

METAL WALLS & CEILINGS

High Profile Series™
Frameworks

Elevate every interior

Precision-cut straight and curved extruded aluminum beams. Seamless baffles up to 20 feet in length. Ingenious lighting options.

Creating signature wall and ceiling designs is eminently achievable with the bespoke versatility of CertainTeed Architectural's High Profile Series™ Frameworks.

- Variety of finishes, sizes, and shapes—you dream it, we'll help realize it
- Support options include traditional threaded rods, Unistrut® supports, and lower-visibility aircraft cables
- Smooth joins and hidden splices
- Patented locking mechanism

Create freely

Artistic? Classic? Playful?

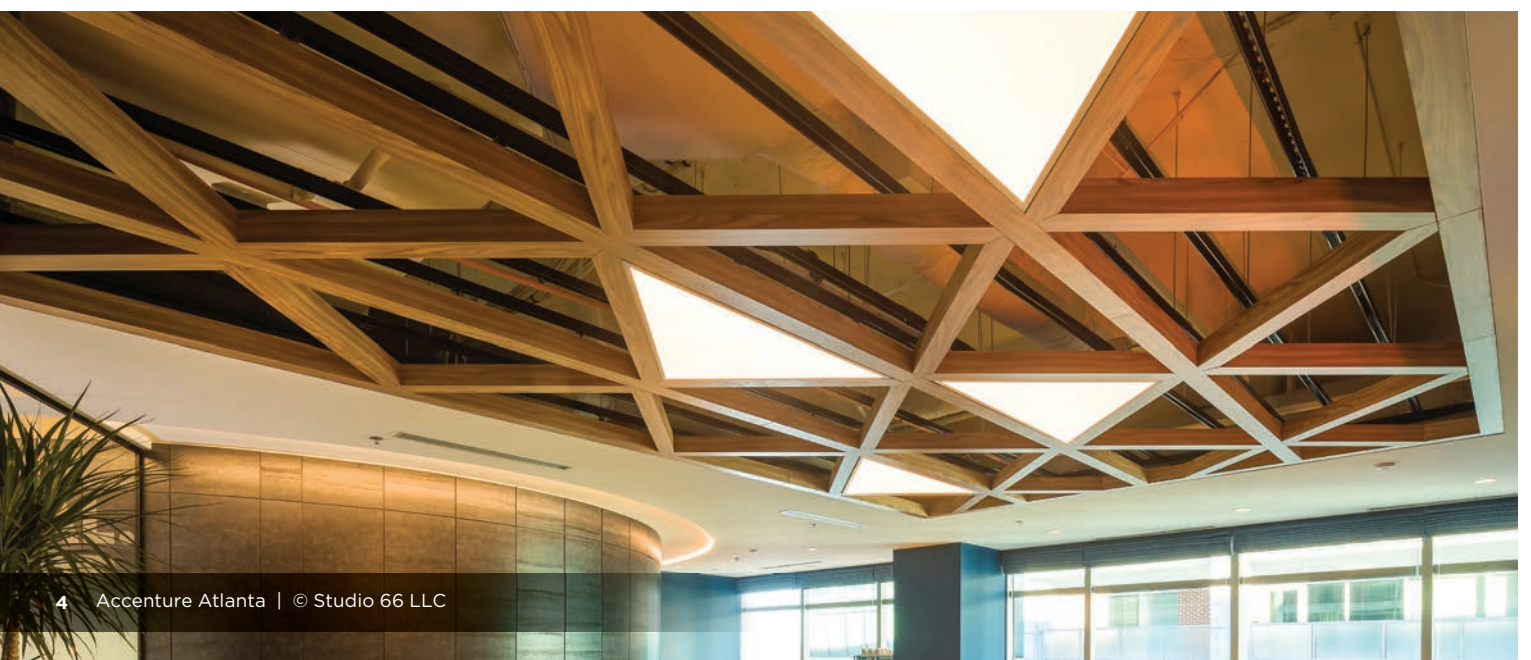

Whatever design the space demands, whatever you can envision, our project-specific engineering ensures precision-formed beams. Add a tempting palette of finishes and lighting options for breathtaking results.

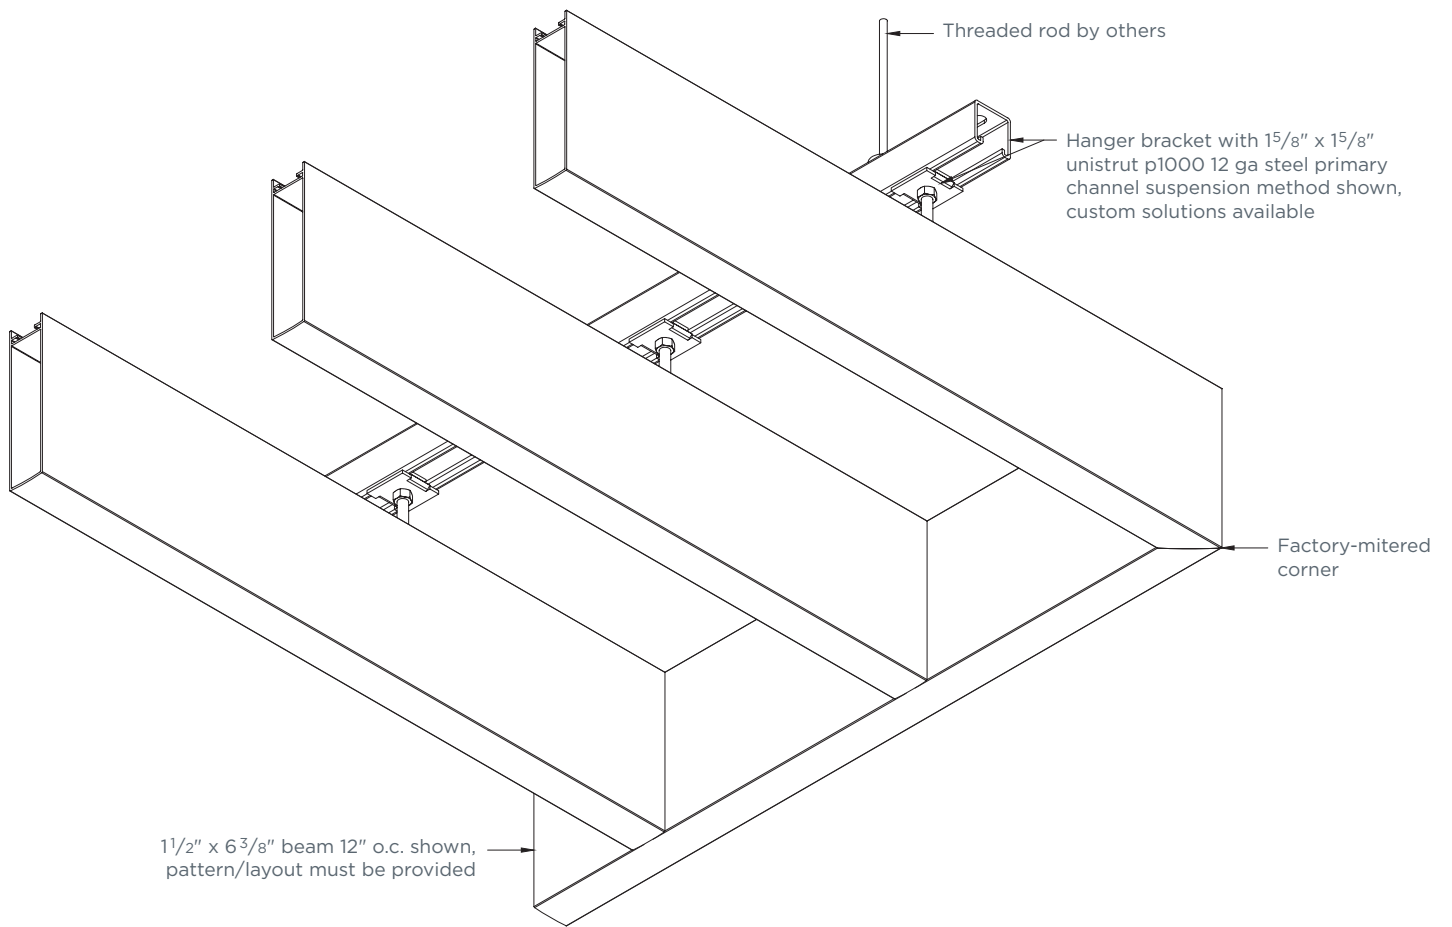

BEAM DIMENSIONS

A variety of sizes are available:

Beam profile

- 1-1/2" x 4-3/8"
- 1-1/2" x 6-3/8"
- 1-1/2" x 8-3/8"
- 1-1/2" x 10"
- 1-1/2" x 12"
- 2" x 4"
- 2" x 6"
- 2" x 8"

Complete the look

Finish off exposed beam and baffle ends with endcap accessories.

Integrate High Profile Series™ products with industry standard lighting, HVAC, and electrical systems for clean open plenum aesthetics.

The world is not flat...

...and neither are the dynamic ceilings and walls at your command with High Profile Series™ Frameworks. Create depth and dimensionality with elements that slope, flare, and even change direction. Panels of varying density also allow for the discovery of open space behind the beams.

Engineered for ease

Durable, lightweight aluminum beams & baffles install by threaded rods, Unistrut® supports, or aircraft cables

Convenient direct plenum access and integration with HVAC, electric, plumbing, and security systems

Sustainability is built-in: manufactured with up to 50% recycled content

Fire-resistant materials are U.S. Class A Fire Rated per ASTM E84

GREENGUARD Gold certification for Indoor Air Quality ensures that this product has low VOCs

Versatile High Profile Series Frameworks affords you the opportunity to go with the flow—or direct it. Add eye-catching depth and dimensionality, as well.

Discover a world of color & texture

A wide selection of rich colors and finishes await your imagination – including custom color matching. Matte and gloss finishes offer varied aesthetic options, and high-quality powder coating ensures colors and textures hold up over time. Plus, wood looks and decorated masonry options offer premium finishes with realistic textures and no repetition from beam to beam.

STANDARD PAINT COLORS

Cotton White Light reflectance (LR) Coefficient per ASTM E1264 & ASTM E1477: 0.81

CUSTOM COLORS

Premium custom colors.
