19. Terms and Conditions of Installation/Reconfiguration and Relocation Services

* Additional Notes for Installation & Reconfiguration and Relocation Services:

FOB Destination (Drop Ship): Price includes product delivery to the site, brought to the tailgate of the truck. The purchaser is responsible for unloading.

Prices effective up to the maximum order by SIN only. Above the MO, pricing shall be negotiated on a case-by-case basis between the client and local dealer.

Standard Services are Subject to the Following Conditions:

Installation will be performed during normal weekday working hours.

Adequate facilities for delivery, unloading, moving and staging/storing the product during the installation process shall be provided.

Service work will not be hindered by other trades.

Electric, heat, and adequate elevator service will be furnished without charge.

The immediate installation area shall be complete and free of debris including the carpet/flooring before installation commences.

Any work requiring a licensed electrician is the responsibility of the buyer.

Additional Charges May Apply For:

Major Metro Markets and any non-ground floor installation.

Major Metro Markets include large population centers and urban environments.

Installation in a clinical/medical environment.

Special restrictions or limits established by local laws, ordinances or the directions of the buyer, including but not limited to restrictions on transportations of materials, street access to the job site and/or dock facilities.

Installations outside of a 50 mile radius of the servicing dealer.

Local Prevailing Wage and/or Union Labor Rates.

Any additional charges shall be quoted by the dealer and approved by the buyer prior to performance of the work.

As one of the top-scoring companies in the industry for the 14th consecutive year, Herman Miller has qualified for inclusion in RobecoSAM's 2018 Sustainability Yearbook and receives the Silver Class distinction for excellent sustainability performance—economic, environmental, and social.

For the 11th consecutive year, Herman Miller receives a perfect score on the Human Rights Campaign Foundation's Corporate Equality Index and is designated as Best Place to Work for LGBT equality. This report evaluates U.S. companies in terms of diversity, particularly LGBT-related policies and practices.

Herman Miller receives Gold Medal from EcoVadis in recognition of Corporate Social Sustainability achievement measured in categories of environment, labor and human rights, ethics, and sustainable procurement. EcoVadis operates the first web-based collaborative platform that allows companies to assess the environmental and social performance of their global suppliers.

Aeron receives Good Design Award from The Chicago Athenaeum Museum of Architecture and Design.

The Cosm Chair wins Mix Interiors "Product of the Year—Task" award.

2017

Herman Miller receives "Rising Star Award" from the Michigan Veterans Affairs Agency (MVA) for exhibiting new and novel approaches to veteran recruitment and hiring.

Herman Miller is named the 2017 "Corporation of the Year" in the consumer products sector by the Michigan Minority Supplier Development Council (MMSDC).

Herman Miller receives a 2017 SEAL (Sustainability, Environmental Achievement and Leadership) Business Sustainability Award. SEAL Award winners are determined by a holistic methodology measuring applicants against established benchmarks that demonstrate impact and progress toward creating a healthy planet and a sustainable future.

Contract Information

continued

Herman Miller earns the 4 Star Diversity Visionary Award. This award celebrates the diversity, equality, and inclusion work of Herman Miller. The award is presented at the annual Diversity Equity Inclusion Summit, held by the Grand Rapids Area Chamber of Commerce.

Herman Miller is named one of the Best and Brightest in Wellness for the 5th year in a row.

Herman Miller earns its 10th consecutive perfect score in Human Rights Campaign Foundation's 2017 Corporate Equality Index.

As one of the top-scoring companies in the industry for the 13th consecutive year, Herman Miller has qualified for inclusion in RobecoSAM's 2017 Sustainability Yearbook and receives the Bronze Class distinction for excellent economic, environmental, and social sustainability performance. The selection criteria for inclusion in the Yearbook becomes more rigorous each year, and only the top 15 percent of companies within each industry are selected.

Herman Miller once again earns the WorldatWork Seal of Distinction, a unique standard of excellence in work-life effectiveness that shows we provide a distinct, mutually beneficial workplace experience. Herman Miller is the only furniture manufacturer among the 160 companies across the U.S. and Canada honored with the award.

Herman Miller's Mora wins Nightingale Silver Award in the "Furniture Collections" category at the 2017 Healthcare Design Conference.

2016

Herman Miller earns 9th consecutive perfect score in Human Rights Campaign Foundation's Corporate Equality Index and is designated as Best Place to Work for LGBT equality.

Herman Miller is recognized as the Business of the Year at the Annual Meeting of the West Michigan Environmental Action Council (WMEAC) for being an outstanding partner in support of the growth of WMEAC's programs. WMEAC's award goes to the business with the greatest depth and breadth of support, unwavering dedication to environmental action in West Michigan, and a strong corporate commitment to environmental advocacy.

The 101 Best and Brightest Sustainable Companies once again (5th consecutive year) recognizes Herman Miller as an organization in Michigan (and for the first time, in the nation) that exhibits leadership and innovation in its approach to sustainability. This award celebrates those companies that are making their businesses more sustainable, the lives of their employees better, and the community, both locally and globally, more responsible as a whole.

Herman Miller is recognized by the Michigan Minority Supplier Development Council (MMSDC) as a "Corporation of the Year". Additionally, we are the only West Michigan company this year to receive an "Ambassadors Championing Excellence" Award from the

MMSDC.

Herman Miller is recognized with "2016 Excellence in Supplier Diversity Award" from the Great Lakes Women's Business Council.

Herman Miller is recognized as a 2016 Healthiest 100 Workplace in America, ranking 49th in the country for our commitment to health and exceptional corporate wellness programming.

Herman Miller receives the Best and Brightest in Wellness Award for the 4th year in a row. This program is an innovative initiative that recognizes and celebrates quality and excellence in health awareness.

The Michigan Occupational Safety and Health Administration renews Herman Miller's "Star" status, the highest workplace safety and health designation, for the Hickory facility in Spring Lake.

Plex Lounge Furniture from Herman Miller receives #MetropolisLikes award at NeoCon 2016.

Plex Lounge Furniture from Herman Miller receives Interior Design HiP Award for Workplace Seating/Lounge at NeoCon 2016.

Herman Miller is named a 2016 Women on Boards Winning Company. Companies selected for this recognition are considered champions of board diversity as 20 percent or more of their board seats are occupied by women.

Herman Miller is selected for inclusion in the 2016 RobecoSAM Sustainability Yearbook for the 12th consecutive year.

Herman Miller again earns the WorldatWork Work-Life 2016 Seal of Distinction. This award identifies organizations that focus on programs that promote work-life balance and overall well-being.

Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

This book is effective January 30, 2023, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices in US Dollars. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $1/8$ ". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Structure

Cladding/Infills

Accessories

Power

Product Information

Description

This structural steel frame holds cladding on both sides. It includes feet with self-leveling glides and has no base option. Structure includes necessary hardware, stiffeners, frame-to-frame connector kits, and wall start hardware when specified.

Notes

Performance wall structure must be clad the entire length with performance wall cladding (MN210.).

Structure frames must be supported with a performance column (MN300.) at each end, or at a single end when using a wall start.

Structure feet are not typically visible on level floors; cladding runs $\frac{1}{2}$ " above finished floor. Optional light seal (MN930.) is available.

When specifying wall start (YWS) option, order wall fasteners (X1192.) and toggle wall strip anchors (X1191.) separately.

Order the following products separately:

- Performance wall cladding (MN210.)
- Performance wall column (MN300.)

Order the following optional products separately:

- Performance wall cap (MN220.)
- Seismic Anchor (MN230.)
- Light seal (MN930.)

Product Information

Description

These performance wall seismic anchor brackets attach the performance wall structure to the floor. Brackets are required for walls longer than 12' and are to be installed at the center of the wall. Anchor bolts not included.

Notes

Required seismic anchor bolts must be field supplied.
Anchor can be installed during standard installation.
Anchor is an optional component for most geographic locations. Refer to local codes and regulations.
Additional column anchors (MN240.) are required. Order separately.

Product Information

Description

This column seismic anchor bracket attaches a performance wall column to the floor. Anchor bolts not included.

Notes

Required seismic anchor bolts must be field supplied.

All freestanding configurations require at least 8 column anchor brackets.

The number of column seismic anchor brackets is determined by the type of column per the setting configuration.

Column Type—Anchors

- 2-way, 90° connection (MN300.2L or .2R)—2
- 3-way, shared performance wall (MN300.3P)—1
- 3-way, shared spanner zone (MN300.3S)—1
- Return spanner (MN400.R)—2

The return spanner (MN400.R) has 3 surfaces on which anchors can be mounted; however, only 2 anchors are needed. Install the 2 anchors on surfaces on the outside of the full unit configuration.

Product Information

Description

This steel column supports the performance wall structure and attaches it to spanner zone structure in several configurations. Attachment hardware included for connection to performance wall structure and spanner zone structure.

Notes

Column configurations:

- 2-way column (2L, 2R) connects performance wall structure (MN200.) with spanner zone structure (MN500.).
- 3-way column (3S) connects performance wall structure with 2 spanner zone structures.
- 3-way, shared performance wall column (3P) connects 2 performance wall structures with 1 spanner zone structure.
- 4-way column (4W) connects 2 performance wall structures with 2 spanner zone structures.

Column engagement refers to the connection of performance wall column to spanner zone structure or infill. When specifying column with engagement (Y, L, R, B, E), the column comes predrilled with necessary attachment holes. When specifying column with no engagement (N), the column does not have predrilled attachment holes.

Product Information

Description

These extruded steel horizontal components connect to performance wall structure at a 90° angle to support the performance wall with return spanner or to connect 2 performance walls.

Notes

When specified as a return spanner (R), a vertical support column and all hardware and bracketry to connect to the performance wall column (MN300.) are included.

Return spanner (R) requires spanner zone structure (MN500.) and cladding (MN510.) or wood slat (MN520.) or perforated metal (MN560.).

When specified as a column spanner (P), all hardware and bracketry to connect the 2 performance wall columns (MN300.) is included.

When column spanner is specified with an intermediate open door column (OD), glass door column (GG), or middle column (HO), the vertical support column is included.

When specified as an intermediate spanner (W), all hardware and bracketry to connect to the performance wall structure (MN200.) is included.

Order wall fasteners (X1192.) and toggle wall strip anchors (X1191.) separately.

Dimensions

Spanner *continued*

Specification Information

Step 1.

MN400.

Step 2. Type

- P** column spanner
- R** return spanner
- W** intermediate spanner

Step 3. Wall Start

For return spanner (R) or intermediate spanner (W)

NWS no wall start

For column spanner (P)

NWS no wall start

YWS wall start

Step 4. Length

For return spanner (R) with no wall start (NWS)

- 04** 4' long
- 06** 6' long

For column spanner (P) with no wall start (NWS) or wall start (YWS)

- 06** 6' long
- 07** 7' long
- 08** 8' long
- 10** 10' long
- 11** 11' long
- 12** 12' long
- 14** 14' long
- 15** 15' long
- 16** 16' long

For intermediate spanner (W) with no wall start (NWS)

- 08** 8' long
- 10** 10' long
- 11** 11' long
- 12** 12' long
- 14** 14' long
- 15** 15' long
- 16** 16' long

Step 5. Intermediate Support Column

For return spanner (R) with no wall start (NWS) with 4' long (04) or 6' long (06)

RP return

For column spanner (P) with no wall start (NWS) or wall start (YWS) with 6' long (06)

NP no column

For column spanner (P) with no wall start (NWS) or wall start (YWS) with 7' long (07), 8' long (08), 10' long (10), or 11' long (11)

- GG** glass door column
- NP** no column
- OD** open door column

For column spanner (P) with no wall start (NWS) or wall start (YWS) with 12' long (12), 14' long (14), 15' long (15), or 16' long (16)

- GG** glass door column
- HO** middle column
- NP** no column
- OD** open door column

For intermediate spanner (W) with no wall start (NWS) with 8' long (08), 10' long (10), 11' long (11), 12' long (12), 14' long (14), 15' long (15), or 16' long (16)

NP no column

Step 6. Spanner Engagement with Infill

For column spanner (P) or return spanner (R) with no wall start (NWS) or wall start (YWS)

NBE no spanner engagement

Step 7. Column Engagement with Infill

For return spanner (R) with no wall start (NWS) with return (RP)

- NPE** no column engagement
- YPE** column engagement

For column spanner (P) with no wall start (NWS) with glass door column (GG), middle column (HO), or open door column (OD)

- NPE** no column engagement
- YPE** column engagement

Spanner *continued*

For column spanner (P) with wall start (YWS) with glass door column (GG), middle column (HO), or open door column (OD)

YPE column engagement

Toggle Wall Strip Anchor

X1191.

Product Information

Description

This anchor provides extra support for a wall hanger strip. Package contains 100.

Notes

Recommended for use in all drywall installations. Use with wall fastener (X1192.3).

Dimensions

Specification Information

Step 1.

X1191.

\$541

**Product Information****Description**

This black pan head fastener attaches a wall strip to a wall. Package contains 100.

Notes

Specify fastener based on wall construction:

- 1½"-long #10 pan head sheet metal screw (X1192.1) fastens into anchors in cement blocks, poured walls, and brick
- 3"-long #10 pan head sheet metal screw (X1192.2) fastens into studs or TC toggles in drywall
- 3"-long #10 pan head machine screw (X1192.3) fastens into toggle wall strip anchor (X1191.) or wing toggle in drywall.

For drywall applications using X1192.3 wall fasteners, toggle wall strip anchors (X1191.) or equivalent fasteners are recommended; order separately.

Specification Information**Step 1.****X1192.****Step 2. Size**

1	no. 10, 1½" sheet metal screw
2	no. 10, 3" sheet metal screw
3	no. 10, 3" machine screw

3	\$82

Product Information

Description

This cladding attaches to one side of the performance wall structure and extends to the floor, concealing the structure. Surface options are tackable fabric, laminate, or markerboard. Cladding is UL Listed and NFPA classified. Hardware and backer rails included.

Notes

Specify length of cladding to match length of performance wall structure.

When specifying cladding with light switch (RL, LL), cladding comes with cutouts for light switch. Requires use of light switch that comes with linear light (MN100.) or a field supplied light switch. Order linear light separately.

When specifying cladding with lite rail mounting (YR), cladding comes with cutouts for mounting lite rail. Order lite rail (MN920.) separately.

When specifying cladding with monitor mount (YM), cladding comes with cutouts for mounting media components (MN910.) and media structure (MN915.), ordered separately.

When specifying cladding with power cutouts (22, 32, 33, 42, 44), cladding comes with cutouts for power access. Order power components separately.

For tackable fabric (F), fabric direction is vertical.

Fabric cladding accepts Customer's Own Material (COM). Yardage is estimated for vertical direction, 54"- and 66"-wide fabrics. All cladding panels are 86" high.

COM yardage requirements:

- 2 cladding panel sections (performance walls 6'-8' long)—5.7 yards
- 3 cladding panel sections (performance walls 9'-12' long)—8.55 yards
- 4 cladding panel sections (performance walls 13'-16' long)—11.4 yards

Order optional products separately:

- Lite rail (MN920.)
- Media structure (MN915.)
- Media components (MN910.)
- Cutout cover (MN151.)
- Electrical components

Service part required for 8' performance walls that accommodate a monitor mount and a light switch within the same wall, whether the switch and monitor are on the same side or opposite sides of the wall.

Order service part U1BN5C0, Media Kit 8 ft w Light Switch, through Service Parts.

Step 11. Bezel Finish

For monitor mount (YM) with power access (YP)

3G	brownstone	+\$0
8Q	folkstone grey	+\$0
91	white	+\$0
98	studio white	+\$0
BK	black	+\$0
CL	cool grey neutral	+\$0
G1	graphite	+\$0
WL	sandstone	+\$0
WN	warm grey neutral	+\$0

Product Information

Description

This steel frame holds cladding on both sides. Configuration options are full-length structure, structure with door column, and structure with middle column. Includes hardware and frame-to-frame connector kits.

Notes

Spanner zone structure is required when specifying spanner zone cladding (MN510.). Order cladding separately.

Spanner zone structure is required to be cladded for its entire length.

Spanner zone cannot support media components (MN910.), media structure (MN915.), or electrical components.

For appropriate planning applications, see Overlay™ planning guide.

Dimensions

Specification Information

Step 1.

MN500.

Step 2. Spanner Length

- 04** 4' long
- 06** 6' long
- 07** 7' long
- 08** 8' long
- 10** 10' long
- 11** 11' long
- 12** 12' long
- 14** 14' long
- 15** 15' long
- 16** 16' long

Step 3. Configuration

For 4' long (04) or 6' long (06)

FL full length structure

For 7' long (07), 8' long (08), 10' long (10), or 11' long (11)

DP structure with door column

FL full length structure

For 12' long (12), 14' long (14), 15' long (15), or 16' long (16)

DP structure with door column

FL full length structure

HO structure with middle column

Product Information

Description

This cladding attaches to one side of the spanner zone structure and extends to the floor, concealing the structure. Surface options are tackable fabric, laminate, or markerboard. Cladding is UL Listed and NFPA classified. Hardware and backer rails included.

Notes

Specify length of cladding to match length of spanner zone structure. When specifying cladding with lite rail mounting (YR), cladding comes with cutouts for mounting. Order lite rail (MN920.) separately. When spanner zone structure and cladding are used with sliding glass door, lite rail cannot be used on the spanner zone cladding. Spanner zone cannot support media components (MN910.), media structure (MN915.), or electrical components.

For tackable fabric (F), fabric direction is vertical.

Fabric cladding accepts Customer's Own Material (COM). Yardage is estimated for vertical direction, 54" and 66"-wide fabrics. All cladding panels are 86" high.

COM yardage requirements:

- 1 cladding panel section (spanner return 4' wide)—2.85 yards
- 2 cladding panel sections (spanner zone 6'-8' long)—5.7 yards
- 3 cladding panel sections (spanner zone 10'-12' long)—8.55 yards
- 4 cladding panel sections (spanner zone 14'-16' long)—11.4 yards

Order optional products separately:

- Lite rail (MN920.)
- Light seal (MN930.)

Product Information

Description

This wood slat connects to a column and a return spanner or column spanner. Hardwood slats vary in both grain character and color due to natural characteristics of wood. Mounting hardware included.

Notes

Wood slat is used in the spanner zone and can be specified for use with return spanner (MN400.R) or column spanner (MN400.P), ordered separately.

Specify wood slat by spanner length and spanner zone configuration.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This mount attaches to the underside of a column spanner and is for use only with the column spanner. It includes a top channel, bottom channel, and all hardware and gaskets. Glass not included.

Notes

Glass mount is offered in 2 lengths. For spanner up to 8' long, specify 8' long glass mount (01). For spanner longer than 8', specify 16' long glass mount (02).

Glass mount is for use with a column spanner (MN400.P) only.

Glass must be supplied locally. This mount comes with extrusions and hardware only.

Glass installer necessary for installation.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This hardware provides for the addition of a sliding glass door to a spanner with a glass door column. Package includes hardware, track, and shroud to conceal track. Door handle optional. Glass not included.

Notes

When sliding glass door is used with spanner zone structure and cladding, lite rail (MN920.) cannot be used on the spanner zone cladding.

Glass must be supplied locally. This mount comes with extrusions and mounting hardware only.

Glass installer necessary for installation.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This track attaches to the underside of a column spanner to allow use of a fabric curtain. It includes track and hardware. Fabric and clips not included.

Notes

Curtain track to be used with column spanner with no intermediate support column specified.

Curtain track may come in 1 or 2 tracks. Number and length of tracks is predetermined based on overall spanner length.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This set of components sit atop 2 adjacent column spanners parallel to the performance walls. Trellis is made of PET material. Color is cool heathered grey.

Notes

Trellis is for use only in an Overlay™ configuration that has 2 performance wall structures (MN200.) and 2 spanners (MN400.) that connect the 2 performance walls.

For a performance wall longer than 8', an intermediate spanner (MN400.W) is needed to accept the Trellis. Order separately.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

Media mounting components include mounting board(s) and electrical housing to accommodate the mounting of 1 screen or monitor. Electrical housing includes 1 duplex to be used for system power, and wire management for data infeed.

Notes

For use with performance wall structure (MN200.) only. Order structure separately.

Order performance wall cladding with monitor mount (MN210. xxxxxxxY) separately.

Order media structure (MN915.) separately.

For appropriate planning applications, see Overlay™ planning guide.

Service part required for 8' performance walls that accommodate a monitor mount and a light switch within the same wall, whether the switch and monitor are on the same side or opposite sides of the wall.

Order service part U1BN5C0, Media Kit 8 ft w Light Switch, through

Service Parts.

Product Information

Description

This structure mounts to the performance wall structure to create a substrate for a monitor mounting bracket. Media structure includes rails, substrate, and all hardware.

Notes

- Monitor mounting bracket must be field supplied.
- For use with performance wall structure (MN200.) only. Order structure separately.
- Order performance wall cladding with monitor mount (MN210. xxxxxxxYM) separately.
- Order media components (MN910.) separately.
- For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This rail mounts to performance wall cladding and spanner zone cladding to support Exclave™ small boards and large boards. Rail comes with cleats and end caps.

Notes

Order Exclave small and large boards separately.

Specify performance wall cladding (MN210.) and spanner zone cladding (MN510.) for use with lite rail.

Lite rail attaches to cladding in predetermined locations and spans full length of cladding configuration specified.

For appropriate planning applications, see Overlay™ planning guide.

Product Information

Description

This power entry connects a building's electrical supply from the floor to any powered performance wall structure. Power entry takes the place of a receptacle location in the performance wall. It is available in 8-wire and 10-wire configurations and distributes up to 4 20-amp circuits. It is available in 4 lengths and can be field cut to appropriate length. Power entry is UL Listed and Canadian UL Listed.

Notes

Receptacle cutout locations to be specified within performance wall cladding (MN210.).

Licensed electrician must wire power entry.

Power entry uses 1 modular connection location on adjacent power harness (MN150.).

Product Information

Description

This power entry connects a floor infeed from a building's electrical supply to the base of the performance wall structure. It connects to the modular connection location on the end of a power harness and includes a junction box. Power entry is designed to be compliant with New York infeed requirements. Power entry is UL Listed and Canadian UL Listed.

Notes

Licensed electrician must wire power entry.

The performance wall cladding (MN210.) panel that has power entry cannot have cutouts for receptacles.

Power entry uses 1 modular connection location on 1 end of adjacent power harness (MN150.).

Product Information

Description

This power harness distributes power within performance wall structure. It is available in 8-wire and 10-wire configurations and distributes up to 4 20-amp circuits. It provides 2 receptacle locations, 1 on each side of the performance wall structure. Harness is suspended from the bottom of the performance wall structure within the interior of the frame. Performance wall length determines how many harnesses can be used. Harness is UL Listed and Canadian UL Listed.

Controlled Receptacle, 4-Circuit, MN152M 15 amp

Product Information

Description

This receptacle is to be used for ASHRAE90.1 and Title 24 compliance. A controlled receptacle should be used for any receptacle that is automatically controlled by the energy management system. Receptacle locks into the power harness of a frame. It is UL Listed and Canadian UL Listed. Package contains 6 receptacles.

Notes

Receptacles can be placed on each side of the performance wall structure in standard locations.

Controlled Receptacle, 4-Circuit, MN153M 20 amp

Overlay™ Power

Product Information

Description

This receptacle snaps into an 8-wire, 4-circuit, shared neutral power harness or a 10-wire, 4-circuit, separate neutral power harness to provide power to equipment with a 20-amp standard plug head or cap. It also accepts 15-amp standard plug heads or caps. Receptacle is UL Listed. Single-pack unit includes 1 receptacle.

Notes

Avoid overloading circuit by ensuring total connected load does not exceed 16 amps. If 1 piece of equipment requires all available power, do not use receptacle's second outlet or install additional receptacles on that circuit. In many cases, equipment requiring this receptacle will use all available power.

Product Information

Description

This power jumper connects power horizontally from one power harness to another. It connects power between adjacent frames. Power jumper connects into the end of a harness; it does not connect into a receptacle location. Power jumper is UL Listed and Canadian UL Listed.

Notes

For ceiling, floor or no infeed locations (CL, FL, NO), appropriate jumper will be supplied to reach from base power to infeed.

When using linear light (MN100.), specify yes light switch (YL) option for a jumper that connects power harness to light switch. Linear light comes with jumper from switch to light.

Jumper uses 1 of 4 modular connections on each end of adjacent power harness (MN150.).

For appropriate planning applications, see Overlay™ planning guide.

20-Day or Less/Assigned Lead-Time Order Information

GSA

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Meridian® Filing and Storage:

(616) 846 9236.

Order Entry fax number for all other products:

(616) 654 3085.

For more information, contact your Customer Care representative at:
(866) 854 3048 ext 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Distribution Rights

Working together since 1956, Herman Miller and Vitra are the authentic sources of designs by Charles and Ray Eames, Alexander Girard, and George Nelson. All the designs shown in this book are protected by law. Herman Miller has obtained all rights to make and sell these designs. Also, Herman Miller holds exclusive worldwide manufacturing and distribution rights for these products with the following exceptions:

Charles and Ray Eames, George Nelson, and Alexander Girard—Worldwide distribution rights for furniture in all areas except Europe and the Middle East. For those areas, please contact Vitra.

Isamu Noguchi—Worldwide distribution rights for the Noguchi Rudder Table. Distribution rights for the Noguchi Table in North America and Central America only. For all other areas, please contact Vitra.

Magis—Exclusive distribution rights in the US and Canada. For all other areas, please contact Magis.
