Modo Collection Terra

Cushioned comfort in a versatile look

Cumberland Modo Collection
Terra Bench
Designed by Gary Lee Partners

As solid as the earth, for which this piece is named, the Terra bench brings cushioned comfort to public spaces in libraries, schools, and other institutions. A fully upholstered seat cushion rests on a base that extends slightly beyond the cushion's dimensions. Cosmopolitan styling allows the bench to complement a range of environments, from traditional to contemporary.

Thick, comfortable cushion contrasts with the discreet platform base

Specifications

Fully upholstered bench is available in 4 lengths with upholstered seat panel and wood base.

Options

Upholstery: Com/Col, Fabric and Leather program
