

M Series

unique. custom. innovative.

James Morrow

Created exclusively for Sedia Systems by award winning designer James Morrow, the M Series is ideal for today's higher education and corporate learning environments. Characterized by its flexible features and contemporary design, the M Series is available in both swing away seating or fixed table configurations. This system can adapt to any room layout by utilizing straight or curved rows, on flat, sloped or tiered floors. Explore the infinite options available with the unrivaled M Series.

Highlighting Design

Seat Styles

Numerous seat options to meet the needs of any lecture or training room.

Power/Data/USB Modules

Choose from a variety of surface mounted pop-up or undermount power, power/data or power/USB modules.

Flat Oval Tubing

Sleek oval tube, made from 11 gauge steel, provides a durable structure with contemporary styling.

Foot Cover

Rigid plastic covers conceal unsightly floor anchors enhancing system aesthetics.

Torsion Spring

Arm mechanism components deliver consistent seat return position.

Wire Management

Under mounted raceway and covers are designed to keep cables out of view and protect them from external tampering, while complementing the M Series design.

Adjustable Support Brackets

Height and pitch adjustability eliminates the need for shims on uneven floors, delivering level work surfaces on every installation.

Auto-Return Cylinder

Rotating cylinder returns chair square with table and provides height adjustability, automatically restoring chair to original orientation when unoccupied.

Creating Environments

The M Series' innovative design and outstanding versatility make it stand apart from the competition. M50 fixed tables allow flexible loose seating configurations while the M60 swing away system incorporates a self-centering seat return that provides consistent seat count and room uniformity. From maximizing collaboration to maximizing capacity, the M Series offers seemingly infinite options that optimise room functionality.
