Laminate Top – Electric Adjustment for C-leg Base or T-leg Base

C-Leg

T-Leg

TJRA

Simple

Programmable

Single Stage
Dual Stage Low

Features

- Includes 1.18”(30mm) thick laminate top, C-leg or T-leg telescoping base assembly, standard or programmable paddle, wire management clips, adjustable glides and hardware.
- Laminate top with 3mm edgeband edge on user side and 1mm on remaining edges.
- Electric Height adjustment:
 - 1.4”(36mm) per second.
 - Single Stage (Standard Range)
 - Telescoping columns with 19.2”(488mm) continuous adjustment range.
 - Table height adjusts from 27.4”(696mm) to 46.6”(1184mm), table height includes 1.18”(30mm) table top.
 - Dual Stage (Extended Range)
 - Telescoping columns with 26.1”(663mm) continuous adjustment range.
 - Table height adjusts from 22.6”(574mm) to 48.7”(1237mm), table height includes 1.18”(30mm) table top.
- Paddle Actuator:
 - Simple paddle with up/down control.
 - Programmable paddle with up/down adjustment control, two memory settings, move reminder and OLED display.
 - Can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Base includes:
 - Control box which contains a built-in collision detection system using gyro-sensor technology.
 - Two telescoping columns
 - Expandable frame (40.18”(1021mm) to 71.7”(1821mm))
 - End brackets
 - Flat steel feet (pair) with mitered edge.
 - Available in three standard colors. Additional premium colors available with Upside+ specification.
- Includes 9’(2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 12”(305mm) overhang on one or both sides of the frame legs. Do not mount suspended storage to the overhang.
- Power Modules or grommets are available for field installation; separately specified.
- Select suspended storage is allowed on Upside tables 58”(1473mm) wide and greater.
- Recommended suspended storage:
 - Belong Suspended Pedestals KUPA-1609-SNSUNN and KUPD-1609-SNSUNN.
- Upside not designed to accept Haworth AKP’s or CPU holders.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other work surfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application. SEE CHART BELOW.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A; all materials allowed except glass, SUFB-____-GA.
 - Belong Plus Screens for Height Adjustable Tables SUSB-____-FNUUNNN
- Drawer accessories are allowed on 29”(737mm) deep C Leg Tables only (TJRA-29-____-SNC-____). Must mount between table legs, forward of table support. Ensure knee space compliance for seated knee space (see Specification Guide for application):
 - Active Components Security Drawer AHDD-0312-SUNNL
 - Shallow Drawer DS-3
 - Steel Center Drawer SCD-19
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Separately specified caster kit available. See Specification Guide for application.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Base:

- C C-leg
- T T-leg

2 Paddle Options:

Single Stage (Standard Range):

- X Simple
- Y Programmable, add \$99.17 list.

Dual Stage (Extended Range):

- U Simple
- W Programmable, add \$99.17 list.

3 Model (colors):

- N Upside (3 base colors) M
- G Upside+ (additional premium colors, GSA), add \$198.34 list.

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: \$55.00 upcharge list for Grade B trim colors.

M Items marked with this symbol available as GSA open market.

Upside — Base Only

Features

- Includes height adjustable two C-leg or T-leg base assemblies with expandable frame, height adjustment mechanism (with two motors), adjustable glides and hardware.
- Electric Height adjustment:
 - 1.4”(36mm) per second.
 - Single Stage (Standard Range)
 - Telescoping columns with 19.2”(488mm) continuous adjustment range.
 - Table height adjusts from 27.4”(696mm) to 46.6”(1184mm), table height includes 1.18”(30mm) table top.
 - Dual Stage (Extended Range)
 - Telescoping columns with 26.1”(663mm) continuous adjustment range.
 - Table height adjusts from 22.6”(574mm) to 48.7”(1237mm), table height includes 1.18”(30mm) table top.
- Paddle Actuator:
 - Standard paddle with up/down control.
 - Programmable paddle with up/down adjustment control, two memory settings, move reminder and OLED display.
 - Can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Base includes:
 - Control box which contains a built-in collision detection system using gyro-sensor technology.
 - Two telescoping columns
 - Expandable frame (40.18”(1021mm) to 71.7”(1821mm))
 - End brackets
 - Flat steel feet (pair) with mitered edge.
 - Available in three standard colors. Additional premium colors available with Upside+ specification.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Size work top per guidelines in chart below. A properly sized work top allows for mounting accessories listed below.
- Maximum work top overhang allowed is 12”(305mm) on one or both sides of the frame legs. Do not mount suspended storage to the overhang.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1”(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Height adjustable tables not designed to accept AKP, suspended or attached pedestals.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Model (colors):

- N** Upside (3 base colors) **M**
- G** Upside+ (additional premium colors, GSA), add \$198.34 list.

2) Base trim color.

Note: \$55.00 upcharge list for Grade B trim colors.

M Items marked with this symbol available as GSA open market.

Features

- Includes 1.18"(30mm) thick laminate top with predrilled holes for attachment to Upside+ 3-leg base assembly (separately specified).
- Laminate top with 3mm edgeband on user edge and 1mm on remaining edges.
- A 64"(1626mm) 2-piece top includes a 46"(1168mm) corner and 18"(457mm) rectangular top; 70"(1778mm) includes a 52"(1321mm) corner and 18"(457mm) rectangular top.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- One-piece tops are non-handed; two-piece tops are handed.
 - The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
 - Size of the corner top is reflected in the catalog logic which allows for a 2"(51mm) pinch point in space planning; 58"(1473mm) corner may be space planned as a 60"(1524mm) corner for modular planning purposes.
 - Power modules or grommets are available for field installation; separately specified.
 - Separately specified screens must be smaller than the table width.
 - Recommended Screens:
 - Belong Screen for height adjustable tables SUFB____- _A
 - Belong Plus screens for height adjustable tables SUSB-____- _FNUUNNN
 - Wire management accessories are allowed on all worksurfaces. Recommend Horizontal Wire Management WUAW-1500-PNH.
 - Suspended pedestal for Upside 29" deep C-leg height adjustable tables:
 - Belong Open Ped w/ Box Drawer KUPD-1609-SNSUNN
 - Belong Box/File Pedestal KUPA-1609-SNSUNN
- ** See Base-Only spec tips for application guidelines/exceptions.

To Order, Specify:

- 1) Product number, including:
- ① Depth and Orientation:
- 23" deep tops:
- E** LH (64" and 70" widths) two-piece top
 - H** RH (64" and 70" widths) two-piece top
- 29" deep tops:
- F** LH (64" and 70" widths) two-piece top
 - J** RH (64" and 70" widths) two-piece top
- 2) Laminate surface color.
- 3) Edge trim color.

Upside 90° Corner Wrap-Around Extended Top Only

Laminate

Upside 90° Corner Wrap-Around Transitional Extended Top Only

Laminate

TRCE-4652
(Right-hand Orientation)

TRCE-4652
(Left-hand Orientation)

Features

- Includes 1.18"(30mm) thick laminate top with predrilled holes for attachment to Upside 3-leg base assembly (separately specified).
- Laminate top with 3mm edgeband on user side and 1mm on remaining edges.
- A 64"(1626mm) 2-piece top includes a 46"(1168mm) corner and 18"(457mm) rectangular top; 70"(1778mm) includes a 52"(1321mm) corner and 18"(457mm) rectangular top (see chart below).
- Depth and width shown in nominal dimensions.

Specification Tips

- Transitional depth orientation is listed from left to right (e.g. "R" = 23" depth on left side from seated position and 29" depth on right side from seated position).
 - One-piece tops are non-handed; two-piece tops are handed.
 - Handedness determined by length side of table from seated position.
 - Size of the corner top is reflected in the catalog logic which allows for a 2"(51mm) pinch point in space planning; 58"(1473mm) corner may be space planned as a 60"(1524mm) corner for modular planning purposes.
 - Power modules or grommets are available for field installation; separately specified.
 - Separately specified screens must be smaller than the table width.
 - Recommended Screens:
 - Belong Screen for height adjustable tables SUFB____-A
 - Belong Plus screens for height adjustable tables SUSB_
 - Wire management accessories are allowed on all worksurfaces.
 - Recommended Horizontal Wire Management WUAW-1500-PNH.
 - Suspended pedestal for Upside 29" deep C-leg height adjustable tables:
 - Belong Open Ped w/ Box Drawer KUPD-1609-SNSUNN
 - Belong Box/File Pedestal KUPA-1609-SNSUNN
- ** See Base-Only spec tips for application guidelines/exceptions.

TRCZ-4646

Features

- Includes 1.18"(30mm) thick laminate top with predrilled holes for attachment to Upside 3-leg base assembly (separately specified).
- Laminate top with 3mm edgeband on user side and 1mm on remaining edges.
- Depth and width shown in nominal dimensions.

To Order, Specify:

- Product number.
- Laminate surface color.
- Edge trim color.

Specification Tips

- Size of the corner top is reflected in the catalog logic which allows for a 2"(51mm) pinch point in space planning; 58"(1473mm) corner may be space planned as a 60"(1524mm) corner for modular planning purposes.
- Power modules or grommets are available for field installation; separately specified.
- Separately specified screens must be smaller than the table width
- Recommended Screens:
 - Belong Screen for height adjustable tables SUFB____- _A
 - Belong Plus screens for height adjustable tables SUSB-__ _ _ _FNUUNNN
- Wire management accessories are allowed on all worksurfaces.
- Recommend Horizontal Wire Management WUAW-1500-PNH.
- Not for use with Adjustable Keyboard Trays or suspended storage due to knee clearance restrictions.

Upside Base Only for 90° or 120° Top

Electric Adjustment

TJBA-3CXB-G

Features

- Includes two C-leg height adjusting base assemblies (telescoping column and feet), one center post leg, and expandable frame system with matching or coordinating paint color.
- Electronics and Hardware standard in black.
- Control Box containing a built-in collision detection system using gyro-sensor technology.
- Paddle Adjustment Actuator:
 - Wire management clips
 - Hardware
- Electric Height adjustment options:
 - 1.4" (36mm) per second.
 - Single Stage (Standard) with 27.4" (696mm) to 46.6" (1184mm) continuous adjustment range.
 - Dual Stage (Extended) with 22.6" (574mm) to 48.7" (1237mm) continuous adjustment range.
 - Published range is based on using separately specified 1.18" (30mm) worksurface.
- Paddle Actuator:
 - Standard paddle with up/down control.
 - Programmable paddle with up/down adjustment control, two memory settings, move reminder and OLED display.
 - Can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5" (13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 6" (152mm).
- Refer to Top Only pages of price list for each work surface weight.
- Not designed to be used with casters.
- Total lifting capacity of table is 330 lbs. including surface; applied weight should be evenly distributed.
- Select any corner worksurface from the standard Upside offering to pair with 3-leg base assembly.
- Verify any user provided worksurface accommodates 1" (25mm) pinch point clearance on all sides, meets at least a NFPA class C flammability rating, and is compatible with all attached components.
- Considerations for proper and safe work application:
 - Worktops should be sized to prevent pinch points, collisions, and cable shearing.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
- See Top Only pages for recommended Screens.
- Refer to Specification pages for application guidelines.
- Wire management accessories are allowed on all worksurfaces.
- Recommend Horizontal Wire Management WUAW-1500-PNH.
- Refer to Work Tool chart below for application guidelines.
- Suspended pedestal for Upside 29" deep C-leg height adjustable tables:
 - Belong Open Ped w/ Box Drawer KUPD-1609-SNSUNN
 - Belong Box/File Pedestal KUPA-1609-SNSUNN
- Base Only application (with user-provided worksurface) may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- 1) Product number, including:

1 Paddle Options:

Single Stage (Standard Range):

☒ Simple

☐ Programmable, add **\$105.00** list

Dual Stage (Extended Range):

☐ Simple

☒ Programmable, add **\$105.00** list

- 2) Base trim color.

KUPA

KUPD

Feature

- Includes painted steel box/file pedestal or open pedestal with box drawer and attachment hardware.

Specification Tips

- Separately specified accessories, if applicable (See Active Components Accessories):
 - Drawer Liner
 - Drawer Tray
 - Magnetic Divider
 - File Partition
- For use on height adjustable configurations greater than 29" deep:
 - Upside C-Leg; single stage (standard range) and dual stage (extended range) models.
 - Planes LT C-Leg; single stage ONLY
 - Planes HAT C-Leg; single stage ONLY
- Also for use on:
 - Intuity
 - Panel-mounted Adaptable Worksurfaces
- Pedestal must be mounted inside of the frame end bracket on all height adjustable tables.
- See Specification Guide for application guidelines.

To Order, Specify:

- Product number.
- Trim color.

Q – Dual-Stage High (24" - 50") Standard
T – Dual-Stage High (24" - 50") Programmable Switch

Planes Height Adjustable Tables — Rectangular

Laminate or Wood – Incremental or Crank

TARA

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1”(25mm) increments within 22”(559mm) to 35”(889mm) height range. Button head screws are standard in bright zinc. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1”(25mm) vertical movement for every 6 turns within 27”(686mm) to 45”(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Power Modules are available for field installation; separately specified.
- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 29”(737mm) deep table supports a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____ -A) and a monitor up to 50 lbs.
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____ - A) or a monitor up to 25 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23”(584mm) C-leg Glides	Yes*	Yes*
29”(737mm) C-leg Glides	Yes	Yes
23”(584mm) C-leg Casters	No	No
29”(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

1) Product number, including:

1 Surface Option:

- L Laminate
- W Wood

2 Edge Option:

Laminate:

- J Edgeband
- F Knife

Wood:

- K Wood Edgeband
- U Knife

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Tables — Rectangular

Laminate or Wood – Electric Adjustment

TARA

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes; standard with black housing
- Height adjustment: 1.4”(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Power Modules are available for field installation; separately specified.
- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 29”(737mm) deep table supports a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) and a monitor up to 50 lbs.
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) or a monitor up to 25 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23”(584mm) C-leg Glides	Yes*	Yes*
29”(737mm) C-leg Glides	Yes	Yes
23”(584mm) C-leg Casters	No	No
29”(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

1) Product number, including:

1 Surface Option:

- L Laminate
- W Wood

2 Edge Option:

Laminate:

- J Edgeband
- F Knife

Wood:

- K Wood Edgeband
- U Knife

3 Height Adjustment Actuator Options:

Single Stage:

- E Standard
- R Programmable, add \$202.15 list.

Dual Stage, Low:

- P Standard
- S Programmable, add \$202.15 list.

Dual Stage, High:

- Q Standard
- T Programmable, add \$202.15 list.

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

(Left-hand orientation)

TACU

Features

- Includes 1.18"(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Thumbscrew replacement for button head screw is available; separately specified.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Total capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 29"(737mm) deep table supports a 27"(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) and a monitor up to 50 lbs.
 - 23"(584mm) deep table supports either a 27"(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) or a monitor up to 25 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23"(584mm) C-leg Glides	Yes*	Yes*
29"(737mm) C-leg Glides	Yes	Yes
23"(584mm) C-leg Casters	No	No
29"(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

- Product number, including:

① Surface Option:

- Laminate
 Wood

② Edge Option:

Laminate:

- Edgeband
 Knife

Wood:

- Wood Edgeband
 Knife

③ Orientation (as seated):

- Left (23"(584.2mm) depth)
 Right (23"(584.2mm) depth)

- Laminate surface color or wood finish color.
- Edge trim color (laminate only).
- Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Tables — 90° Angled

Laminate or Wood – Electric Adjustment

(Left-hand orientation)

TACU

Standard Actuator

Programmable Actuator

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Height adjustment: 1.4”(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Power Modules are available for field installation; separately specified.
- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 29”(737mm) deep table supports a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) and a monitor up to 50 lbs.
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) or a monitor up to 25 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23”(584mm) C-leg Glides	Yes*	Yes*
29”(737mm) C-leg Glides	Yes	Yes
23”(584mm) C-leg Casters	No	No
29”(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

1) Product number, including:

1 Surface Option:

- L Laminate
- W Wood

2 Edge Option:

Laminate:

- J Edgeband
- F Knife

Wood:

- K Wood Edgeband
- U Knife

3 Height Adjustment Actuator Options:

Single Stage:

- E Standard
- R Programmable, add \$202.15 list.

Dual Stage, Low:

- P Standard
- S Programmable, add \$202.15 list.

Dual Stage, High:

- Q Standard
- T Programmable, add \$202.15 list.

4 Orientation (as seated):

- E Left (23”(584.2mm) depth)
- H Right (23”(584.2mm) depth)

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

TACR

Incremental Leg

Features

- Includes 1.18"(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Thumbscrew replacement for button head screw is available; separately specified.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP's, suspended or attached pedestals.
- Total capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23"(584mm) deep table supports either a 27"(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____ - A) or a monitor up to 25 lbs.
 - 29"(737mm) deep table supports a 27"(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____ -A) and a monitor up to 50 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23"(584mm) C-leg Glides	Yes*	Yes*
29"(737mm) C-leg Glides	Yes	Yes
23"(584mm) C-leg Casters	No	No
29"(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

- 1) Product number, including:

1 Surface Option:

- L Laminate
W Wood

2 Edge Option:

Laminate:

- J Edgeband
F Knife

Wood:

- K Edgeband
U Knife

- 2) Laminate surface color or wood finish color.
3) Edge trim color (laminate only).
4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Laminate or Wood – Electric Adjustment

TACR

Standard Actuator

Programmable Actuator

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Height adjustment: 1.4”(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Single Flip Top Units are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Power Modules are available for field installation; separately specified.
- Tops are designed to allow pinch point clearance to accommodate cables; refer to Specification Guide for application guidelines.
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) or a monitor up to 25 lbs.
 - 29”(737mm) deep table supports a 27”(686mm) high Belong Screens for Height Adjustable Tables (SUFB-____-A) and a monitor up to 50 lbs.
- Specify screens smaller than the table width.
- Screen and Monitor Arm application:

Table Depth and Base	Screens	Monitor Arms
23”(584mm) C-leg Glides	Yes*	Yes*
29”(737mm) C-leg Glides	Yes	Yes
23”(584mm) C-leg Casters	No	No
29”(737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

1) Product number, including:

1 Surface Option:

- L Laminate
- W Wood

2 Edge Option:

Laminate:

- J Edgeband
- F Knife

Wood:

- K Edgeband
- U Knife

3 Height Adjustment Actuator Options:

Single Stage:

- E Standard
- R Programmable, add \$202.15 list.

Dual Stage, Low:

- P Standard
- S Programmable, add \$202.15 list.

Dual Stage, High:

- Q Standard
- T Programmable, add \$202.15 list.

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Adjustment

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top; 70" (1778mm) includes a 52" (1321mm) corner and 18" (457mm) rectangular top.
- Two piece tops are available with 3mm edgeband only.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1" (25mm) increments within 22" (559mm) to 35" (889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- One-piece tops are non-handed; two-piece tops are handed.
- Not designed to be used with casters.
- The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) corner may be space planned as a 60" (1524mm) corner for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF-____-A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

1 Surface Options:

L Laminate**W** Wood

2 Edge Options:

Laminate:

J Edgeband**F** Knife

Wood:

K Edgeband**U** Knife

3 Depth and Orientation:

23" deep tops:

E LH (64" and 70" widths) two-piece top**H** RH (64" and 70" widths) two-piece top

29" deep tops:

F LH (64" and 70" widths) two-piece top**J** RH (64" and 70" widths) two-piece top

2) Laminate surface color or wood finish color.

3) Edgeband trim color (laminate only).

4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 90° Notched

Laminate or Wood – Electric Adjustment

TACN-5858-NCEB

TACN-6464-NCEE
(Left-hand Orientation)

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top; 70" (1778mm) includes a 52" (1321mm) corner and 18" (457mm) rectangular top.
- Two piece tops are available with edgeband only.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- One-piece tops are non-handed; two-piece tops are handed.
- Not designed to be used with casters.
- The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) corner may be space planned as a 60" (1524mm) corner for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF_ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

3 Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

4 Depth and Orientation:

23" deep tops:

- E** LH (64" and 70" widths) two-piece top
- H** RH (64" and 70" widths) two-piece top

29" deep tops:

- F** LH (64" and 70" widths) two-piece top
- J** RH (64" and 70" widths) two-piece top

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

Adjustment

Features

- Includes 1.18"(30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64"(1626mm) 2-piece top includes a 46"(1168mm) corner and 18"(457mm) rectangular top; 70"(1778mm) includes a 52"(1321mm) corner and 18"(457mm) rectangular top.
- Two piece tops are available with 3mm edgeband only.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Two piece tops are available with edgeband only.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes and J-rails. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- One-piece tops are non-handed; two-piece tops are handed.
- The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2"(51mm) pinch point in space planning; 58"(1473mm) corner may be space planned as a 60"(1524mm) corner for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29"(737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23"(584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23"(584mm) deep table supports either a 27"(686mm) high Belong screen (SUF_ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29"(737mm) deep table supports a 27"(686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

1 Surface Options:

L Laminate**W** Wood

2 Edge Options:

Laminate:

J Edgeband**F** Knife

Wood:

K Edgeband**U** Knife

3 Depth and Orientation:

23" deep tops:

E LH (64" and 70" widths) two-piece top**H** RH (64" and 70" widths) two-piece top

29" deep tops:

F LH (64" and 70" widths) two-piece top**J** RH (64" and 70" widths) two-piece top

2) Laminate surface color or wood finish color.

3) Edgeband trim color (laminate only).

4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 90° Wrap-Around

Laminate or Wood – Electric Adjustment

TACR-5858-NCEB

TACR-7070-NCEE
(Left-hand Orientation)

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64”(1626mm) 2-piece top includes a 46”(1168mm) corner and 18”(457mm) rectangular top; 70”(1778mm) includes a 52”(1321mm) corner and 18”(457mm) rectangular top.
- Two piece tops are available with edgeband only.
- Height adjustment options:
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4”(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5”(13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- One-piece tops are non-handed; two-piece tops are handed.
- The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2”(51mm) pinch point in space planning; 58”(1473mm) corner may be space planned as a 60”(1524mm) corner for modular planning purposes.
- Not for use with AKP’s or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29”(737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23”(584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.
- Screen and Monitor Arm application:
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong screen (SUF_ _ _ _ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29”(737mm) deep table supports a 27”(686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
- W** Wood

② Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

③ Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

④ Depth and Orientation:

23” deep tops:

- E** LH (64” and 70” widths) two-piece top
- H** RH (64” and 70” widths) two-piece top

29” deep tops:

- F** LH (64” and 70” widths) two-piece top
- J** RH (64” and 70” widths) two-piece top

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

(Left-hand Orientation)Incremental
AdjustmentCrank
Adjustment

Features

- Includes 1.18"(30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64"(1626mm) x 70"(1778mm) 2-piece top includes a 46"(1168mm) corner and 18"(457mm) rectangular top.
- Two piece tops are available with edgeband only.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side [except 40"(1016mm)] and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Handedness determined by length side of table from seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2"(51mm) pinch point in space planning; 58"(1473mm) side may be space planned as a 60"(1524mm) side for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29"(737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23"(584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23"(584mm) deep table supports either a 27"(686mm) high Belong screen (SUF_ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29"(737mm) deep table supports a 27"(686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
W Wood

② Edge Options:

Laminate:

- J** Edgeband
F Knife

Wood:

- K** Edgeband
U Knife

③ Depth and Orientation:

23" deep tops:

- E** Left-hand
H Right-hand

29" deep tops:

- F** Left-hand
J Right-hand

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 90° Wrap-Around Extended

Laminate or Wood – Electric Adjustment

TACE-4064-NCEB
(Left-hand Orientation)TACE-6470-NCEE
(Left-hand Orientation)

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) x 70" (1778mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top.
- Two piece tops are available with edgeband only.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Handedness determined by length side of table from seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) side may be space planned as a 60" (1524mm) side for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF_ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
- W** Wood

② Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

③ Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

④ Depth and Orientation: Left-hand

23" deep tops:

- E** Left-hand
- H** Right-hand

29" deep tops:

- F** Left-hand
- J** Right-hand

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

Laminate or Wood – Incremental or Crank Adjustment

TACP-4070-NCDB
(Left-hand Orientation)TACP-5270-NCDB
(Left-hand Orientation)Incremental
AdjustmentCrank
Adjustment

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) x 70" (1778mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1" (25mm) increments within 22" (559mm) to 35" (889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side [except 40" (1016mm)] and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Handedness determined by length side of table from seated position.
- Size of the top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) side may be space planned as a 60" (1524mm) side for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF_ _ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
W Wood

② Edge Options:

Laminate:

- J** Edgeband
F Knife

Wood:

- K** Edgeband
U Knife

③ Depth and Orientation:

23" deep tops:

- E** Left-hand
H Right-hand

29" deep tops:

- F** Left-hand
J Right-hand

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 90° Notched Extended

Laminate or Wood – Electric Adjustment

TACP-4070-NCEB
(Left-hand Orientation)TACP-5270-NCEB
(Left-hand Orientation)

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) x 70" (1778mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top.
- Two piece tops are available with edgeband only.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Handedness determined by length side of table from seated position.
- Size of the corner top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) side may be space planned as a 60" (1524mm) side for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF_ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Table Depth and Base	Screens	Monitor Arms
23" (584mm) C-leg Glides	Yes*	Yes*
29" (737mm) C-leg Glides	Yes	Yes
23" (584mm) C-leg Casters	No	No
29" (737mm) C-leg Casters	Yes*	Yes*

*Screen or Monitor Arms; not both

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
W Wood

② Edge Options:

Laminate:

- J** Edgeband
F Knife

Wood:

- K** Edgeband
U Knife

③ Height Adjustment Actuator:

Single Stage:

- E** Standard
R Programmable, add **\$202.15** list

Dual Stage, Low:

- P** Standard
S Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
T Programmable, add **\$202.15** list.

④ Depth and Orientation:

23" deep tops:

- E** Left-hand
H Right-hand

29" deep tops:

- F** Left-hand
J Right-hand

- Laminate surface color or wood finish color.
- Edge trim color (laminate only).
- Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 120° Wrap-Around

Laminate or Wood – Incremental or Crank Adjustment

TACZ-5858-NCDB

Incremental Adjustment

Crank Adjustment

Features

- Includes 1.18”(30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1”(25mm) increments within 22”(559mm) to 35”(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1”(25mm) vertical movement for every 6 turns within 27”(686mm) to 45”(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5”(13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Size of the corner top is reflected in the catalog logic which allows for a 2”(51mm) pinch point in space planning; 58”(1473mm) corner may be space planned as a 60”(1524mm) corner for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29”(737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23”(584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screen and Monitor Arm application:
 - 23”(584mm) deep table supports either a 27”(686mm) high Belong screen (SUF_ _ _ _ _ _ A) or a monitor up to 25 lbs.
 - 29”(737mm) deep table supports a 27”(686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
- W** Wood

② Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Corner, 120° Wrap-Around

Laminate or Wood – Electric Adjustment

TACZ-5858-NCEB

Features

- Includes 1.18" (30mm) thick top, two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment: 1.4" (36mm) per second.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Size of the corner top is reflected in the catalog logic which allows for a 2" (51mm) pinch point in space planning; 58" (1473mm) corner may be space planned as a 60" (1524mm) corner for modular planning purposes.
- Not for use with AKP's or attached Pedestals.
- Power Modules are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.
- Screen and Monitor Arm application:
 - 23" (584mm) deep table supports either a 27" (686mm) high Belong screen (SUF-____-A) or a monitor up to 25 lbs.
 - 29" (737mm) deep table supports a 27" (686mm) high Belong screen and a monitor up to 50 lbs.
- Specify screens smaller than the table width.

To Order, Specify:

1) Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

3 Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$150.11** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$150.11** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$150.11** list.

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

Planes Height Adjustable Base for Rectangular Tops

Incremental or Crank Adjustment

TMRA

Incremental Adjustment

Crank Adjustment

Features

- Includes two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Height adjustment mechanisms:
 - Incremental adjustment base assembly adjusts in 1”(25mm) increments within 22”(559mm) to 35”(889mm) height range. Button head screws are standard in bright zinc. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1”(25mm) vertical movement for every 6 turns within 27”(686mm) to 45”(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- **Maximum work top width overhang allowed is 6”(152mm) on each side.**
- **Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1”(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- **Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- 1) Product number.
- 2) Base trim color.

Planes Height Adjustable Base for Rectangular Tops

Electric Adjustment

TMRA

Features

- Includes two C-leg telescoping base assemblies, J-rail, controller, wire management clips, and hardware.
- Height adjustment options (with 1.18”(30mm) worksurface):
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Height adjustment: 1.4”(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Base includes leg assembly and foot; available in painted trim colors.
- Glides have 0.5”(13mm) height adjustment and are standard in black.

Specification Tips

- **Maximum work top overhang allowed is 6”(152mm) on one side.**
- **Refer to Planes Height Adjustable Table for each work surface top weight.**
- Height adjustable tables not designed to accept AKP’s, suspended or attached pedestals.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1”(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- **Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

2) Base trim color.

Incremental
AdjustmentCrank
Adjustment

TMCR-5858-NCDB

TMCR-6464-NCDE
(Left-hand Orientation)

Features

- Includes two C-leg telescoping base assemblies, one center post leg (tops 52" width or greater), J-rail, controller, wire management clips, and hardware.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms (with 1.18"(30mm) worksurface):
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Ships unassembled.

To Order, Specify:

- Product number.
- Base trim color.

Specification Tips

- Maximum work top overhang allowed is 6"(152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Not for use with AKP's or attached Pedestals.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Planes Height Adjustable Base for Corner, 90°

Electric Adjustment

TMC-R-5858-NCEB

TMC-R-6464-NCEE
(Left-hand Orientation)

Features

- Includes two C-leg telescoping base assemblies, one center post leg (tops 52" width or greater), J-rail, controller, wire management clips, and hardware.
- Height adjustment options (with 1.18"(30mm) worksurface):
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22"(559mm) to 48"(1219mm) continuous height adjustment range.
 - Dual Stage High with 24"(610mm) to 50"(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4"(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 6"(152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Not for use with AKP's or attached Pedestals.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

2) Base trim color.

Planes Height Adjustable Base for Corner, 90° Extended

Incremental or Crank Adjustment

TMCE-4064-NCDB
(Left-hand Orientation)

TMCE-6470-NCDE
(Left-hand Orientation)

Incremental
Adjustment

Crank
Adjustment

Features

- Includes two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms: (with 1.18" (30mm) worksurface).
 - Incremental adjustment base assembly adjusts in 1" (25mm) increments within 22" (559mm) to 35" (889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side [except 40" (1016mm)] and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 6" (152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1" (25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- Product number.
- Base trim color.

Planes Height Adjustable Base for Corner, 90° Extended

Electric Adjustment

TMCE-4064-NCEB
(Left-hand Orientation)

TMCE-6470-NCEE
(Left-hand Orientation)

Features

- Includes two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Height adjustment options (with 1.18"(30mm) worksurface):
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22"(559mm) to 48"(1219mm) continuous height adjustment range.
 - Dual Stage High with 24"(610mm) to 50"(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4"(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 6"(152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

TMCZ-5858-NCDB

Incremental Adjustment

Crank Adjustment

Features

- Includes two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment mechanisms (with 1.18"(30mm) worksurface):
 - Incremental adjustment base assembly adjusts in 1"(25mm) increments within 22"(559mm) to 35"(889mm) height range. Button head screws are standard in bright zinc. Base standard with black telescoping base tubes. Thumbscrew replacement for button head screw is available; separately specified.
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Painted base includes leg assembly and foot.
- Glides have 0.5"(13mm) height adjustment standard in black.
- Ships unassembled.

To Order, Specify:

- Product number.
- Base trim color.

Specification Tips

- Maximum work top overhang allowed is 6"(152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Planes Height Adjustable Base for Corner, 120°

Electric Adjustment

TMCZ-5858-NCEB

Features

- Includes two C-leg telescoping base assemblies, one center post leg, J-rail, controller, wire management clips, and hardware.
- Height adjustment options (with 1.18”(30mm) worksurface):
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22”(559mm) to 48”(1219mm) continuous height adjustment range.
 - Dual Stage High with 24”(610mm) to 50”(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Height adjustment: 1.4”(36mm) per second.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Painted base includes leg assembly and foot.
- Glides have 0.5”(13mm) height adjustment standard in black.
- Ships unassembled.

Specification Tips

- **Maximum work top overhang allowed is 6”(152mm) on one side.**
- **Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1”(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- **Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list.

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list.

2) Base trim color.

Planes Height Adjustable Table — Bench

EXAMPLE: Planes, Rectangle, 30" x 58", Laminate, Edgeband, Standard Core, H Base, Glides, Single-Stage Electric-Programmable.

TA RA - 30 58 - L J S N H R

Planes Height Adjustable Table — Bench

Laminate or Wood – Crank Adjustment

TARA-2458-NHB

Features

- Includes two 1.18" (30mm) thick top, two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanism, wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives an open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm), 30" (762mm), and 36" (914mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-____).
 - Specify for 23" (584mm), 29" (737mm), and 35" (889mm) depth benches with Planes Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-____B).
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Refer to Planes Height Adjustable Table for each work surface top weight.
- The following Planes products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components.
 - Horizontal and Vertical Wire Management.
 - Collision Sensor.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

- Laminate surface color or wood finish color.
- Edgeband trim color (laminate only).
- Base trim color.

Note: \$126.99 upcharge list for Grade B trim colors.

Note:

- Screens:
 - Specify 24" (610mm), 30" (762mm), and 36" (914mm) depth benches with Center Mounted Screens.
 - Specify 23" (584mm), 29" (737mm), and 35" (889mm) depth benches with Worksurface Mounted Screens.

Planes Height Adjustable Table — Bench

Laminate or Wood – Crank and Electric Adjustment

TARA-2458-NH

Features

- Includes two 1.18" (30mm) thick top, two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanisms (one hand crank and one single stage electric), wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
 - Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27" (686mm) to 46" (1168mm) continuous height adjustment range.
- Touch Pad Actuator:
 - Can be mounted on left or right side of table; predrilled for field installed and field changeable.
 - Touch pad actuator has touch pad controls and standard with black housing.
 - Control box is field installed and standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to power electric height adjustment mechanism.
- Base includes leg assembly available in painted trim colors.
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives a open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm), 30" (762mm), and 36" (914mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-__).
 - Specify for 23" (584mm), 29" (737mm), and 35" (889mm) depth benches Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-__B).
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Refer to Planes Height Adjustable Table for each work surface top weight.
- The following Planes products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components.
 - Horizontal and Vertical wire management.
 - Collision sensor.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.
- Refer to Planes Height Adjustable Table for each work surface top weight.

To Order, Specify:

1) Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

3 Height Adjustment Actuator:

Single Stage:

- L** Crank/Standard
- M** Crank/Programmable, add **\$808.64** list

- 2) Laminate surface color or wood finish color.
- 3) Edge trim color (laminate only).
- 4) Base trim color.

Note: **\$126.99** upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Bench

Laminate or Wood – Electric Adjustment

TARA-2458-NH

Features

- Includes two 1.18" (30mm) thick top, two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanisms, wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: two 9' (2743mm) long black power cord with NEMA 5-15P plug.
- Base includes leg assembly; available in painted trim
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives a open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm), 30" (762mm), and 36" (914mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-__).
 - Specify for 23" (584mm), 29" (737mm), and 35" (889mm) depth benches Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-__B).
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Refer to Planes Height Adjustable Table for each work surface top weight.
- The following Planes products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components.
 - Horizontal and Vertical Wire Management.
 - Collision Sensor.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

3 Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$404.31** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$404.31** list

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$404.31** list

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$126.99** upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Single-Sided Bench, Freestanding

EXAMPLE: Planes, Rectangle, 30" x 58", Laminate, Edgeband, Standard Core, Single-Sided Bench Glides, Single-Stage Electric-Programmable.

Planes Height Adjustable Table — Single-Sided Bench, Freestanding

Laminate or Wood – Crank Adjustment

TARA-2458-NHB

Crank Adjustment

Features

- Includes 1.18" (30mm) thick top, one C-Leg base with two telescoping posts, power and data channel with trough, height adjustment mechanism, wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment mechanisms:
 - Hand crank provides 1" (25mm) vertical movement for every 6 turns within 27" (686mm) to 45" (1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top.
 - Base standard with black telescoping base tubes and J-rails.
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives an open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-C).
 - Specify for 23" (584mm) and 29" (737mm) depth benches Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-B).
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- The following Planes products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components
 - Horizontal and Vertical Wire Management
 - Collision Sensor
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Surface Options:

L Laminate

W Wood

② Edge Options:

Laminate:

J Edgeband

F Knife

Wood:

K Edgeband

U Knife

2) Laminate surface color or wood finish color.

3) Edgeband trim color (laminate only).

4) Base trim color.

Note: \$63.50 upcharge list for Grade B trim colors.

Planes Height Adjustable Table — Single-Sided Bench, Freestanding

Laminate or Wood – Electric Adjustment

TARA-2458-NH

Features

- Includes two 1.18" (30mm) thick top, one C-Leg base with two telescoping posts, power and data channel with troughs, height adjustment mechanisms, wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: one 9' (2743mm) long black power cord with NEMA 5-15P plug to power electric height adjustment mechanism.
- Base includes leg assembly available in painted trim colors.
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives a 2" (51mm) open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-).)
 - Specify for 23" (584mm) and 29" (737mm) depth benches Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-B).
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- The following Planes products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components.
 - Horizontal and Vertical Wire Management.
 - Collision Sensor.
- Refer to Planes Height Adjustable Table for each work surface top weight.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Surface Options:

- L** Laminate
- W** Wood

② Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

③ Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$202.15** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$202.15** list

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$202.15** list

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$63.50** upcharge list for Grade B trim colors.

Planes Height Adjustable Table — 120° Bench

Laminate or Wood – Electric Adjustment

TACZ

Features

- Includes three 1.18" (30mm) thick tops, three H-Leg bases with nine telescoping posts, power and data channel with troughs, height adjustment mechanisms, wire management clips and hardware.
- Laminate top with knife edge or 3mm edgeband edges or wood veneer top with 3mm wood edgeband or knife edge. Tops are 3mm on user edge and 1mm on remaining edges.
- Height adjustment options:
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 22" (559mm) to 48" (1219mm) continuous height adjustment range.
 - Dual Stage High with 24" (610mm) to 50" (1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4" (36mm) per 1.6 seconds.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: three 9' (2743mm) long black power cords with NEMA 5-15P plug to power electric height adjustment mechanism.
- Base includes leg assembly available in painted trim colors.
- Glides have 1" (25mm) height adjustment and are standard in black.
- Bench available with 3- or 4-Circuit Power Base, separately specified.
- Power modules are available for field installation; separately specified. Refer to Specification Guide.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not designed to be used with casters.
- Separately specified transition tray drives a 2" (51mm) open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP's, suspended or attached pedestals.
- Not for use with Wire Management Basket.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep bench will accommodate a Single Electrical Flip Top Unit
 - 23" (584mm) deep bench will not accommodate an Electrical Flip Top Unit
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-B).
 - Specify for 23" (584mm) and 29" (737mm) depth benches Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-B).
- Total lifting capacity of table is 300 lbs. per top including surface; applied weight should be evenly distributed.
- Refer to Planes Height Adjustable Table for each work surface top weight.
- The following products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components.
 - Horizontal and Vertical Wire Management.
 - Collision Sensor.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Surface Options:

- L** Laminate
- W** Wood

2 Edge Options:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

3 Height Adjustment Actuator:

Single Stage:

- E** Standard
- R** Programmable, add **\$606.44** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$606.44** list

Dual Stage, High:

- Q** Standard
- T** Programmable, add **\$606.44** list

2) Laminate surface color or wood finish color.

3) Edge trim color (laminate only).

4) Base trim color.

Note: **\$126.99** upcharge list for Grade B trim colors.

TMRA-2458-NHB

Features

- Includes two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanism and hardware.
- Height adjustment mechanisms (with 1.18"(30mm) worksurface):
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top.
- Base standard with black telescoping base tubes and J-rails.
- Glides have 1"(25mm) height adjustment and are standard in black.
- Ships unassembled.

Specification Tips

- **Maximum work top overhang allowed is 6"(152mm) on one side.**
- **Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Separately specified transition tray drives a open space between side-by-side tables for pinch point clearance.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- **Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- 1) Product number.
- 2) Base trim color.

TMRA-2458-NHB

Features

- Includes two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanisms (one hand crank and one single stage electric), wire management clips and hardware.
- Height adjustment mechanisms (with 1.18"(30mm) worksurface):
 - Hand crank provides 1"(25mm) vertical movement for every 6 turns within 27"(686mm) to 45"(1143mm) height range. Hand crank is field installed on either right or left side and retracts under the table top. Base standard with black telescoping base tubes and J-rails.
 - Single Stage Touch Pad Actuator available in Standard (E) up/down movement or Programmable (R) providing four different up/down programmed heights. Provides 27"(686mm) to 46"(1168mm) continuous height adjustment range.
- Touch Pad Actuator:
 - Can be mounted on left or right side of table; predrilled for field installed and field changeable.
 - Touch pad actuator has touch pad controls and standard with black housing.
 - Control box is field installed and standard with black housing.
- Height adjustment: 1.4"(36mm) per second.
- Standard with black telescoping base tubes and J-rails.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to power electric height adjustment mechanism.
- Base includes leg assembly available in painted trim colors.
- Glides have 1"(25mm) height adjustment and are standard in black.
- Ships unassembled.

Specification Tips

- Maximum work top overhang allowed is 6"(152mm) on one side.**
- Refer to Planes Height Adjustable Table for each work surface top weight.**
 - Not designed to be used with casters.
 - Separately specified transition tray drives a open space between side-by-side tables for pinch point clearance.
 - Not designed to accept AKP, suspended or attached pedestals.
 - Not for use with Wire Management Basket.
 - Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
 - Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Considerations for proper and safe application:
 - Tops should be sized to prevent pinch points, collisions, and cable shearing.
 - Attached screens and monitor arms do not create unstable conditions.
 - Pedestals, overheads, and adjacent components should be sized and positioned to avoid collisions.
 - Refer Specification Guide for application guidelines.
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- Product number, including:

1) Height Adjustment Actuator:

Single Stage:

- L** Crank/Standard
- M** Crank/Programmable, add \$404.31 list.

- Base trim color.

Planes Height Adjustable Base for Bench

Electric Adjustment

TMRA-2458-NH

Features

- Includes two H-Leg bases with four telescoping posts, power and data channel with troughs, height adjustment mechanisms, wire management clips and hardware.
- Height adjustment options (with 1.18"(30mm) worksurface):
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 22"(559mm) to 48"(1219mm) continuous height adjustment range.
 - Dual Stage High with 24"(610mm) to 50"(1270mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
- Touch Pad Actuators can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Height adjustment: 1.4"(36mm) per second.
- Base standard with matching or coordinating color telescoping base tubes and black J-rails.
- Includes: two 9'(2743mm) long black power cord with NEMA 5-15P plug.
- Base includes leg assembly; available in painted trim.
- Glides have 1"(25mm) height adjustment and are standard in black.
- Ships unassembled.

Specification Tips

- **Maximum work top overhang allowed is 6"(152mm) on one side.**
- **Refer to Planes Height Adjustable Table for each work surface top weight.**
- Not designed to be used with casters.
- Separately specified transition tray drives an open space between side-by-side tables for pinch point clearance.
- Not designed to accept AKP, suspended or attached pedestals.
- Not for use with Wire Management Basket.

Planes LT Height Adjustable Table — Rectangular

Laminate – Electric Adjustment

Features

- Includes 1.18”(30mm) thick laminate top, C-leg or T-Leg telescoping base assembly, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Laminate top with 3mm edgeband. Tops are 3mm on user edge and 1mm on remaining edges.
- Electric Height Adjustment:
 - 1.4”(36mm) per second.
 - Single Stage with 27”(686mm) to 46”(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23”(584mm) to 48.7”(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9’(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5”(13mm) height adjustment and are standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- See Specification Guide for stability, load and fit charts to calculate feasibility:
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP’s or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29”(737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23”(584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Separately specified caster kit available. See Specification Guide for application.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Base Option:

- C** C-leg
- T** T-leg

2 Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: **\$56.03** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Table — Corner, 90° Notched

Laminate – Electric Adjustment

Features

- Includes 1.18" (30mm) thick laminate top, two C-leg telescoping base assemblies, one center post leg, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Laminate top with 3mm edgeband edges. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top; 70" (1778mm) includes a 52" (1321mm) corner and 18" (457mm) rectangular top.
- Electric Height Adjustment:
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- One-piece tops are non-handed; two piece tops are handed. The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables
- SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

② Depth and Orientation:

23" deep tops:

- B** Non-handed (52" and 58" widths)
- E** LH (64" and 70" widths) two-piece top
- H** RH (64" and 70" widths) two-piece top

29" deep tops:

- C** Non-handed (52" and 58" widths)
- F** LH (64" and 70" widths) two-piece top
- J** RH (64" and 70" widths) two-piece top

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: **\$56.03** upcharge list for Grade B trim colors.

Laminate – Electric Adjustment

Features

- Includes 1.18" (30mm) thick laminate top, two C-leg telescoping base assemblies, one center post leg, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Laminate top with 3mm edgeband. Tops are 3mm on user edge and 1mm on remaining edges.
- A 64" (1626mm) 2-piece top includes a 46" (1168mm) corner and 18" (457mm) rectangular top; 70" (1778mm) includes a 52" (1321mm) corner and 18" (457mm) rectangular top. Two piece top includes L rail and connection plates.
- Electric Height Adjustment:
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5" (13mm) height adjustment standard in black.
- Grommets are available for field installation; separately specified.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- One-piece tops are non-handed; two piece tops are handed. The seamless primary user side of the table (side without rectangular top) determines the handedness from a seated position.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29" (737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23" (584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

② Depth and Orientation:

23" deep tops:

- B** Non-handed (52" and 58" widths)
- E** LH (64" and 70" widths) two-piece top
- H** RH (64" and 70" widths) two-piece top

29" deep tops:

- C** Non-handed (52" and 58" widths)
- F** LH (64" and 70" widths) two-piece top
- J** RH (64" and 70" widths) two-piece top

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: **\$56.03** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Base for Rectangular Tops

Electric Adjustment

Features

- Includes C-leg or T-Leg telescoping base assembly, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18"(30mm) table top):
 - 1.4"(36mm) per second.
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23"(584mm) to 48.7"(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table; standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables
- SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29"(737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23"(584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Separately specified caster kit available. See Specification Guide for application.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Verify user provided worksurface is compatible with all components.**
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

1 Base Options:

C C-leg

T T-leg

2 Height Adjustment Actuator Options:

Single Stage:

E Standard

R Programmable, add **\$188.55** list

Dual Stage, Low:

P Standard

S Programmable, add **\$188.55** list

2) Base trim color.

Planes LT Height Adjustable Base for Corner, 90°

Electric Adjustment

C-Leg
TLCR-5858-NCEBC-Leg
TLCR-6464-NCEE
(Left-hand Orientation)

Features

- Includes two C-leg telescoping base assemblies, one center post leg, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18"(30mm) table top):
 - 1.4"(36mm) per second.
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23"(584mm) to 48.7"(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table; standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other work surfaces.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29"(737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23"(584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Verify user provided worksurface is compatible with all components.**
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

2) Base trim color.

Planes LT Height Adjustable Base for Corner, 120° Tops

Electric Adjustment

Features

- Includes two C-leg telescoping base assemblies, one center post leg, standard or programmable touch pad actuator, wire management clips, adjustable glides and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18"(30mm) table top):
 - 1.4"(36mm) per second.
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23"(584mm) to 48.7"(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table; standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly and foot; available in painted trim colors.
- Includes: 9'(2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
 - Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other work surfaces.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Recommended screens:
 - Belong Screen for Height Adjustable Tables SUFB-____-A.
 - Belong Plus Screens for Height Adjustable Tables SUSB-____-FNUUNNN.
- Power Modules or grommets are available for field installation; separately specified.
- Electrical Flip Top Unit is field installed, if applicable.
 - 29"(737mm) deep table will accommodate a Single Electrical Flip Top Unit.
 - 23"(584mm) deep table will not accommodate an Electrical Flip Top Unit.
- Wire management accessories are allowed on all tables. Recommend Horizontal Wire Management WUAW-1500-PNH.
- Select a top that accommodates 1"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Verify user provided worksurface is compatible with all components.**
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

2) Base trim color.

Note: **\$56.03** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Table — Bench

General Guidelines for Product Specification

Planes LT Height Adjustable Table — Bench

Laminate – Electric Adjustment

TLRA

Features

- Includes two 1.18" (30mm) thick tops, two H-leg bases with four telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips, and hardware.
- Laminate top with 3mm edgeband edges. Tops are 3mm on user edge and 1mm on remaining edges.
- Electric Height Adjustment:
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: two 9' (2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5" (13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-_-).
 - Specify for 23" (584mm) and 29" (737mm) depth benches with Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-_-B).
- Power Modules or grommets are available for field installation; separately specified.
- The following products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components
 - Horizontal and Vertical Wire Management
 - Bench Stretcher Cover
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$377.09** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$377.09** list.

- Laminate surface color.
- Edge trim color.
- Base trim color.

Note: **\$112.04** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Table — Single-Sided Bench, Freestanding

Laminate – Electric Adjustment

Features

- Includes one 1.18" (30mm) thick top, one C-leg base with two telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips, and hardware.
- Laminate top with 3mm edgeband edges. Tops are 3mm on user edge and 1mm on remaining edges.
- Electric Height Adjustment:
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: one 9' (2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5" (13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Must be used and attached to another bench of equal or greater size. ETL listing does not allow use of a freestanding single sided bench.**
- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-_-).
 - Specify for 23" (584mm) and 29" (737mm) depth benches with Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-_-B).
- Power Modules or grommets are available for field installation; separately specified.
- The following products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components
 - Horizontal and Vertical Wire Management
 - Bench Stretcher Cover
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$188.55** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$188.55** list.

2) Laminate surface color.

3) Edge trim color.

4) Base trim color.

Note: **\$56.03** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Table — 120° Bench

Laminate – Electric Adjustment

TLCZ

Features

- Includes three 1.18" (30mm) thick tops, three H-Leg bases with nine telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips and hardware.
- Laminate top with 3mm edgeband edges. Tops are 3mm on user edge and 1mm on remaining edges.
- Electric Height Adjustment:
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: three 9' (2743mm) long black power cords with NEMA 5-15P plug to power electric height adjustment mechanism.
- Glides have 0.5" (13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 300 lbs. including surface; applied weight should be evenly distributed.
- Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-__).
 - Specify for 23" (584mm) and 29" (737mm) depth benches with Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-__B).
- Power Modules or grommets are available for field installation; separately specified.
- The following products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components
 - Horizontal and Vertical Wire Management
 - Bench Stretcher Cover
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

- Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$565.63** list

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$565.63** list

- Laminate surface color.
- Edge trim color.
- Base trim color.

Note: **\$112.04** upcharge list for Grade B trim colors.

Planes LT Height Adjustable Base for Bench

Laminate – Electric Adjustment

Features

- Includes two H-leg bases with four telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips, and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18\"(30mm) table top):
 - 1.4\"(36mm) per second.
 - Single Stage with 27\"(686mm) to 46\"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23\"(584mm) to 48.7\"(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes; standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: two 9' (2743mm) long black power cord with NEMA 5-15P plug to the building.
- Glides have 0.5\"(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Recommended Screens:
 - Specify for 24\"(610mm) and 30\"(762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-__).
 - Specify for 23\"(584mm) and 29\"(737mm) depth benches with Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-__B).
 - Power Modules or grommets are available for field installation; separately specified.
- The following products are separately specified as needed:
 - Monitor Arm(s)
 - Transition Trays
 - Cable Chain
 - Power Base In, Through and Out components
 - Horizontal and Vertical Wire Management
 - Bench Stretcher Cover
- Select a top that accommodates 1\"(25mm) pinch point clearance on all sides and meets at least a NFPA class C flammability rating.
- Verify user provided worksurface is compatible with all components.**
- Base Only** Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

To Order, Specify:

1) Product number, including:

① Height Adjustment Actuator Options:

Single Stage:

- E** Standard
- R** Programmable, add **\$377.09** list.

Dual Stage, Low:

- P** Standard
- S** Programmable, add **\$377.09** list.

2) Base trim color.

Planes LT Height Adjustable Base for Single-Sided Bench, Freestanding

Electric Adjustment

Features

- Includes one C-leg base with two telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips, and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18" (30mm) table top):
 - 1.4" (36mm) per second.
 - Single Stage with 27" (686mm) to 46" (1168mm) continuous height adjustment range.
 - Dual Stage Low with 23" (584mm) to 48.7" (1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: one 9' (2743mm) long black power cord with NEMA 5-15P plug.
- Glides have 0.5" (13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Must be used and attached to another bench of equal or greater size. ETL listing does not allow use of a freestanding single sided bench.**
- Not for use with casters.
- See Specification Guide for stability, load and fit charts to calculate feasibility:**
 - Maximum allowable overhang.
 - Attachments for screens, drawers, pedestals, AKP's or monitor arms.
- See Product Application pages for guidelines on pinch points when Height Adjustable Table is surrounded by walls, panels and/or other worksurfaces.
- Total lifting capacity of table is 250 lbs. including surface; applied weight should be evenly distributed.
- Recommended Screens:
 - Specify for 24" (610mm) and 30" (762mm) depth benches with Planes Screens for Height Adjustable Benches, Center Mount Depth (TASC-____-__).
 - Specify for 23" (584mm) and 29" (737mm) depth benches with Belong Screens for Height Adjustable Benches, Worksurface Mount Depth (SUFB-____-__B).
- Power Modules or grommets are available for field installation; separately specified.
- The following products are separately specified as needed:
 - Monitor Arm(s)

Planes LT Height Adjustable Base for 120° Bench

Electric Adjustment

TLCZ

Features

- Includes three H-Leg bases with nine telescoping posts, power and data channel with troughs, standard or programmable touch pad actuator, wire management clips and hardware.
- Electric Height Adjustment (adjustment range based on using a separately specified 1.18"(30mm) table top):
 - 1.4"(36mm) per second.
 - Single Stage with 27"(686mm) to 46"(1168mm) continuous height adjustment range.
 - Dual Stage Low with 23"(584mm) to 48.7"(1237mm) continuous height adjustment range.
- Touch Pad Actuator Options:
 - Standard two-button with up/down control.
 - Programmable with up/down adjustment control, four memory settings, and digital height display.
 - Can be mounted on left or right side of table using predrilled holes, they are standard with black housing.
- Base includes:
 - Painted telescoping base tubes.
 - Leg assembly; available in painted trim colors.
- Includes: three 9'(2743mm) long black power cords with NEMA 5-15P plug to power electric height adjustment mechanism.
- Glides have 0.5"(13mm) height adjustment and are standard in black.
- Depth and width shown in nominal dimensions.
- Ships unassembled.

Specification Tips

- Not for use with casters.
- **See Specification Guide for stability, load and fit charts to calculate feasibility:**

TCRN

Features

- Includes 1.18" (30mm) thick top, disc base, glides, pneumatic column with lever and hardware.
- Laminate top with knife edge or 3mm edgeband or wood veneer top with 3mm wood edgeband or knife edge.
- Pneumatic height adjustment with 27" (686mm) to 44" (1118mm) continuous adjustment.
- Glides have 0.38" (9.5mm) height adjustment and are standard in black.
- Tables is available with black glides only.

Specification Tips

- Base Sizes:
 - 30" (762mm) tops include 21" (533mm) disc base.
 - 36" (914mm) tops include 27" (686mm) disc base.
- Power cannot be routed through column.
- Does not accept screen, AKP, monitor arms or any drawers or pedestals.

To Order, Specify:

- Product number, including:

① Surface Option:

- ☐ L Laminate
☐ W Wood

② Edge Option:

Laminate:

- ☐ J Edgeband
☐ F Knife

Wood:

- ☐ K Edgeband
☐ U Knife

- Laminate surface color or wood finish color.
- Edgeband trim color (laminate only).
- Base trim color.

Note: \$60.04 upcharge list for Grade B trim colors.

- Base Sizes:
 - 30"(762mm) tops include 21"(533mm) disc base.
 - 36"(914mm) tops include 27"(686mm) disc base.
 - Power cannot be routed through column.
 - Does not accept screen, AKP, monitor arms or any drawers or pedestals.

- To Order, Specify:**
- 1) Product number, including:
- 1 Surface Option:**
- L Laminate
- W Wood
- 2 Edge Option:**
- Laminate:
- J Edgeband
- F Knife
- Wood:
- K Edgeband
- U Knife
- 2) Laminate surface color or wood finish color.
- 3) Edgeband trim color (laminate only).
- 4) Base trim color.

Note: \$60.04 upcharge list for Grade B trim colors.

TCRP

Features

- Includes 1.18"(30mm) thick top, disc base, glides, pneumatic column with lever and hardware.
- Laminate top with knife edge or 3mm edgeband or wood veneer top with 3mm wood edgeband or knife edge.
- Pneumatic height adjustment with 27"(686mm) to 44"(1118mm) continuous adjustment.
- Glides have 0.38"(9.5mm) height adjustment and are standard in black.
- Tables is available with black glides only.

Specification Tips

- Base Sizes:
 - 30"(762mm) tops include 21"(533mm) disc base.
 - 36"(914mm) tops include 27"(686mm) disc base.
- Power cannot be routed through column.
- Does not accept screen, AKP, monitor arms or any drawers or pedestals.

To Order, Specify:

- 1) Product number, including:

1 Surface Option:

- L** Laminate
- W** Wood

2 Edge Option:

Laminate:

- J** Edgeband
- F** Knife

Wood:

- K** Edgeband
- U** Knife

- 2) Laminate surface color or wood finish color.
- 3) Edgeband trim color (laminate only).
- 4) Base trim color.

Note: \$60.04 upcharge list for Grade B trim colors.

	TA01-CLSN-2	\$333.23

TA01-CLSN

Description

One Sensor

Two Sensors

Features

- Includes external sensor, sensor unit cord, and either one or two connecting cables and attachment hardware.
- Provides increased pinch point and collision detection.
- Installs on bottom of table to surface and to J-rail.
- Use of sensor does not completely eliminate potential pinch point risks or collisions – user should be properly trained and use caution when operating.

To Order, Specify:

1) Product number.

Specification Tips

- Can only be installed on Planes or Planes Value Model Height Adjustable Tables and Benches controller that is newer than 10-2016.
- Surfaces < 60"(1524mm) use one connecting cable.
- Surfaces > 60"(1524mm) use two connecting cables.
- Connection hardware is critical for optimal performance. See installation instructions.
- Very important for connecting cable to be securely fastened for optimal performance.

	Number	Price
Gallery End Panel Bracket	TA01-BRKT-E	\$342.33

TA01-BRKT-E

Feature

- Includes one pair of painted brackets and attachment hardware.

Specification Tips

- Designed to attach Planes or Planes Value Line Double-Sided Height Adjustable Benches or 120° Height Adjustable Bench to Reside Structural screens or 1 or 2 Piece Gallery End Panels.**
- Not for use on:
 - Planes Single Sided Bench
 - Planes Value Line Single Sided Bench
 - Hop Benches
- Mounts to cross beam at the end of a benching run.
- For use with 1 or 2 Piece Gallery End Panels.
- Not for use with 3 Piece Gallery End Panels.**
- Not for use in between benches. Do not field modify Gallery End Panel to route power between benches. Contact Tailored Solutions.**
- Cannot use end of run top feed with Gallery End Panel.
- Refer to Specification Guide for planning information.

Belong Screens

Back Screen with Modesty for Height Adjustable Tables

Features

- Includes screen L bracket and attachment hardware.
- Available in Fabric, Laminate, Wood, Glass, or Markerboard.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Markerboard – markers and erasers not included.
- Screen and brackets are field installed.

Specification Tips

- **Not for use on Hop or Planes Height Adjustable Bench.**
- Cannot mount to non-square edge work surfaces.
- **Refer to Specification Guide for mounting clearances.**
- Screen and the table width cannot match. The screen width must be smaller than the table width.
- Screens are non-load bearing.
- Screens with clear glass specified are clear above and below the worksurface.
- Screen mounting:
 - 19" High: 4.25"(108mm) above worksurface; 13"(330mm) from bottom of worksurface to bottom of screen
 - 27" High: 12.25"(311mm) above worksurface; 13"(330mm) from bottom of worksurface to bottom of screen
- **Glass screen not for use on Upside table.**
- Screen Thickness:
 - Fabric, laminate, and wood - 0.56"(14mm)
 - Glass - 0.24"(6mm)
- Gap between screen and horizontal surface for wire management.

To Order, Specify:

- 1) Product number.
- 2) Surface Colors Options:

Fabric:

-Fabric Color

Laminate:

-Laminate surface color

-Edgeband trim color

Wood:

-Wood finish color

Glass:

-Glass finish

9T-1C Clear (Grade A)

9T-E21 Satin Etched (Grade C)

- 3) Trim color for bracket.

Note: **\$3.24** upcharge list for Grade B trim colors. Premium laminate wood grain direction is vertical.

Belong Screens

Back Screen without Modesty – Height Adjustable Tables and Benching

Features

- Includes screen and attachment hardware.
- Available in Fabric, Laminate, Wood, Glass, or Markerboard.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Markerboard – markers and erasers not included.
- Screen and brackets are field installed.

Specification Tips

- For use with Height Adjustable Benches with 23”(584mm), 29”(737mm) and 35”(889mm) depths only. Reference Specification Guide for recommended screen to table size.
- Can be used with Freestanding Height Adjustable Tables.
- Cannot mount to non-square edge work surfaces.
- Not for use with 24”(610mm), 30”(762mm) and 36”(914mm) depth Height Adjustable Benches due to pinch points. Use Planes Screens for Height Adjustable Benches Center Mount.

To Order, Specify:

- 1) Product number.
- 2) Surface Colors Options:

Fabric:

- Fabric Color

Laminate:

- Laminate surface color
- Edgeband trim color

Wood:

- Wood finish color

Glass:

- Glass finish
- 9T-1C Clear (Grade A)
- 9T-E21 Satin Etched (Grade C)

- 3) Trim color for bracket.

Note: \$3.24 upcharge list for Grade B trim colors. Premium laminate wood grain direction is vertical.

TASC

Features

- Includes screen and attachment hardware.
- Available in Fabric, Laminate, Wood, Glass, or Markerboard.
- Fabric surface is non-tackable.
- Laminate surface is high pressure laminate with 1mm edgeband.
- Wood surface is wood veneer surface with 1mm edgeband.
- Markerboard - markers and erasers not included.
- Screen and brackets are field installed.

Specification Tips

- Designed for use with Planes or Planes LT Height Adjustable Benches.
- Not for use on Planes Height Adjustable Tables.
- Specify screen width to match bench width.
- Screen thickness:
 - Fabric, Laminate and Wood - 0.56"(14mm)
 - Glass - 0.24"(6mm)
 - Markerboard - 0.6"(15mm)
- 18"(457mm) high for use with the crank and the single-stage electric.
- 23"(584mm) high for use with dual-stage.

To Order, Specify:

- 1) Product number.
- 2) Surface Colors Options:
 - Fabric:
 - Fabric color
 - Laminate:
 - Laminate surface color
 - Edgeband trim color
 - Wood:
 - Wood finish color
 - Glass:
 - Glass finish
 - 9T-1C Clear (Grade A)
 - 9T- E21 Satin Etched (Grade C)
 - Markerboard:
 - (No specification required)
- 3) Trim color for bracket.

Note: \$5.91 upcharge list for Grade B trim colors. Premium laminate wood grain direction is vertical.

Wire Management Basket	18"(457mm)	TAWB-0918	\$180.24
	24"(610mm)	TAWB-0924	189.28
	36"(914mm)	TAWB-0936	207.29

TAWB

Class TA - SIN 33721: Discount Group X

Features

- Includes one basket, four brackets and attachment hardware.
- Standard in black.
- Basket is 8.5"(216mm) deep x 3.5"(89mm) high. With mounting hardware overall height is 4.94"(125mm) and depth is 10.82"(275mm).
- Accessible from both sides.
- Basket detaches without tools.

Specification Tips

- Optimized for height adjustable table.
- Not for use with Height Adjustable Bench, Planes Training and Planes Collaborative tables.
- Verify mounting clearance with table understructure.
- Separately specify covers.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Basket Cover	18"(457mm)	TABC-0918	\$ 49.78
	24"(610mm)	TABC-0924	66.83
	36"(914mm)	TABC-0936	100.81

TABC (Two covers shown)
Class TA - GSA: Open Market

Feature

- Includes one painted cover.

Specification Tips

- Designed to be used with wire management basket. Up to two can be installed.
- Order to match wire management basket width.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Note: \$15.63 upcharge list for Grade B trim colors.

4-Circuit, 2+2			
	87"(2210mm)	EUEH-0087-2	\$289.25
	180"(4572mm)	EUEH-00F0-2	432.97
	300"(7620mm)	EUEH-00W0-2	711.95
4-Circuit, 3+1			
	87"(2210mm)	EUEH-0087-4	\$289.25
	180"(4572mm)	EUEH-00F0-4	432.97
	300"(7620mm)	EUEH-00W0-4	711.95

Features

- Includes electrical harness in galvanized metal conduit.
- Conduit for 3-Circuit includes eight 12-gauge wires for up to three 20 amp circuits of power.
- Conduit for 4-Circuit includes six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power.
- Can be used to route power from floor to power distribution assembly.
- For use with components equipped with power.
- Attaches at any receptacle site or right-hand jumper location.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with power sources other than 120 volt 60 hertz.**
- A bench base feed cover is a separately specified option.
- Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).

Base Feed Module — Concealed Hardwire Connection

VZEB-0000-Y

Description	Number	Price
3-Circuit	VZEB-0000-Y	\$708.75
4-Circuit, 2+2	VZEB-0000-YH2	\$708.75
4-Circuit, 3+1	VZEB-0000-YH4	\$708.75

Features

- Includes one junction box with modular connector.
- For floor, column, or wall hardwire connections.
- Conduit for 3-circuit provides eight 12-gauge wires for up to three 20-amp circuits of power.
- Conduit for 4-circuit provides six 12-gauge and two 10-gauge wires for up to four 20-amp circuits of power.
- Conforms to New York City electrical code.
- Junction box has three 0.5" knockouts.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- For use with Planes LT and Planes Height-Adjustable Bench of 52" width or greater equipped with 3-circuit or 4-circuit (2+2 or 3+1) power components.
- Connector plugs into receptacle site on left side of Planes Height-Adjustable Bench.
- Conduit and fittings for connection between building and junction box are supplied by local electricians.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).

Electrical Components — Height Adjustable Bench

Laminate or Wood – Electric Adjustment

	Description	Height	Length	Number	Price
 FBEW 	Wall Feed Field Wired 1 Port				
	3-Circuit	1.5"(38.1mm)	4.7"(119mm)	FBEW-0004-31	\$113.32
	4-Circuit	1.5"(38.1mm)	4.7"(119mm)	FBEW-0004-41	\$113.32
Features - Includes 4.7"(119mm) junction box cover with one female modular power connector. - For use with field supplied 4.7"(119mm) square junction box. - Connector has integral latching system. - UL listed Manufactured wiring system rated for 20 Amp 120V/208Y or 120/240V 60 Hz and for use in "other air handling spaces" per NEC Article 604. To Order, Specify: - Product number. (No finish specification required.)					
Specification Tips - For use with Raised Infeed Base Feed Module and Systems Furniture Power Interface Jumper. - Provides transition from building power to modular power distribution system. May be used with junction box in wall or column. - Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=rust and 4-circuit=black).

		300"(7620mm)	EUEJ-0300-4WF	900.24
Features - Includes connector assembly which consists of one Power Base connector head, galvanized 0.5"(13mm) flexible metal conduit, one Power Base AI connector head and a two port splitter. - Conduit for 3-Circuit includes eight 12-gauge wires for up to three 20 amp circuits of power. - Conduit for 4-Circuit includes six 12-gauge and two 10-gauge wires for up to four 20 amp circuits of power. - For use with components equipped with power. - Attaches at any receptacle site or right-hand jumper location and to a Wall Feed Field Wired 1 port. To Order, Specify: - Product number. (No finish specification required.)				
Specification Tips Not for use with power sources other than 120 volt 60 hertz. - A vertical base feed cover is a separately specified option. - Exposed split tubing may be field supplied separately to cover exposed galvanized metal conduit. - Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).				

Electrical Components

	Description	Feed Length	Number	Price
Single Circuit Base Feed – Receptacle Connection — 3-Circuit and 4-Circuit	3-Circuit	24"(610mm)	4TEB-20	\$419.92
	4-Circuit, 2+2		4TEB-20-2	419.92
	4-Circuit, 3+1		4TEB-20-4	419.92

4TEB-20

**Features**

- Includes one base feed, 24"(610mm) cord, junction box, 53"(1346mm) flexible conduit and 20 amp plug (NEMA 5-20P).
- For use with product equipped with 3-circuit or 4-circuit power components.
- Requires a 20 amp, 125 volt building receptacle (NEMA 5-20R) for plug-in (not included).
- Provides power to circuit #1 only.
- Attaches at any flex/jumper locations on a Power Distribution Assembly (PDA).
- Standard in charcoal trim color only.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use with isolated ground receptacles.**
- Not for use with power sources other than 120 volt 60 hertz.
- Junction box must be secured to furniture or architectural support.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Receptacle Connection —
3-Circuit and 4-Circuit**

4TEB-15

3-Circuit	72"(1829mm) (Canada only)	4TEB-15	\$419.92
4-Circuit, 2+2		4TEB-15-2	419.92
4-Circuit, 3+1		4TEB-15-4	419.92

Features

- Includes one base feed, 72"(1829mm) cord, junction box, 53"(1346mm) flexible conduit and 15 amp plug (NEMA 5-15P).
- For use with product equipped with 3-circuit or 4-circuit power components.
- Requires a 15 amp, 125 volt building receptacle (NEMA 5-15R) for plug-in (not included).
- Attaches at any flex/jumper locations on a Power Distribution Assembly (PDA).
- Provides power to circuit #1 only.
- Standard in charcoal trim color only.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- **Not for use in USA due to electrical code restrictions.**
- **Not for use with isolated ground receptacles.**
- Not for use with power sources other than 120 volt 60 hertz.
- Junction box must be secured to furniture or architectural support.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

3-Circuit	36"(914.4mm)	EUEJ-0036-3	\$179.01
4-Circuit, 2+2	36"(914.4mm)	EUEJ-0036-2	\$189.33
4-Circuit, 3+1	36"(914.4mm)	EUEJ-0036-4	\$189.33

Features

- For use with power components.
- Jumpers cannot be coupled together.
- Field installed.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- **Jumpers are used to connect between Power Distribution Assemblies mounted in Plane or Planes LT Height Adjustable Bench troughs.**
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- One 28"(711.2mm) jumper to connect between two benches. Use two 36"(914.4mm) jumpers to connect the Power Distribution assemblies within a 120° bench.

Features

- Includes box of six receptacles, each receptacle has three 15 Amp outlets (NEMA 5-15R configuration).
- For use with panels equipped with power components.
- Receptacles are ground type specific.

Specification Tips

- Not for use with power sources other than 120 volt 60 hertz.
- For power access at any location within the panels with appropriate base raceway covers or technology pad.
- Isolated ground receptacle not for use with single circuit base feed module.
- Triplexes for 3-Circuit are field programmable.
- Triplexes for 4-Circuit have fixed circuit access and are not field programmable. Specify appropriate number of receptacles for each circuit.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components. Components have unique polarity key and color coding (3-circuit=black, 2+2=blue and 3+1=green).
- Controlled receptacles are marked with a permanent symbol and the word CONTROLLED to comply with various energy code requirements including ASHRAE 90.1 and California Building Code Title 24 part 6.**
- Circuit assignment and receptacle placement should be coordinated with a local electrician. Local electrician is responsible for circuit loading and code compliance.**
- Consult with local authority having jurisdiction (AHJ) for requirements regarding controlled receptacles before placing orders and installation.**

To Order, Specify:

- Product number.
- Trim color.

Planes Height Adjustable Bench Electrical Components

End-of-Run

Height Adjustable Bench – Top Feed, End-of-Run — 3-Circuit and 4-Circuit

EAET-C000-S3

Description	Ceiling Height	Pole Length	Number	Trim A	B
For Planes Height Adjustable Bench - Single Stage and Crank					
3-Circuit	10'(3048mm)	126"(3200mm)	EAET-C000-S3	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-S3	1247.09	1281.63
4-Circuit - 2+2	10'(3048mm)	126"(3200mm)	EAET-C000-S2	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-S2	1247.09	1281.63
4-Circuit - 3+1	10'(3048mm)	126"(3200mm)	EAET-C000-S4	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-S4	1247.09	1281.63
For Planes LT (Single and Dual Stage) and Planes Dual-Stage Low and High Height Adjustable Bench					
3-Circuit	10'(3048mm)	126"(3200mm)	EAET-C000-D3	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-D3	1247.09	1281.63
4-Circuit - 2+2	10'(3048mm)	126"(3200mm)	EAET-C000-D2	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-D2	1247.09	1281.63
4-Circuit - 3+1	10'(3048mm)	126"(3200mm)	EAET-C000-D4	\$1235.59	\$1270.13
	12'(3658mm)	150"(3810mm)	EAET-E400-D4	1247.09	1281.63

Features

- 3-Circuit includes one 180"(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with eight 12-gauge wires for up to three 20-amp circuits of power and a transition tray for end-of-run.
- 4-Circuit includes one 180"(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with six 12-gauge wires and two 10-gauge wires for up to four 20-amp circuits of power and a transition tray for end-of-run.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 1.5"(38mm) x 4"(102mm).
- Harness attaches at any receptacle site or right-hand jumper location.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tips

- For use with Planes and Planes LT Height Adjustable Bench only.
- **Not for use with power sources other than 120 volt 60 hertz.**
- End-of-Run Top Feed mounts to the floor and attaches to the table base cross bar and ceiling.
- Floor attachment hardware is field supplied.
- Electrical harness length is 180"(4572mm) regardless of pole length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Planes Height Adjustable Bench Electrical Components

Middle-of-Run

Height Adjustable Bench – Top Feed, Middle-of-Run — 3-Circuit and 4-Circuit

EAET-C00C-S3

Description	Ceiling Height	Pole Length	Number	Trim A	B
For Planes Height Adjustable Bench - Single Stage and Crank					
3-Circuit	10'(3048mm)	108.5"(2756mm)	EAET-C00C-S3	\$1224.09	\$1258.63
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-S3	1235.59	1270.13
4-Circuit - 2+2	10'(3048mm)	108.5"(2756mm)	EAET-C00C-S2	\$1235.59	\$1270.13
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-S2	1247.09	1281.63
4-Circuit - 3+1	10'(3048mm)	108.5"(2756mm)	EAET-C00C-S4	\$1224.09	\$1258.63
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-S4	1235.59	1270.13
For Planes LT (Single and Dual Stage) and Planes Dual-Stage Low and High Height Adjustable Bench					
3-Circuit	10'(3048mm)	108.5"(2756mm)	EAET-C00C-D3	\$1235.59	\$1270.13
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-D3	1247.09	1281.63
4-Circuit - 2+2	10'(3048mm)	108.5"(2756mm)	EAET-C00C-D2	\$1224.09	\$1258.63
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-D2	1235.59	1270.13
4-Circuit - 3+1	10'(3048mm)	108.5"(2756mm)	EAET-C00C-D4	\$1235.59	\$1270.13
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-D4	1247.09	1281.63

Features

- 3-Circuit includes one 180"(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with eight 12-gauge wires for up to three 20-amp circuits of power.
- 4-Circuit includes one 180"(4572mm) electrical harness in metal conduit, electrical box, ceiling bezel plate, pole and hardware with six 12-gauge wires and two 10-gauge wires for up to four 20-amp circuits of power.
- For connection to the electrical source located in space above a drop ceiling.
- For use with Height Adjustable Bench - Transition Tray (for use with Middle-of-Run, Top Feed) or Height Adjustable Bench - Transition Tray (for use with Center Mount Screens and Middle-of-Run, Top Feed).
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 1.5"(38mm) x 4"(102mm).
- Harness attaches at any receptacle site or right-hand jumper location.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tips

- For use with Planes and Planes Value Module Height Adjustable Bench only in the following applications:
 - Dual-Sided Bench
 - 120° Bench
- Do not use with Single-Sided Planes Height Adjustable Benches.
- **Not for use with power sources other than 120 volt 60 hertz.**
- Applications with no Screens or with Worksurface Mounted Screen separately specify:
 - Height Adjustable Bench - Transition Tray (for use with Middle-of-Run, Top Feed), TA01-HBTT-MT; required for mounting top feed in a Middle-of-Run location.
- Applications with Center Mount Screen separately specify:
 - Height Adjustable Bench - Transition Tray (for use with Center Mount Screens and Middle-of-Run, Top Feed), TA01-HBTT-MTS; required for mounting top feed in a Middle-of-Run location.
- Middle-of-Run, Top Feed mounts between the bench tables and attaches to the transition tray between table base cross bars and ceiling.
- Electrical harness length is 180"(4572mm) regardless of pole length.
- Do not mix 3-circuit with 4-circuit components. Do not mix 2+2 and 3+1 components.
- Components have unique polarity key and color coding (3-circuit = black; 2+2 = blue; 3+1 = green).
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Planes Height Adjustable Bench Electrical Components

End-of-Run — Hardwire

Height Adjustable Bench – Top Feed, End-of-Run — Hardwire

EAET-C000-SC

Description	Ceiling Height	Pole Length	Number	Trim A	B
For Planes Height Adjustable Bench - Single Stage and Crank					
Hardwire	10'(3048mm)	126"(3200mm)	EAET-C000-SC	\$433.66	\$468.20
	12'(3658mm)	150"(3810mm)	EAET-E400-SC	445.16	479.70
For Planes LT (Single and Dual Stage) and Planes Dual-Stage Low and High Height Adjustable Bench					
Hardwire	10'(3048mm)	126"(3200mm)	EAET-C000-DC	\$433.66	\$468.20
	12'(3658mm)	150"(3810mm)	EAET-E400-DC	445.16	479.70

Features

- Includes one electrical box, ceiling bezel plate, pole, transition tray for end-of-run and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 1.5"(38mm) x 4"(102mm).

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tips

- For use with Planes and Planes LT Height Adjustable Benches only.
- **Not for use with power sources other than 120 volt 60 hertz.**
- End-of-Run Top Feed mounts to the floor and attaches to the table base cross bar and ceiling.
- Floor attachment hardware is field supplied.
- Conduit and wiring is field supplied.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Planes Height Adjustable Bench Electrical Components

Middle-of-Run Hardwire

Height Adjustable Bench –
Top Feed, Middle-of-Run —
Hardwire

EAET-C00C-DC

Description	Ceiling Height	Pole Length	Number	Trim A	B
For Planes LT (Single and Dual Stage) and Planes Dual-Stage Low and High Height Adjustable Bench					
Hardwire	10'(3048mm)	108.5"(2756mm)	EAET-C00C-DC	\$433.66	\$468.20
	12'(3658mm)	132.5"(3366mm)	EAET-E40C-DC	445.16	479.70

Features

- Includes one electrical box, ceiling bezel plate, pole and hardware.
- For connection to the electrical source located in space above a drop ceiling.
- For use with Height Adjustable Bench - Transition Tray (for use with Middle-of-Run, Top Feed) or Height Adjustable Bench - Transition Tray (for use with Center Mount Screens and Middle-of-Run, Top Feed).
- Removable cover on poles provides access to pathway.
- Top feed pole dimensions: 1.5"(38mm) x 4"(102mm).

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tips

- For use with Planes or Planes LT Height Adjustable Benches in the following applications:
 - Dual-Sided Bench
 - 120° Bench
- Do not use with Single-Sided Planes or Planes LT Height Adjustable Benches.
 - Not for use with power sources other than 120 volt 60 hertz.**
- Applications without Center Mount Screen separately specify:
 - Height Adjustable Bench - Transition Tray (for use with Middle-of-Run, Top Feed), TA01-HBTT-MT; required for mounting top feed in a Middle-of-Run location.
- Applications with Center Mount Screen
 - Height Adjustable Bench - Transition Tray (for use with Center Mount Screens and Middle-of-Run, Top Feed), TA01-HBTT-MTS; required for mounting top feed in a Middle-of-Run location.
- Middle-of-Run, Top Feed mounts between the bench tables and attaches to the transition tray between table base cross bars and ceiling.
- **Conduit and wiring is field supplied.**
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Hardwire Kit

EKEP-0000-C

	Number	Trim A	B
	EKEP-0000-C	\$196.09	\$205.03

Features

- Includes one electrical box with 0.5"(13mm) knockouts, two receptacle cover plates, one blank cover plate and mounting hardware.
- Attaches to Center Screen bracket.
- Attaches to PDA bracket.
- Field installed.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tip

- **Conduit, fittings, wiring and receptacles are field supplied.**

Planes Bench Electrical Components

	Length	Width	Depth	Number	Trim A	B
Height Adjustable Bench – Transition Tray  TA01-HBTT-M	14"(356mm)	4"(102mm)	1.5"(38mm)	TA01-HBTT-M	\$194.72	\$210.93
Features - Includes tray, cover and mounting hardware. - Routes power and data cable to the adjacent bench table. - Mounts between adjacent table base cross bars. - Creates a 2"(51mm) pinch point clearance between side-by-side benches. - Not for use with top feed. - Removable cover provides access to power and data cable pathway.						
To Order, Specify: - Product number. - Trim color.						
Specification Tips - For use with Planes or Planes LT Height Adjustable Benches in the following applications: - Dual-Sided to Dual-Sided Bench - Dual-Sided to 120° Bench 120° Bench to 120° - Do not mix Planes with Planes LT Height Adjustable Benches. Not for use with Height Adjustable Bench - Top Feed, Middle-of-Run. - Can be used with Center Screens. - Requires use of separately specified 28"(711mm) long jumper, EUEJ-0028-■. - Required for code compliance if routing power between adjacent bench tables. - In a power application where power is not being routed between adjacent bench tables a transition tray is not required. However, at least 1"(25mm) clearance is needed between the adjacent furniture or architectural element (wall, column, bench table, panel, etc). - Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.						
Height Adjustable Bench – Transition Tray — For use with Middle-of-Run, Top Feed  TA01-HBTT-MT	14"(356mm)	4"(102mm)	1.5"(38mm)	TA01-HBTT-MT	\$194.72	\$210.93
Features - Includes tray, cover and mounting hardware. - Routes power and data cable to the adjacent bench table. - Mounts between adjacent table base cross bars and to Middle-of-Run top feed. - Creates a 2"(51mm) pinch point clearance between side-by-side benches. - For use with Height Adjustable Bench - Middle-of-Run, Top Feed. - Top feed fits through hole in cover, snap in cover provides access to power and data cable pathway.						
To Order, Specify: - Product number. - Trim color.						
Specification Tips - For use with Planes or Planes LT Height Adjustable Benches in the following applications: - Dual-Sided to Dual-Sided Bench - Dual-Sided to 120° Bench 120° Bench to 120° - Do not mix Planes with Planes LT Height Adjustable Benches. - Not for use with Center Screens. - Requires use of separately specified 28"(711mm) long jumper, EUEJ-0028-■. - Attaches to the bottom of the middle-of-run top feed. - Required for code compliance if routing power between adjacent bench tables. - In a power application where power is not being routed between adjacent bench tables a transition tray is not required. However, at least 1"(25mm) clearance is needed between the adjacent furniture or architectural element (wall, column, bench table, panel, etc). - Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.						

Planes Bench Electrical Components

	Length	Width	Depth	Number	Trim A	B
Height Adjustable Bench – Transition Tray — For use with Fixed Screens and Middle-of-Run, Top Feed  TA01-HBTT-MTS	14"(356mm)	4"(102mm)	1.5"(38mm)	TA01-HBTT-MTS	\$198.89	\$215.10
Features - Includes tray, cover and mounting hardware. - Routes power and data cable to the adjacent bench table. - Mounts between adjacent table base cross bars and to Middle-of-Run top feed. - Creates a 4"(102mm) pinch point clearance between side-by-side benches to accommodate Top Feed. - For use with Height Adjustable Bench - Middle-of-Run Top Feed. - Top Feed fits through hole in cover, snap in cover products access to power and cable pathway.						
To Order, Specify: - Product number. - Trim color.						
Specification Tips - For use with Planes or Planes LT Height Adjustable Benches in the following applications: –Dual-Sided to Dual-Sided Bench –Dual-Sided to 120° Bench –120° Bench to 120° - Do not mix Planes with Planes LT Height Adjustable Benches. - Can be used with Center Screens. - Requires use of separately specified 30"(762mm) jumper, EUEJ-0030-■. - Attaches to the bottom of the Middle-of-Run top feed. - Required for code compliance if routing power between adjacent bench tables. - In a power application where power is not being routed between adjacent bench tables a transition tray is not required. However, at least 1"(25mm) clearance is needed between the adjacent furniture or architectural element (wall, column, bench table, panel, etc). - Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.						
Height Adjustable Bench – Transition Tray – Asymmetrical  TA01-HBTT-MA	14"(356mm)	4"(102mm)	1.5"(38mm)	TA01-HBTT-MA	\$194.72	\$210.93
Features - Includes tray, cover and mounting hardware. - Routes power and data cable to the adjacent bench table. - Mounts between adjacent table base cross bars. - Creates a 2"(51mm) pinch point clearance between side-by-side benches.						
To Order, Specify: - Product number. - Trim color.						
Specification Tips Single Sided Planes or Planes LT Bench must be attached to another bench of equal or greater size. ETL listing does not allow use of a freestanding single sided bench. - For use with Planes or Planes LT Height Adjustable Benches in the following applications: –Single-Sided to Single-Sided Bench –Single-Sided to Dual-Sided Bench –Single-Sided to 120° Bench - Do not mix Planes with Planes LT Height Adjustable Benches. - Can be used with Center Screens. - Requires use of separately specified 28"(711mm) jumper, EUEJ-0028-■. - Required for code compliance if routing power between adjacent bench tables. - In a power application where power is not being routed between adjacent bench tables a transition tray is not required. However, at least 1"(25mm) clearance is needed between the adjacent furniture or architectural element (wall, column, bench table, panel, etc). - Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.						

Planes Bench Electrical Components

	Height	Width	Actual Length	Installed Length	Number	Price
Cable Chain	0.75"(19mm)	2.25"(58mm)	40"(1016mm)	36"(914mm)	EAAW-0000-H	\$318.20

EAAW-0000-H

Features

- Includes 36"(914mm) active length cable chain and mounting hardware.
- For use with Hop, Planes or Planes LT Height Adjustable Benches only.
- Color black only.
- Mounts to cable trough and underside of work surface to contain power cords/data cables that are routed from the cable tray to the work surface.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Specification Tips

- May be used with crank, single and dual stage height adjustable benches.
- Holds up to three power cords and two data cables.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Base Feed Cover — Vertical

BSFD-S

Description	Bottom of Surface To Floor	Number	Trim A	B
Single Stage	17.5"-18.5"(445mm-470mm)	TA01-BSFD-S	\$213.75	\$248.29
Dual Stage	12.25"-13.25"(311mm-337mm)	TA01-BSFD-D	213.75	248.29

Features

- Includes two-piece base feed cover and attachment hardware.
- Optional base feed is used to conceal metal conduit and data cables.
- Base feed dimensions: 1.5"(38mm) x 4"(102mm).

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Specification Tips

- **For use with Planes Single Stage Height Adjustable Benches only.**
- For use with Planes or Planes LT Height Adjustable Benches only.
- Used to route power and data from floor or column to bottom of horizontal surface.
- Mounts under horizontal surface and attaches to floor.
- Floor attachment hardware is field supplied.
- Application may require approval of local authority having jurisdiction (AHJ); ensure compliance before placing orders and installation.

Product Code	Product Description	Page
4TEB-15	Tactics 3-Circuit — Electrical Components – Single Circuit Base Feed – Receptacle Connection — 3-Circuit and 4-Circuit	175
4TEB-20	Tactics 3-Circuit — Electrical Components – Single Circuit Base Feed – Receptacle Connection with Power Cord — 3-Circuit and 4-Circuit	175
BSFD-S	Planes Bench Electrical Components – Base Feed Cover — Vertical	185
EAAW-0000-H	Planes Bench Electrical Components – Cable Chain	185
EAET-C000-S3	Planes Height Adjustable Bench Electrical Components – End-of-Run – Height Adjustable Bench – Top Feed, End-of-Run — 3-Circuit and 4-Circuit	179
EAET-C000-SC	Planes Height Adjustable Bench Electrical Components – End-of-Run — Hardwire – Height Adjustable Bench – Top Feed, End-of-Run — Hardwire	181
EAET-C00C-DC	Planes Height Adjustable Bench Electrical Components – Middle-of-Run Hardwire – Height Adjustable Bench – Top Feed, Middle-of-Run — Hardwire	182
EAET-C00C-S3	Planes Height Adjustable Bench Electrical Components – Middle-of-Run – Height Adjustable Bench – Top Feed, Middle-of-Run — 3-Circuit and 4-Circuit	180
EKEP-0000-C	Planes Height Adjustable Bench Electrical Components – Middle-of-Run Hardwire – Hardwire Kit	182
EUEH-0087-2	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Infeed Harness	173
EUEH-0087-3	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Infeed Harness	173
EUEH-0087-4	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Infeed Harness	173
EUEJ-0018-3	Electrical Components — Height Adjustable Bench – Jumper	176
EUEJ-0024-4	Electrical Components — Height Adjustable Bench – Jumper	176
EUEJ-0064-2WF	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Internal Power Base™ AI Base Feed	174
EUEJ-0064-3WF	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Internal Power Base™ AI Base Feed	174
EUEJ-0064-4WF	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Internal Power Base™ AI Base Feed	174
EUEK-2S	Electrical Components — Height Adjustable Bench – Utility Tray Power Retrofit Kit	176
EUEK-3S	Electrical Components — Height Adjustable Bench – Utility Tray Power Retrofit Kit	176
EUEK-4S	Electrical Components — Height Adjustable Bench – Utility Tray Power Retrofit Kit	176
EUER-15	Electrical Components – Triplex Receptacle – 15 Amp	177
EUER-20	Electrical Components – Triplex Receptacle – 20 Amp	178
FBEW	Electrical Components — Height Adjustable Bench – Laminate or Wood – Electric Adjustment – Wall Feed Field Wired 1 Port	174
KUPA	Belong Suspended Pedestal – Box/File or Open with Box Drawer	26
KUPD	Belong Suspended Pedestal – Box/File or Open with Box Drawer	26
SUFB	Belong Screens – Back Screen without Modesty – Height Adjustable Tables and Benching	166
TA01-BRKT-E	Accessories – Planes and Planes Value Model Only – Gallery End Panel Bracket	161
TA01-CLSN	Accessories – Planes and Planes Value Model Only – Collision Sensor	161
TA01-CSTR	Accessories – Planes and Planes Value Model Only – Caster Kit	161
TA01-HBTT-M	Planes Bench Electrical Components – Height Adjustable Bench – Transition Tray	183
TA01-HBTT-MA	Planes Bench Electrical Components – Height Adjustable Bench – Transition Tray – Asymmetrical	184
TA01-HBTT-MT	Planes Bench Electrical Components – Height Adjustable Bench – Transition Tray — For use with Middle-of-Run, Top Feed	183
TA01-HBTT-MTS	Planes Bench Electrical Components – Height Adjustable Bench – Transition Tray – Asymmetrical	184
TABC	Electrical Components – Accessories – For use with Height Adjustable Tables – Basket Cover	172
TACA	Planes Height Adjustable Tables — 90° Straight – Laminate or Wood – Electric Adjustment –	40
TACA	Planes Height Adjustable Tables — 90° Straight – Laminate or Wood – Incremental Adjustment –	38
TACE-4064-NCDB	Planes Height Adjustable Table — Corner, 90° Wrap-Around Extended – Laminate or Wood – Incremental or Crank Adjustment	61
TACE-4064-NCEB	Planes Height Adjustable Table — Corner, 90° Wrap-Around Extended – Laminate or Wood – Electric Adjustment	65

Product Compatibility and Limited Warranty Policy

Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

Our Commitment To Product Compatibility – Integrated Product Platforms

As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

Our Commitment To Product Quality – The Haworth North America Limited Warranty

To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the limited warranty including its terms and conditions, please go to:

www.haworth.com/warranty or contact OneTouch@Haworth.com or 1 877 429 6784.

Warranty Requests or Questions

For questions or service requests pertaining to the Haworth Limited Warranty, please contact your Haworth dealer. If you are unsure who your dealer is, please contact **OneTouch@Haworth.com or 1 877 429 6784.**

Effective: September 1, 2021
