Picnic™

Active Spaces For Active Work

Individual and group activities that happen in modern, shared spaces require a certain degree of flexibility, privacy, and functionality. As part of the Townhall™ collection, Picnic offers seated-height and standing-height tables, benches, and stool that turns underutilized, out-of-the-way spaces into agile touchdown areas for personal or team work.

Tables available in three heights and two depths transform commonly unused, difficult-to-plan perimeter spaces into effective work areas.

The lightweight design allows Picnic tables to be located throughout the space wherever work is happening.

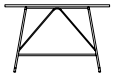

Choose from a wide selection of laminate finishes for the tabletop and paint colors for the base.

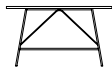

Picnic stools and benches easily pull up to tables. When not in use they layer to optimize space.
