

## Deauville Table

Much like the Miami resort with which they share a name, Deauville tables are equally at ease in interiors that appeal to a Rat Pack sensibility or those that embrace the ultra modern. Bracket-shaped legs are an immediate focal point. Their primacy allows the top—executed in fine wood or with stone insert—to appear as though it floats. Clean lines, bold shapes, and pure materials combine for a timeless look that spans transitional to modern tastes.
