form:

- Quantity of each item.
- Model number, including options. See "How To Build a Model Number".
- Any special service required.

Note:

- The ☐ indicates that a choice is required.
- The absence of the ☐ indicates that no choice is required.
- Alpha-numeric characters in place of ☐ indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

- A**Select basic model.
- B**Select frame color.
Refer to the **Product Color Options** page in this price list.
- C**Select fire code.
NFR - Compliance to TB 117-2013
FR - Compliance to TB 133
See Options for TB133 upcharge.
- D**Select upholstery grade/color.
Refer to ki.com/fabrics
- E**Select feet/bumper color.
Refer to the **Product Color Options** page in this price list.

OPTIONS

California TB133 Fire Safety Code
For California Technical Bulletin 133 compliant models, add the following upcharge:
Model = Upholstered
Added Lead Time-1 Week
Added List Price=\$10

Nonstandard Steel Stool Seat Height
Minimum order of 10 stools. Minimum height is 15". Specify: Standard model with next greater height than required. Add Cutting Upcharge=\$17 each

Steel Stool Adjustable Leg Components
600 Series Adjustable Legs: Installation by purchaser; includes four telescoping legs with self-leveling glides, set screws. The adjustable leg inserts ship with glides already attached.
Specify #13.0700.x \$29/Set of 4 legs

SPECIAL SERVICES

Special Carton Marking

With specially marked information N/C

Shipping
Ships **assembled, FOB Bonduel, WI 54107, freight prepaid.** Freight class 125. Adjustable legs and back require assembly.

Specifications and prices are subject to change without prior notice.

SPECIFICATIONS

The capacity listed in the above chart is for non-tablet arm chairs. Tablet arm chairs require double the space. Replacement feet and bumpers are available.

KV Series Vertical Storage Caddy

One-piece bed of 16-gauge steel with sides channelled to 1-1/2" high. To each end, a 4-1/2" x 1-1/2" angle steel member is electrically welded. To each outside corner of the bed is welded a 14-gauge, 1-1/4" o.d. end post socket to support removable 1-1/8" o.d., 18-gauge end posts. Loading stops are stamped into the bed. 4" high x 1-1/4" wide roller-bearing wheels.

Optional adjustable end post sockets are constructed of welded steel. Sockets and removable end post are positioned against partial loads to eliminate load from shifting.

KH Series Horizontal Storage Caddy

One-piece bed of 16-gauge steel with sides channelled to 1-1/2" high. Side rails are fitted into sockets welded to end posts. Distance between

side rails is equal to folded height of chairs from top to bottom crossbrace for snug storage. 4" high x 1-1/4" wide roller-bearing wheels.

KDT84 Caddy

Legs, uprights and crossbrace are fabricated of 11-gauge, 1" x 2" tubular steel. Legs are welded to uprights; crossbraces are bolted. Open tubing ends are covered with plastic end caps. Chair suspension tines of 14-gauge, 1" o.d. round tubing. 5" high x 1-3/8" wide roller bearing wheels.
