Work Chairs

Cachet offers basic ergonomic comfort for people who have varied tasks and tend to be in and out of the office during the day. Features include adjustable seat height and a unique Balanced-Action Rocker (BAR) mechanism that allows users to recline easily without a manual adjustment. Also featured is the no front-rise seat—in other words, when you lean back, the front edge of the seat doesn't rise up, lifting your legs off the floor and cutting off circulation.

Adjustability Features

► See page 28 for a comparison to other chairs

Cachet 487 Series

Cachet chairs are lightweight, extremely comfortable, multi-use chairs with a unique Balanced-Action Rocker (BAR) mechanism that allows the chair to recline in response to the user's weight.

Flexible, contoured back and seat have parallel slats that conform to individual users.

Nylon injection-molded tubular frame provides strength with minimal weight.

Plastic glides are standard. Optional soft glides are available.

Balanced-action rocker (BAR) mechanism allows every user to fully recline.

Five-star base is standard.

Flip-up arms easily lift to move out of the way or to allow for stacking.

Seat height adjusts within a 5" range (15½"H to 20½"H) with a pneumatic-adjustment mechanism.

Casters have hard, dual-wheels that roll smoothly on carpets. They are 2⅜" diameter for increased mobility. Soft, dark grey treaded, dual-wheel roll-control casters are available for use on hard floors and mats.

Tip: Do not roll the chair across asphalt during installation as this may damage the casters.

Product Details

Chair bases are available in three styles—fixed-height four leg, adjustable-height swivel, and adjustable-height stool.

Balanced-action rocker (BAR) mechanism allows the user to recline for optimum comfort.

Upholstered cushions are available for use on chair back and seat. Cushions can be specified for factory installation or ordered separately for field installation. When specified with the chair, cushions are available for seat and back, or seat only. When ordered separately, cushions are available for seat and back, seat only, or back only. The cushions attach to the slats of back and seat.

Tip: You must specify plastic outer back color to match chair.

Soft, dark grey treaded, dual-wheel roll-control casters are available for use on hard floors or mats. Roll-control casters feature an internal brake that activates when the chair is not under load to reduce shifting when user stands up.

Hard plastic glides are standard on leg-base chairs.

Soft felt glides are available as an option for use on non-carpeted surfaces. The soft glide is reversible—soft on one side, hard on the other.

Leg-base chairs stack five high on the floor and 20 high on the dolly. Upholstery does not impact stacking capacity.

Leg-base chairs are available with or without flip-up arms. Chairs with or without arms can be stacked.

Other Features

Foot ring height on stools adjusts by first lifting ring and rotating it counter-clockwise to unlock. Then raise or lower ring up to 2" to desired position before rotating it clockwise to lock. The foot ring has a diameter of 20".

Transport and storage dolly is available to stack, move, and store up to 20 leg-base chairs. Upholstery does not impact stacking capacity. Swivel-base chairs will not stack.

Unloaded transport dolly measures 48"D x 23"W x 38 3/4"H.

Fully loaded transport dolly measures 51"D x 23"W x 78 3/4"H.

Ganging and alignment device is available to link leg-base chairs together in the field for evenly spaced rows. Chairs can be separated easily. Spacing between chairs linked with alignment device is 2".
Tip: You must specify plastic color of ganging and alignment device to match chairs.

Cachet is recommended for indoor use only.

Surface Materials

► See surface materials on page 634 for specific availability or refer to the *Surface Materials Reference Manual* for further information.

Hard components (frame, flip-up arms, back, seat, and base)

- Swivel and 4-leg chair models available in black and midnight
- Stool available in black only

Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- Elmosoft leather
- Select Surfaces leather
- Vinyl

Glides

- Color-matched plastic on leg-base chair
- Color-matched soft plastic on leg-base chair (option)

Casters

- Hard, black plastic wheels on swivel-base chair and stool
- Soft, dual-wheel roll-control black plastic wheels (option)

All Steelcase seating with standard upholstery fabrics complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

Programs & Services

► See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

The Customer's Own Material (COM)

Program offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products.

Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

- Visit www.steelcase.com

Soil retardants are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to lineone@steelcase.com.

Local codes may have special requirements for upholstery.
