SONEO SCREEN

DESIGNER	Abstracta Design	BENEFITS
CONTENT	Core: 100% Mineral Wool Frame: 100% Pine Base: 100% Steel in black, grey or white Cover: Focus- 100% NZ Wool Event- 100% Polyester Salsa- 100% Polyester Dox- 100% Polyester	Designed for the Environment: Soneo is manufactured on the basis of technical, environmental and production ethical requirements. There are no emissions to air, water or land during the production of Soneo. The sound-absorbent core of Soneo contains recycled materials. Soneo is recyclable. • Mindful MATERIALS • Low-VOC • Declare CDHP Emissions Compliant • HPD • EPD Improved Sound Absorption: Soneo Screens are ideal for high frequency absorption and achieves an NRC 0.75. Accessories: Soneo Screens have optional shelving in transparent acrylic with a minimalist style. The shelving is available in three different designs: penholder, shelf and pigeonhole, and they are simply hung over the top of the screen. Care: To preserve the fabric color and appearance of the fabric, Soneo floor screen should be vacuumed regularly with a soft nozzle attachment. To remove wet stains, use uncolored paper towels or a cloth to soak up as much of the wet stain as possible. Dried stains should be vacuumed. Moisten the stain lightly with a clean cotton cloth, lukewarm water and a very small amount of pH-neutral detergent. Press a dry cloth or uncolored paper towel against the fabric so that moisture and dirt are absorbed. Repeat process if necessary.
