

# ARTISTIC TILE

Inspired by the four fundamental elements of nature - Air, Fire, Water, and Earth- Italian artisans have created a contemporary design by expertly manipulating natural stone. In this new design exclusively for Artistic Tile, artisans ingeniously craft a textured stone using an original finishing technique that gives Ambra the appearance of two separate stones. The polished finish is darker, while the matte finish is lighter. This unique collaboration of dark and light shades in an undulating pattern is intended to form more than walls. Rather, Ambra forms the backdrop for a dreamscape where the dreamer can get swept away on ocean waves, drift effortlessly with clouds across the sky, feel the heat of flames dancing in a fire, and experience the magnificent texture and beauty of the earth.

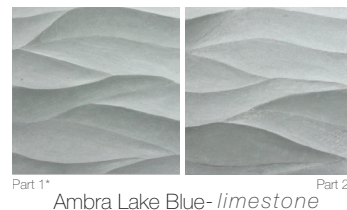

This sculptural, three-dimensional stone tile is hand-carved. Much like a piece of art, it provides a touch of drama to any exterior or interior wall installation, especially when illuminated. The collection includes 24" x 24" and 12" x 12" tiles in three colors: Lake Blue, Moss Green, and Gris.
