

COLOR FIELD PATINA

1 pattern available in 32 colors

Milliken™

Color Field Patina in Concrete Stone and Dim Stone (random mix in foreground), with Dim Stone in background, vertical ashlar plank installation

Color Field Patina

Patina is the culmination of changes in a material's surface resulting from age, use and exposure to the elements. These acquired attributes offer contrasting colors and textures in divergent planes where distinctive edges form and layers of wear create character. Patina is the expression of a material's heritage on display for all to interpret and appreciate.
