## ACOUSTIC

NRC: 0.40 - 0.50 depending on size  
(see graph on following page)

## APPLICATION

Screen

## DESCRIPTION

A light weight, sound absorbing screening system. The intent was to provide the user a series of screens and accessories that allows the ability to configure and personalize their space in a way that is productive to the individual.

## BENEFITS

**Designed for the Environment:** dB is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of dB. The sound-absorbent core of dB contains recycled materials. dB is recyclable.

**Improved Sound Absorption:** dB Screens are ideal for high frequency absorption and achieves an NRC 0.40 - 0.50 rating, depending on size.

**Recyclable:** The materials in dB Screens are recyclable, either as material recycling or energy recovery.

**Care:** To preserve the fabric color and appearance of the fabric, dB floor screens should be vacuumed regularly with a soft nozzle. To remove stains dab or wipe gently with a moist cloth. For the whiteboard, wipe clean with whiteboard approved cleaning fluid and wash away residual fluid with warm water. Dry with clean cloth. Be sure to only use markers intended for whiteboards
