Sift® Seating

Remarkable for style, comfort, and support, Sift task and guest chairs have all-mesh seats and backs made from **SoSoft** mesh—a breathable, supple, and incredibly soft woven material.

Catering to individual seating preferences, the full-function task chair offers synchro-tilt, lumbar adjustment, seat slide, and back lock. Guest chair provides design continuity in any setting.

Resilient Softness

Sift's **SoSoft** mesh is incredibly soft to the touch. Uniquely woven of soft Italian thread and elastomer, Sift conforms to your contours for amazing comfort.

Cool comfort

The constant cooling effect of Sift's mesh ventilation promotes a more comfortable and productive work day.

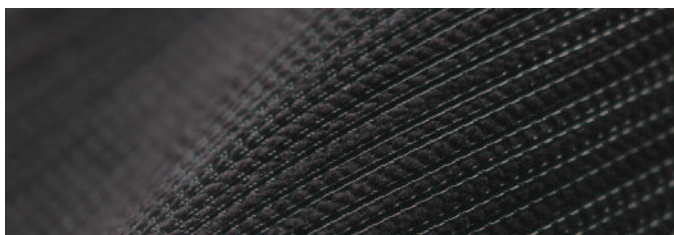

Built-in lumbar mechanism offers enhanced comfort and constant support. The mechanism adjusts easily from a sitting position and is standard on both task and guest chairs.

Dependability

Sift has test-proven durability and strength. Its **SoSoft** mesh has a 10-year warranty and passes KI's rigorous testing for bursting, tearing, and cleanability*. For proven strength, task chairs, task stools, and guest chairs are tested to support 300 pounds.

Touchable mesh. Timeless comfort.

Sift seating expresses contemporary style and ergonomic comfort. Linear design and inherent visual lightness are depicted in the **SoSoft** mesh material (seat available in **SoSoft** mesh or upholstered). Optional aluminum base adds design detail (standard task base is black nylon). Task chair and task stool are available armless or with adjustable T-arms. Guest chair cantilever arm is integral to the 4-leg frame.

Specifications

Task Chairs

Armless: 27W 29.25D 39 – 42.75H
 With T-Arm: 27W 29.25D 39 – 42.75H
 Seat: 19W 16-19D 18-22.5H
 Back: 18W H 20.5

Guest Chair

22.25W 21.25D 35.75H
 Seat: 19W 19D 19.5H
 Arm Height: 26.125
 Back: 18W 18H

Task Stool

Armless: 27W 29.25D 50.5-58H
 With T-Arm: 27W 29.25D 50.5-58H
