Work Chairs

Highly adjustable task seating offers maximum personalization for fit and comfort for a range of duration and use. By making a series of simple adjustments, you can customize the chair to your body, preferences, and tasks. These chairs provide continuous, stable, comfort, and can be quickly adjusted to support you in upright, and reclining work postures.

Reply 466 Series

Reply is a global family of value-friendly seating designed with unexpected extras.

Back frame and seat shell are plastic.

Back height adjustment on upholstered chairs allows you to raise or lower chair back from a seated position to support your lower back.

Five-star base is plastic, a polished aluminum base is available as an option.

Arm tube matches the frame finish.

Exception: The height-, width-, pivot-, depth- adjustable arm (maintenance width adjustment) is only available in black.

Arm support is coordinated to match the base finish.

Exception: The height-, width-, pivot-, depth- adjustable arm (maintenance width adjustment) is only available in black. Arm support color is always platinum metallic paint 4799 when the 6053 Seagull frame is selected.

Dual-wheel with roll-control casters may be used on soft and hard flooring surfaces.

Back handle on mesh back chairs provides a convenient handhold to easily move the chair.

Arms, when specified, have a textured plastic arm cap.

Lumbar height adjusts 4" to provide additional lower back support and is available as an option on mesh back chairs only.

Arm depth can retract 3" to allow user to get closer to the worksurface and into tight corners.

Arm height can adjust independently within a 3¾" range to help relieve upper back and shoulder fatigue.

Arm caps can pivot independently 18° in and 4° out to accommodate individual user preferences.

Arm width adjusts 1" per arm for a total of 2" overall width adjustment.

Multi-position back lock allows user to recline the back to the desired angle and lock it in place.

Seat depth adjusts within a 1½" range to accommodate users of varying leg lengths.

Seat height adjusts within a 5" range with a pneumatic adjustment mechanism.

Tilt tension adjustment allows you to control the amount of resistance needed for reclining.

Casters have hard, dual-wheels that roll smoothly on carpets. They are 2½" for increased mobility. Soft, dark grey treaded, dual-wheel roll-control casters are available for use on hard floors or mats.

Tip: Do not roll the chair across asphalt during installation as this may damage the casters.

Plastic glides are standard. Optional soft glides are available.

Product Details

Synchro-tilt mechanism with a natural fluid motion on work chairs keeps users oriented to their work.

Fixed-height multi-use chairs are available with or without arms.

Cartoned shipment of Reply work chairs is standard. Reply work chairs ship knocked down in a single carton consisting of two components: the base, pneumatic, mechanism, and seat (built up as one component), and the back with the attachment knob. This allows for shipment in a smaller carton. Leg-base multi-use chairs ship two to a carton, when applicable. Assembly by a qualified dealer installer is required for work chairs. Assembly instructions are included. No additional tools are required for assembly.

Uncartoned request means Reply work chairs will ship fully assembled and blanket wrapped.

Stacking density for leg-base multi-use chairs is six on the floor. Arms and casters do not impact the ability to stack.

Adjustment Features

Adjustability instructions are included with every swivel-base chair. Instructions can also be found at www.steelcase.com.

Seat Adjustments

Seat height adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Range of adjustability is 5", from 16"H to 21"H.

Seat depth adjusts 1 1/2" by pulling handle up. Slide seat forward or back to accommodate various leg lengths. Release handle to lock. Seat depth is a standard feature on work chairs.

Back Adjustments

Lumbar height adjusts 4" (6" to 10" from seat) by grabbing exposed tabs and sliding the lumbar support up or down. Available as an option on mesh work chairs only.

Variable back lock (4 positions)

Upright setting

Multiple position back lock allows users to recline the back to the desired angle and lock it in place. To lock, recline to desired angle and push back lock handle down. To release, lean forward, lift the handle and apply pressure to the back to disengage the lock.

Back height adjusts 2 1/2" (23"-25 1/2") by pressing and holding the control button on the right side of the back, and sliding the back support up or down. Release the control button to lock. This feature is standard on work chairs with upholstered (non-mesh) backs only.

Back tension adjusts by turning knob forward to increase back tension, backward to decrease back tension. This feature is standard on all work chairs.

Arm Adjustments

Height-, pivot-, and depth-adjustable arms are available as an option on Reply task chairs.

Arm height adjusts independently within a range of 3 3/4" (7 1/2"-11 1/4" from the seat). Push button on outside and under arm cap in while moving arms up or down. Releasing buttons locks arms in position.

Width maintenance arms adjust 1" each independently on chairs with this option. To adjust, loosen the screw under the arm tube and move to desired position and tighten.

Arms pivot 18° inward and 4° outward on models with adjustable pivot arms. Grasp arm and push front to left or right.

Arm depth adjusts approximately 3" to enable user to get closer to worksurface.

Other Features

Height-only adjustable arm is also available and adjusts 3 3/4".

Soft, dark grey treaded, dual-wheel roll-control casters are available as an option for use on hard floors or mats.

Dual-wheel roll-control casters for use on soft and hard flooring surfaces come standard on leg-base multi-use chairs when specified with casters.

Hard glides come standard on multi-use chairs when specified with glides. Soft glides are available as an option.

- Elmosoft leather
- Select Surfaces leather
- Vinyl

Chair with mesh back and swivel base

Arm cap assembly, 4D arms, and mechanism:

- 6205 Black

Frame and arm tube match:

- 6205 Black or 6053 Seagull

Swivel base and arm support coordinate:

- 6205 Black base with 6205 Black arm support
- 4799 Platinum Metallic base with 4799 Platinum Metallic arm support
- 8046 Polished Aluminum base with 4799 Platinum Metallic arm support

Exception: 6053 Seagull frame receives 4799 Platinum Metallic arm support.

Chair with upholstered back and swivel base
Outer back, arm cap assembly, 4D arms, and mechanism:

- 6205 Black

Frame and arm tube:

- 6205 black only

Swivel base and arm support coordinate based on base color:

- 6205 Black base with 6205 Black arm support
- 4799 Platinum Metallic base with 4799 Platinum Metallic arm support
- 8046 Polished Aluminum base with 4799 Platinum

Metallic arm support
Height-, width-, pivot-, depth-adjustable arms (maintenance width adjustment):

- Arm tube and support only available in 6205 Black

Chair with multi-use leg-base (outer back, and arm caps)

- 6205 Black

Chair with leg-base or sled-base (metal frame)

- 4799 Platinum
- 7207 Black

Casters

- 6205 Black

Glides

- Chair with multi-use leg-base
- 6205 Black

**Sewn-upholstery**

models feature a stitch detail on the sides of the seat and back cushions. Task chairs have an additional stitch across the lumbar region of the back cushion.

Swivel-Base Models**Mesh back on swivel-**

base models are available with a height-adjustable lumbar option to enhance back support.

**Upholstered back on swivel-base models**

feature a back-height adjustment that allows you to raise or lower the chair back from a seated position to support your lower back.

Leg-Base and Sled-Base Models

Mesh back frame with handle on leg-base models provides a convenient handhold to easily move the chair.

Upholstered backrest on leg-base models features a plastic outer shell.

All Steelcase seating with standard upholstery fabrics complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

Programs & Services

► See *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

The Customer's Own Material (COM) Program

offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

- Visit www.steelcase.com

Soil retardants are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to lineone@steelcase.com.
