

Legacy Reimagined

Ultraleather
2024
ReFresh

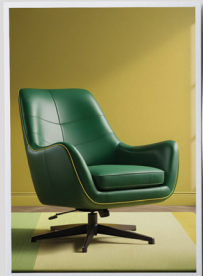

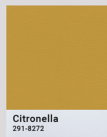

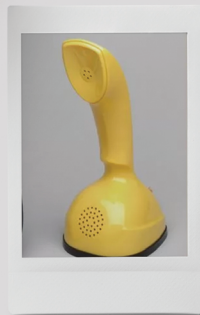

The background of the entire page is an abstract composition of various organic, blob-like shapes in different colors. These shapes, which resemble soft leather or fabric, are scattered across the white background. The colors include shades of red, blue, yellow, green, grey, and white. Some shapes are large and prominent, while others are smaller and more subtle. The overall effect is a modern, artistic take on traditional materials.

Revitalizing Tradition

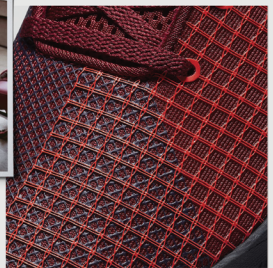

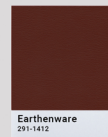

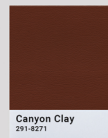

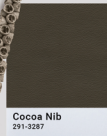

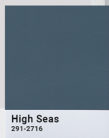

Commemorating 25 years of excellence, we invite you to rediscover Ultraleather, one of Ultrafabrics' most beloved collections.

Recognized for its supple touch, natural grain, and lasting performance, this classic collection has received a contemporary update with 10 fresh shades. These additions expand the offering to over 70 choices, ensuring its relevance in today's design landscape and beyond.

From Nostalgia to Now

Classic Grey
291-8779

The new hues are inspired by the appreciation of color nuances, otherwise known as color sensibility. We reflected on the enduring impact artists have had on color application across design, and we thoughtfully introduced this selection of timeless, yet modern, shades into the Ultraleather palette.

Citronella
Canyon Clay
Cocoa Nib
Classic Grey

Serene, Adaptable, Warm

High Seas
Olive Leaf
Emerald Isle

Revitalizing, Balanced, Lush

Mothwing Earthenware Flagstone

Cozy, Subtle, Organic

Mindful Design Made Easy

Ultraleather contains over 50% rapidly renewable resources.

By 2025, all Ultrafabrics collections will include rapidly renewable and/or recycled ingredients.

Ultraleather's woven backcloth incorporates TENCEL™ Modal, a man-made cellulosic fiber produced from renewable beech wood.

Additional sustainability features of Ultraleather:

- 01 No intentionally added PFAS
- 02 Free of PVC, plasticizer phthalates, and formaldehyde
- 03 SCS Indoor Advantage Gold certified
- 04 REACH compliant

Superior Style, Uncompromising Performance

Ultraleather is the ultimate choice for any application. From contract furniture and lounge seating to healthcare, RVs, marine, and aviation, Ultraleather unlocks limitless possibilities.

- 01 Timeless texture and soft touch
- 02 Exceptional durability – industry-leading
16 weeks hydrolysis results
