Railing, Porch & Decking Systems

## Aluminum Handrail Accessories

### Aluminum Handrail Component System

- Complies with ADA (Americans with Disabilities Act) requirements for grippable handrails
- Ideal for use with EverNew railing systems
- Installs easily on site with no preformed fittings
- Unique adjustable joiners accommodates any transition - 0° to 90° bends
- Aluminum construction reduces bowing and provides enduring strength
- Safe for stair and ramp applications
- Continuous handrail runs
- 1-1/2" diameter gripping area
- Virtually maintenance free
- Lifetime limited warranty

- Functional finishing touches: post and wall returns, end caps, return loops and a convenient straight joiner
- EZ Set bracket kit available for attachment to routed system

White

Note: Handrail depicted is not free standing and must be anchored to walls or guardrail using handrail bracket assembly (74028/74029). Space a maximum of 6' on center and as close as possible to both sides of any joint. (ADA compliant at 6ft spans)
