

SMARTCOAT™ and Solstice®

Don't let the age of your roof stand in the way of going solar

CertainTeed is the only company offering a comprehensive commercial roofing and solar warranty solution.

Aligning 25-year warranties for a low-slope roof and rooftop solar system is ideal, but happens infrequently. CertainTeed offers you the option of restoring your aging roof while also reaping the financial and environmental benefits of a highly efficient solar roof system.

CertainTeed's **SMARTCOAT** liquid-applied roof restoration systems are an excellent solution to extend the life of your existing roof without breaking the bank.

- **25-year restoration warranties available to select SMARTCOAT Approved Contractors**
- **No warranty finger pointing – solar and roof systems are backed by CertainTeed**
- **Roof warranty terms allow installation of CertainTeed photovoltaic power system without compromising coverage**
- **Avoid the expense and waste of roof tear off, disposal, and replacement**
- **Financially beneficial tax law allows roof restorations to be fully depreciated in year one**
