

BEHAVIORAL HEALTH SOLUTIONS

Balancing Function with Comfort

At Spec, We've Been Leaders in Behavioral Health for More Than Two Decades

We've furnished countless facilities—supervised, semi-supervised, unsupervised areas—with designs that have care at their core and warmth in their style.

Smooth edges, tamper-proof fasteners, and optional added weight are integrated into a spectrum of attractive designs that cater to the different needs and styles of these environments, all accompanied by a lifetime structural warranty.

We consult with facility managers and caregivers to draw on their expertise, combining it with our own to create environments that are durable, inviting, customizable, and, above all, safe.

Dignity2 Upholstery: Momentum, Canter, Lucid; Arm Cap: Sterling Gray, Frame: Silver.
Dignity2 Bariatric Upholstery: Momentum, Canter, Earth; Arm Cap: Sterling Gray, Frame: Silver.
Drum HD Top: Corian, Cameo White; Side: Wilsonart, 7937-38 River Cherry.
Snowball 2 HD Upholstery: Momentum, Canter, Earth; Frame: Silver.
Tailor HD (Front Cover) Upholstery: Mayer, Noble, White; Frame: RAL 7037.
Hardi Stool (Front Cover) Finish: RAL 7037.

Dignity Upholstery (Beige): Momentum, Epic, Azure; Upholstery (Blue): Momentum, Silica Leather, Almond; Frame: Taupe.
Dignity2 Upholstery: Momentum, Silica Leather, Almond; Arm Cap: Taupe; Frame: Silver.
Oval HD Top and Side: Wilsonart, 7938-38 New Age Oak.

Soothing and Secure

Don't be fooled by the residential feel—Dignity and Dignity2 are soft-seating solutions designed specifically for behavioral health applications.

Versatile Design

Freestanding or connected, both Dignity and Dignity2 can be configured in multiple ways to accommodate individual and group needs.

Considered Care

For easy cleaning, choose laminate on the inner arm panels to maintain a gap between the panels and the seat, or choose upholstery to reduce the gap.

Sturdy, Safe, and Durable

Engineered to last, the entire Dignity series features springless seats and weighted construction to ensure comfort and security, while the contoured design eliminates sharp edges for a safer, more welcoming space plan. Heavy-duty tables can be specified with additional weight or solid-surface tops.

Dignity2 (Single Seat Is Shown with Extended Side Panels) Upholstery: Momentum, Row, Oasis; Side Panel: Wilsonart, 7960K-18 Studio Teak; Arm Cap: Sterling Gray; Frame: RAL 7038.
Drum HD Top: Corian, Savannah; Side: Wilsonart, 7960K-18 Studio Teak.

One-piece polyurethane arms on Dignity chairs provide a softer, residential look. Available in black, sterling gray, or taupe.

Optional Kydex® arm caps on Dignity2 are an extremely durable, pick-proof solution that withstands harsh cleaning products.

Specify a steel plate on the underside to eliminate pass-throughs. The steel plate comes standard with small perforations to avoid trapping fluids.

An optional wall-saving frame is available on Dignity2 designs.

Tailor HD Upholstery (Blue): Morbern, Vitality, Hot Spring; **Upholstery (Yellow):** Morbern, Vitality, Blonde; **Foot:** RAL 7037; **Frame:** RAL 7037.
Drum HD Top: Corian, Blue Spice; **Side:** Wilsonart, 7949K-18 Asian Night.

Tailor the Look

The welcoming look of Tailor HD creates stunning spaces while addressing the requirements of behavioral health environments. Available with one, two, or three seats—as well as a bariatric model—this series comes standard with a wall-saving frame.

Practical, Yet Residential

Polyurethane arm caps, available in black, sterling gray, or taupe, can be specified to increase durability. Mix fabrics between the seat, back, and arm panels for no extra charge.

Tailor HD Upholstery: Momentum, Mogul, Shine; **Arm Cap:** Sterling Gray; **Foot:** RAL 7037; **Frame:** RAL 7037.
Drum HD Top: Corian, Carrara Lino; **Side:** Wilsonart, Y0778 Natural Linden.

Standard with a rotationally molded polyethylene foot that is durable, tamper-proof, waterproof, and can withstand harsh cleaning solutions. Standard in gray RAL 7037.

Tailor HD's arm panels extend fully to the floor to address ligature concerns while ensuring a wall-saving design.

A standard steel plate on the underside eliminates all pass-throughs. The steel plate comes with small perforations between the seat and back to avoid trapping fluids.

Tailor HD can be specified with a unique insert that further prevents pass-throughs by closing the gap between the underside of seat and floor.

Calvin HD *Seat Upholstery:* CF Stinson, Sentry-HC, Patrol; *Back Upholstery:* CF Stinson, Sentry-HC, Aura; *Arm:* Sterling Gray; *Frame and Side Rail:* Silver.
Drum HD *Top and Side:* Wilsonart, D92-60 Dove Gray.

Calvin HD comes standard with a fully welded, wall-saving, steel-frame construction.

Field-replaceable seats, backs, and arms make maintenance simple and efficient.

Style, Streamlined

Sleek and sophisticated, Calvin HD's streamlined design creates an attractive silhouette in any public seating area. With a separated seat and back, the 21" wide chair is load tested to meet 500 lbs, while the bariatric model can support more than 750 lbs. Specify additional weight to reduce the chair's mobility.

Flexible Engineering

Snowball 2 HD may share the friendly style of general purpose seating found in cafeterias, game rooms, and examination rooms, but you can rest easy: with a dynamic load capacity to meet 500 lbs and a fully welded frame, the series is built with behavioral health requirements in mind.

Snowball 2 HD *Upholstery (Blue):* Morbern, Vitality, Hot Spring; *Upholstery (Green):* Morbern, Vitality, Willow; *Frame:* Silver.
Trumpet HD *Top:* Wilsonart, 7937-38 River Cherry; *Edge:* 2MM River Cherry; *Base:* Silver.

Snowball 2 HD's optional DuraSpec polyurethane seat is more comfortable than hard plastic while still capable of withstanding the healthcare-grade cleaning solutions. Specify Snowball 2 HD with an 18" or 22" seat width, in designs with or without arms.

With a 100% recycled plastic seat pan and tamper-proof fasteners, Snowball 2 HD has no exposed staples. Specify additional weight within the seat pan to restrict movement.

Hardi Stacker *Finish: Fog Gray.*
Hardi Endurance X-Base and Endurance Cylinder Base Tables *Finish: RAL 5014.*
Hardi Rocker *Finish: RAL 7037 and RAL 7044.*
Hardi Endurance 4-Shelf Wall Mount Unit *Finish: RAL 7044.*

Style for Challenging Spaces

Hardi’s award-winning design offers the highest level of safety in behavioral health spaces. A durable polyethylene construction makes chairs and tables extremely robust and a breeze to maintain. An elegant contour on Hardi designs creates a welcoming environment for patients and caregivers while reducing ligature and safety concerns.

Virtually Indestructible

From cafeterias to game rooms, the Hardi series inspires social gatherings while seamlessly integrating with Spec’s lineup of tables. Featuring additional weight and tamper-proof fasteners, Heavy Duty tables can be specified with Spec’s 2mm pick-proof edge, available in over 45 colors.

Hardi Dining with and without Arms *Finishes: RAL 7044 and RAL 7006.*
Hardi Children's *Finishes: RAL 7044 and RAL 7006.*
Disc HD *Top: Nevamar, SB0300-T Fiji; Edge: 2MM RAL 5021; Base: RAL 5021.*

Shallow hand grips make Hardi designs difficult to pick up yet easy to adjust while seated.

Nylon glides are optional. Hardi designs specified with glides can be fastened to the floor or ganged together.

Hardi Dining without arms is available in a child-friendly size with seats standard at 15" high.

Hardi Bed, Bedside Table, Endurance 4-Shelf Wall Mount Unit *Finish: RAL 5014.*
Hardi Dining, Endurance Freestanding Desk, Endurance 2-Shelf Wall Mount Unit *Finish: RAL 7015.*

A Complete Suite

Outfit the entire patient room with a seamless look using Hardi and its robust construction. Patient room-ready Hardi products include a bed, bedside cabinet, desks, and shelving units, all available in six earth-inspired colors.

Thoughtful, Safe Designs

Considerate patient room designs include choosing products that are not only safe but comfortable as well. Our seating, bed, casegoods, and table designs feature soft, rounded edges, making them a welcome choice for unsupervised areas. Select Hardi products can be floor-mounted or wall-mounted to prevent movement.

Hardi Club *Finish: RAL 5014.*
Hardi Endurance Wall Mount Desk and Endurance Open Chest Unit *Finish: RAL 7044.*

An optional foam mattress is available with optional tamper-resistant vinyl, with or without a built-in pillow.

Most of Hardi designs can be weighted on site with sand. A spun-in cap on the underside closes the opening, secured with tamper-proof fasteners.

The one-piece construction prevents concealment.

The Beauty Is in the Details

At Spec, we view behavioral health as a continuum of care. In collaboration with designers, facility managers, and caregivers, we have developed—and continue to develop—our robust Behavioral Health collection to respond to the needs of patients within these organizations, and in more generalized health and wellness facilities. All of our seating designs have been dynamic load tested to at least 500 lbs. Our other standard design considerations can be seen here.

Several designs feature optional weighting to reduce ease of movement.

Tamper-proof fasteners are standard on all designs.

Zippers are secured and pulls are removed.

Seats feature springless construction.

Customized solutions are available.

Separate seats and backs are available on most models.

Nickel-plated glides are secured with Loctite®.

Optional floor mounting straps are available.

All metal connection points are fully welded.

Make It Your Own

Spec has been developing solutions for behavioral health facilities throughout North America for over 25 years. All of our products are built with safety and durability in mind, and we offer many options to meet the needs of these environments, such as CAL 133, antibacterial and antimicrobial finishes, and moisture barriers. We recognize the unique challenges that behavioral health facilities present to both caregivers and the design community. **Our offering doesn't stop here—each product family offers a breadth of configurations and options to suit your unique requirements.** Contact us today to discuss how Spec can help tailor a solution to meet your specific requirements.

Laminates

Select from our 15 standard laminates, or choose from any standard Wilsonart, Nevamar, Formica, Arborite, or Pionite laminates for no extra charge.

Wood Arm Cap Finishes

Wood arm caps are available in nine standard stains. Stain-to-match is available for no extra charge.

Metal Finishes

Frames can be finished in 76 Spectone colors from our line of power epoxy coatings, including five textured finishes.

Polyurethane Arm and Arm Cap Finishes

Choose from three standard colors.

Hardi Finishes (Excluding Stacker)

Create a welcoming environment with Hardi by choosing from six soothing colors that match our Spectone RAL offering.

Hardi Stacker Finishes

Choose from a colorful palette of seven finish options for Hardi Stacker.
