Freestanding tables

Steel arm is standard.

Wood arm available in seven standard stains. Custom stain-to-match available at no upcharge.

Polyurethane arm in three colors. All arms are replaceable in the field.

Separate seat and back provide exceptional comfort and ease of maintenance.

1.75" diameter wall-saving frame protects walls and chair fabric.

Make It Your Own

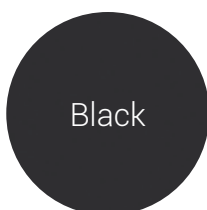

Freshen up any public seating area with arms in three polyurethane colors (Black, Sterling Grey and Taupe), or seven standard wood stains (custom stains at no upcharge), 76 frame colors and a virtually limitless choice of fabrics.

Taupe

Sterling Grey

Black

Metal Finishes

Frames can be finished in 76 Spectone colors from our line of powder epoxy coatings, including five textured finishes.

A Fine Balance

With modern flair to make a lasting impression, Gravity adds style to any environment. Clean construction and pleasing lines offer an inviting presence, while the Flex Back lets visitors lean back and take it all in. It's a choice worth returning to again and again.

Gravity features an assortment of designs, from one, two and three seats to Bariatric and Highback Patient Chairs.

Use spacer, end and corner tables to create configurations of any size and shape. Complementary lounge tables are also available.

Bariatric chairs are dynamic load tested to 750 lbs.

Flex Back is standard on Gravity chairs.
