Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Kit is required for undermount installations (sold separately).

To clear the overflow side bath rim, a minimum 7" (178 mm) bath spout is recommended.

To clear the end wall bath rim, a minimum 10" (254 mm) bath spout is recommended.
