

BRIEFING™

DESIGN GUIDE

Gunlocke®

designing with BRIEFING

The Briefing tables collection from Gunlocke provides a wide-ranging and highly flexible design palette for creating sophisticated and high-performance work settings. The power of the collection is in its capability to adapt to the diverse needs of today's agile workplace, and to do it with elegance.

This guide presents both inspirational as well as informational insights into the variety of ways to deploy the versatile selection potential of the Briefing collection. Explore and discover the opportunities that will unfold for you.

BRIEFING spaces

CONFERENCE

COLLABORATION

PRIVATE OFFICE

Briefing Spaces.

The Briefing tables collection smartly adapts to a variety of workplace settings, including conference rooms, collaboration spaces, private offices, learning environments, and lounge settings. With a comprehensive selection of options for base styles, materials, and finish choices, Briefing blends and accents an array of other furniture and design elements in the workplace.

LEARNING

LOUNGE

CONFERENCE spaces

Places for coming together.

Certain organizational activities require convening all the right people, and it often happens around a table. Briefing tables ensure that groups can meet, discuss, present, and decide, all in settings that enable effective interaction. In a variety of sizes, shapes, and materials, the tables in this collection invite the exchange of insight.

APPLICATION VERSATILITY

Select from a variety of leg styles and top shapes, and mix materials and finishes in ways that connect and complement other elements in the workplace.

COLLABORATION spaces

Creativity in action.

Today's workplace must combine an array of different spaces for different tasks, and a crucial element is accommodating group gathering places. People want to interact and connect, often spontaneously, and tables become a beacon for gathering. The Briefing collection offers inviting options.

APPLICATION VERSATILITY

Connecting and displaying and visualizing are today's tools for success. Briefing tables effectively integrate technology and creatively accommodate the easy exchange of ideas.

PRIVATE OFFICE spaces

Purposeful privacy.

The private office provides the opportunity for greater concentration and more protected conversations. The Briefing tables collection includes the styles and shapes to enhance enclosed spaces, integrating with casegoods and desking applications in ways that invite and complement.

APPLICATION VERSATILITY

A primary worksurface, a table for conferring with colleagues, an adjacent occasional table, Briefing has all the options that strike a style and enhance performance.

LEARNING spaces

Adapting to change.

Leading companies and organizations are learning companies and organizations. No matter what form or format learning and training sessions assume, Briefing tables are designed with the flexibility and functionality to help you manage the exchange of knowledge.

APPLICATION VERSATILITY

Learning modes shift, group sizes vary.
Briefing tables for these variable settings
are flexible, mobile, and highly functional.

STYLE choices

Design details.

The Briefing collection provides an array of options for integrating table designs with other workplace elements, or sometimes creating attractive visual distinctiveness.

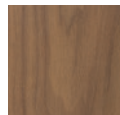

Inviting Sophistication

Gathering for collaboration and sharing ideas can be facilitated by the welcoming feel of the furniture configurations. Briefing tables invite people to creatively connect.

Uncommon Common Spaces

Even the most expected gathering spaces project greater value when Briefing tables strike their pose. Crisp styling invites simply pulling up a chair.

TECHNOLOGY details

Always accessible power.

Easy power and data access is crucial for a high-performance workplace. Briefing tables offer the options and configurations and placements that deliver versatility and smart integration.

PERIMETER POWER

- Ability to keep table top clean from cut-outs and cords
- 3 sizes available—larger size includes data jack blank
- USB power standard
- Standard plug or hardwire
- Daisy chain option
- Available in silver, black, white
- Supplier: Group Dekko

Shown with optional cable retractor

TECH PORT

- Proprietary design provides differentiated aesthetic and functionality
- Single- or double-door option
- Optional USB power
- Extron AAP cut-outs standard
- Optional cable retractors
- Standard plug or hardwire
- Cord gap on all sides provides “floating” aesthetic
- Ability to close doors during use
- Available in 6 metal finishes or matching veneer door
- Supplier: Gunlocke Design

BEZEL-MOUNT POWER MODULE

- Provides simple, quick, uninterrupted access to power and data
- USB power standard
- Standard plug or hardwire
- Includes data jack blank
- Daisy chain option
- Available in silver, black, white
- Supplier: Group Dekko

CABLE CUBBY

- Extron is a leader in audio/visual solutions
- Single- or double-door options
- USB power standard
- Extron AAP cut-outs standard
- Optional cable retractors
- Standard plug or hardwire
- For use only with expandable base
- Available in silver, black
- Supplier: Extron

TECH MODULE

- Provides power & data access with basic functionality
- Optional USB power, Extron AAP cut-out, or Qi wireless charging
- Optional cable retractors
- Standard plug or hardwire
- Available in silver, black
- Supplier: Byrne

TECHNOLOGY TROUGH

- Proprietary sliding-door design for unobstructed view across table
- USB power & Extron AAP cut-outs standard
- Optional cable retractors
- Large wells provide storage location for power bricks and small polycoms
- Standard plug or hardwire
- Provides a total of 8 power, 8 USB power, 4 Extron, 8 data blanks
- Available in 5 metal finishes
- Supplier: Gunlocke Design

WIRE management

Clever connectivity.

Briefing tables reduce the clutter of cables with a clever system that is both efficient and discrete.

1. Multiple Base Choices

Provide a wide range of style and functionality options

2. Scalable Technology

Allows specification of light to heavy power and data solutions

3. Wire Managers

Integrated into the beams, providing horizontal wire management from the technology units to the bases

4. Aluminum Beams

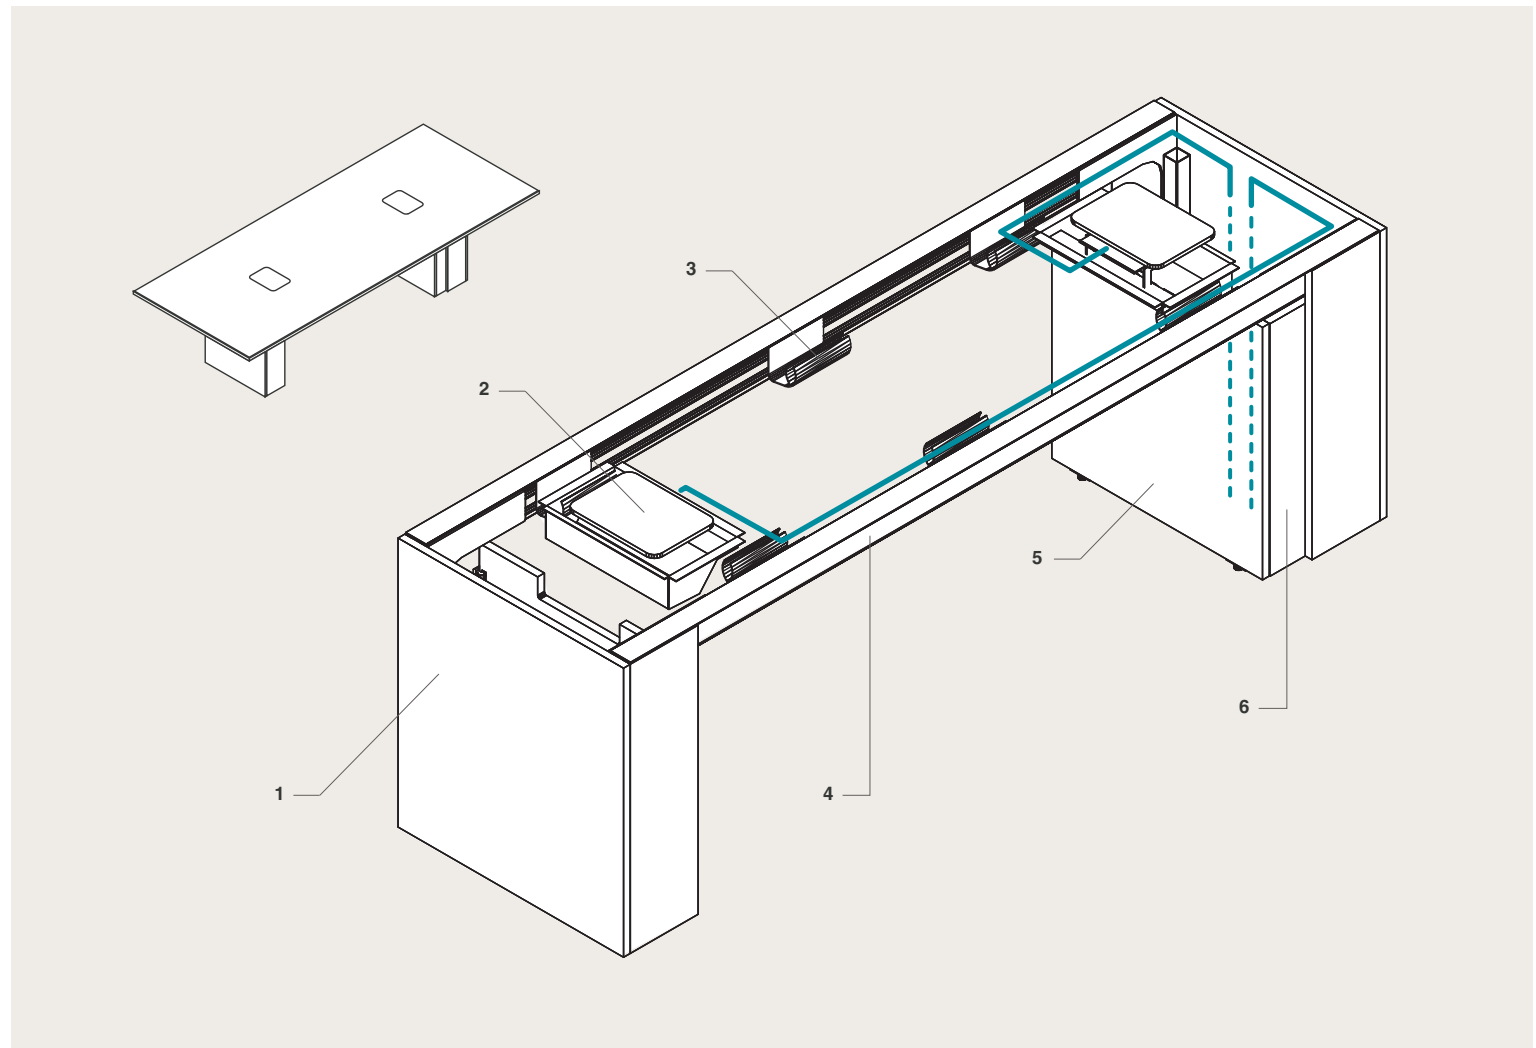

Provide structure to worksurface and bases, allowing for longer spans between bases

5. Removable Access Panels

Provide access to floor cores and the inside of bases for wire management

6. Expandable Panel Bases

Provide a flexible installation option for varying wire management needs
