Materials blend for a pleasing appeal

Alia Metal Lounge Seating
Designers Speak Collection
Designed by Jordan Goldstein, AIA
and Shawn Littrel

A harmonious blending of materials is the distinguishing characteristic of the Alia Metal chair. An angled view reveals the unity of its elements: plush upholstered seat, back, and arms; appealing panels in maple or a choice of exotic woods; and understated yet solid stainless steel base. Together they provide comfort to the eye and the body, whether in lounge, 2-seat, or 3-seat versions.
