1 Inch

Emeco | Jasper Morrison | 2017 | Made in the United States

Features and Specifications

Side Chairs and Stools
The frame is made from recycled aluminum and is available in a Hand-Brushed, Clear Anodized Aluminum (EMT-2) or Black (EPC-1) powder coated aluminum. Seat and back options include reclaimed wood polypropylene (a recycled polypropylene substance blended with reclaimed wood fiber), plywood, or upholstered. Glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

1 Inch side chairs stack six high. The low stool stacks two high. The medium stools and high stools cannot be stacked.

1 Inch seating complements 1 Inch and 2 Inch tables.

1 Inch seating with reclaimed wood polypropylene seats and backs are designed to be used in indoor and outdoor settings. When used in outdoor environments, 1 Inch may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. 1 Inch seating with upholstered or plywood seats and back are not suitable for outdoor use.

111 Navy®

Emeco | 2010 | Made in the United States

Features and Specifications

Side Chairs and Stools
The side chairs and stools are made of 65% recycled polyethylene (PET) and 35% fiberglass in multiple finishes. The glides are made of soft thermoplastic polyurethane (TPU).

Seat Pad
The optional seat pad is available in recycled polyethylene (PET) felt with a black, non-slip backing.

Additional Notes

Each 111 Navy chair is made of approximately 111 recycled 20 ounce plastic bottles. Each stool is made of approximately 150 recycled 20 ounce plastic bottles.

111 Navy is designed to be used in indoor and outdoor settings. When used in outdoor environments, 111 Navy may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

Meets ANSI/BIFMA X5.1 Standard for Office Seating.

Alfi

Emeco | Jasper Morrison | 2015 | Made in the United States

Features and Specifications

Side Chairs and Stools
The seat shell is constructed from 100% reclaimed wood polypropylene (a recycled polypropylene substance blended with reclaimed wood fiber) and is available in a low or high back. The wood particles create a speckled texture that brings a warm, more natural look to the product. The base and legs are made of solid ash wood. The glides are made of soft thermoplastic polyurethane (TPU).

Slip Cover
The optional slip cover is available in fabric or leather, and comes in a low or high back option. It contains structured foam and slips over Alfi seating for a tight fit. It is designed to be retrofitted and removed easily when needed. The slip cover cannot be used with Alfi side chairs with arms.

Additional Notes

Meets ANSI/BIFMA X5.1 Standard for Office Seating.

Bandas Space

GAN | Patricia Urquiola | 2014 | Made in India, Imported from Spain

Features and Specifications

Chaise Lounges, Lounge Chairs, and Ottomans
Bandas Space seating is made of a wooden frame with rubber foam, upholstered in a grey fabric. Strips of Velcro hooks line the side edges of the entire seat, from the front to the back. Strips of Velcro loops line the underside of the corresponding wool covers which attach to the seat.

Pillows
Bandas Space pillows are comprised of a wool exterior with a polyester filling.

Additional Notes

New wool seating covers and pillows may shed fibers during the first few months. This is a normal characteristic of wool and is in no case a sign of deficient quality. Each seating cover and pillow is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the fabric or color are not errors or defects.

Bandas Space runners and pillows compliment Bandas Space seating.

Select models and colors available as part of the Haworth NOW inventory program.

Basket 011

Cappellini | Ronan and Erwan Bouroullec | 2005 | Imported from Italy

Features and Specifications

Lounge Chair and Sofas
Basket 011 is supported by a visible, matte painted metal frame. The seat and back are comprised of a double set of cushions, padded with multi-density polyurethane foam. A leather wrapped cord detail connects the cushions to the frame. The plastic glides are white on a Matte White (6R-1) painted frame, but black on a frame with any other color.

Additional Notes

Basket 011 can be upholstered in one or two colors of the same material (for example, two colors of Kvadrat® Divina 3, but not one color of Kvadrat® Divina 3 and one color of Kvadrat® Divina Melange 3).

Broom

Emeco | Philippe Starck | 2012 | Made in the United States

Features and Specifications

Side Chair and Stools
Broom seating is constructed from reclaimed wood polypropylene (a recycled polypropylene substance blended with reclaimed wood fiber). The wood particles create a speckled texture that brings a warm, more natural look to the product. The stools have a footrest in a hand-brushed, clear anodized aluminum finish. The glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

Broom side chairs stack six high. The stools cannot be stacked.

Broom is designed to be used in indoor and outdoor settings. When used in outdoor environments, Broom may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

BuzziSpark

BuzziSpace | Alain Gilles | 2018 | Imported from the Netherlands

Features and Specifications

Lounge Chairs and Sofas
The frame is powder coated metal. The shields are available at two heights and comprised of plywood, covered in foam and fiberfill, and upholstered in fabric with a tube piping edge detail. The shield cushions, seat cushions, and back cushions are filled with cotton, polyether foam, and polyester fiberfill and upholstered in fabric. The shield cushions are fixed with a slider system to the shield. Optional armrest cushions are available and upholstered in the same material as the back cushion. The armrest cushions are offered with an optional anti-theft set.

Pillow
The pillow is upholstered in fabric or leather.

Additional Notes

Handedness is determined by the user when seated.

BuzziSpark features acoustic absorption and attenuation for low tones, mid tones, and high tones, as well as visual privacy.

Capo

Cappellini | Doshi and Levien | 2011 | Imported from Italy

Features and Specifications

Lounge Chair
The lounge chair structure is comprised of resin-injected polyurethane foam with metal tubing for the frame. It can be upholstered with matching colors, or contrasting colors of the same upholstery type (e.g. two different fabrics or two different leather colors, but not leather with fabric). The adjustable glides are made of nylon.

Ottoman
The ottoman structure is comprised of resin-injected polyurethane foam with metal tubing for the frame. It can be upholstered only in one color and upholstery type.

Additional Notes

Capo's high walls provide visual privacy.

Capo is GREENGUARD certified.

Caprice

Cassina | Philippe Starck | 2016 | Imported from Italy

Features and Specifications

Side Chairs
The Caprice chair's exterior shell is made of nylon. The seat cushion is made of cold cured polyurethane foam which is fixed to a shock-resistant polystyrene inner shell. The seat is upholstered in fabric or leather with an optional quilted pattern. The legs are made of steel with black plastic glides.

Additional Notes

The legs may be finished in Chrome (26-CHR), or painted to match the exterior shell. However, when a Gloss White (69-CPB) shell is specified, the legs must be Chrome (26-CHR).

Meets ANSI/BIFMA X5.1 Standard for Office Seating.

Chancellor

Poltrona Frau | Lievore, Altherr, Molina | 2008 | Imported from Italy

Features and Specifications

Side Chairs with Sled Base
The sled base is finished in polished aluminum with plastic glides. The structure is molded polyurethane foam with a metal insert, padded with multi-density foam and quilted polyester. The optional arms are made of tubular steel which is upholstered in leather to match the seat, with ends that are finished to match the base.

Side Chair with Four Star Base
The four star, swivel base with auto-return is available with plastic swivel glides. The structure is molded polyurethane foam with a metal insert, padded with multi-density foam and quilted polyester. Stitching is available in matching or contrasting thread.

Low Back Conference Chair, Fixed Height
The five star, fixed height swivel base is available with soft casters that are self braking. The structure is molded polyurethane foam with a metal insert, padded with multidensity foam and quilted polyester. Stitching is available in matching or contrasting thread.

Low Back Conference Chair, Adjustable Height; Medium Back Conference Chair; High Back Executive Chairs
The five star, height adjustable swivel base is available with soft casters that are selfbraking. The structure is molded polyurethane foam with a metal insert, padded with multi-density foam and quilted polyester. A syncron turning mechanism adjusts tilting tension. The chairs can also be locked into one of five positions. Stitching is available in matching or contrasting thread.

Additional Notes

If contrasting stitching is specified, the stitching will be grey for white or black leather. For all other colors, the contrasting stitching will be beige.

Features and Specifications

Side Chair with Sled Base
The structure is comprised of molded polyurethane foam with a metal insert, padded with multi-density polyurethane with a polyester wadding. The base is made of steel and with clear, plastic glides.

Side Chair with Panel Base
The structure is comprised of molded polyurethane foam, padded with multi-density polyurethane with a polyester wadding. Metal plates secure the sides to the backrest beneath the seat. The base features two wheels in the rear for easy mobility, and two glides at the front, which prevent the chair from rolling when the user is seated.

Side Chair with Four Star Base
The four-spoke swivel base has an automatic return mechanism. It is fixed-height with plastic glides. The structure is comprised of a metal insert with polyurethane foam, padded with quilted polyester wadding. The chair is then upholstered in leather with tone-on-tone stitching and optional microperforation on the interior of the seat, armrests, and backrest.

Low Back Conference Chair, Fixed Height
The swivel base is a five spoke, fixed-height base with soft, braking casters. The structure is comprised of a metal insert with polyurethane foam, padded with quilted polyester wadding. The chair is then upholstered in leather with tone-on-tone stitching and optional microperforation on the interior of the seat, armrests, and backrest.

Low Back Conference Chair, Adjustable Height; Medium Back Conference Chair; Executive High Back Chair
The swivel base is a five spoke, height-adjustable base with soft, braking casters. A syncron tilt mechanism allows the chair to be locked in four different positions. The structure is comprised of a metal insert with polyurethane foam, padded with quilted polyester wadding. The chair is then upholstered in leather with tone-on-tone stitching and optional microperforation on the interior of the seat, armrests, and backrest.

Gigi II

JANUS et Cie

Features and Specifications

Side Chair and Stools
The frame is made of aluminum, with a hot dip galvanized steel finished in black powder coated paint or electro-polished stainless steel. The seat and back are made of resin wicker.

Cocoon and Lounge Chairs
The frame is made of aluminum, with a hot dip galvanized steel finished in black powder coated paint or electro-polished stainless steel. The seat and back are made of resin wicker. The required seat and back cushions are sold separately.

Cushions and Pillows
The cushions and pillows are filled with polyester foam padding with an optional, water resistant muslin wrap. A reticulated foam option is available for the cocoon and lounge chairs, and is recommended for outdoor environments with high humidity or frequent rain. Pores in the foam structure allow these cushions to drain more quickly.

Additional Notes

Gigi II seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, Gigi II may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

Surfaces

GranTorino HB

Poltrona Frau | Jean-Marie Massaud | 2013 | Imported from Italy

Features and Specifications

Lounge Chair and Sofas
The seat structure is comprised of metal tubing with interwoven elastic belts. The seat cushion is padded with foam and upholstered in fabric. The back cushions are filled with goose down and upholstered in fabric. Back cushions are 23.6x23.6" (600x600mm). Backrest and side panels are constructed of birch plywood, padded with foam. The exterior of the panels is upholstered in Pelle Frau® ColorSphere or Saddle Extra leather, while the interior of the panels is upholstered in fabric and embellished with a handstitched "X" motif. The base is titanium color-coated aluminum with plastic feet.

Additional Notes

The number of back cushions that comes with each chair or sofa corresponds to the number of cushions shown in each product drawing.

GranTorino HB pillows compliment GranTorino HB seating.

Hi Pad

Cappellini | Jasper Morrison | 1999 | Made in the United States

Features and Specifications

Side Chair and Stools
The seat is constructed of beech and birch plywood with foam padding, upholstered in leather, fabric, or faux leather. Side chairs and stools upholstered in leather will always have a black edgeband. When upholstered in fabric or faux leather, the edgeband will always match the upholstery. The base is finished in Satined Stainless Steel (24-435), or painted in a matte finish. The glides are grey polypropylene.

Additional Notes

In addition to the standard colors listed to the right, Hi Pad stools are also available in all other colors of Pelle Frau® ColorSphere (70) and Ecopelle (GC) at extended lead times. Refer to surfaces.haworth.com for surface codes and additional information.

Hi Pad is GREENGUARD Gold certified.

Hobo

Cappellini | Tina Bunyaprasit and Werner Aisslinger | 2017 | Imported from Italy

Features and Specifications

Sofas
Modular sofas with seat structure in birch plywood and polyurethane foam padding. Metal plates padded in polyurethane foam and fiber support the backrests and armrests. Legs are in solid ash.

Benches
Seat structure in birch plywood with polyurethane padding. Legs are in solid ash.

Ganging Brackets
A set of two metal ganging brackets may be ordered to join two sofas or benches together from the underside of the frame.

Additional Notes

Handedness is determined by the user when seated.

Hobo can be upholstered in one or two colors of the same material (for example, two colors of Kvadrat® Divina 3, but not one color of Kvadrat® Divina 3 and one color of Kvadrat® Divina Melange 3).

Kennedee

Poltrona Frau | Jean-Marie Massaud | 2006 | Imported from Italy

Features and Specifications

Lounge Chair
The lounge chair is constructed of seasoned beechwood, padded with polyurethane foam and Dacron. The back and seat are quilted with an "X" motif. The chair has a four spoke base made of steel and finished in gunmetal grey. It comes standard with a 90 degree rotating and automatic return mechanism.

Sofas and Sectional Pieces
Each sofa and sectional piece is constructed of seasoned beechwood, padded with polyurethane foam and Dacron. The back and seat are quilted with an "X" motif. The base is made of steel and finished in gunmetal grey.

Additional Notes

Kennedee corner modules must be attached to other sectional pieces on both sides. Sectional configurations cannot end with a corner module or corner bench.

The "X" motif on the seat and back is hand-sewn with grey thread on black or white leather upholstery, and with beige thread on all other colors of leather.

Arm handedness is determined by the user when seated.

Lotus

Cappellini | Jasper Morrison | 2006 | Made in the United States

Features and Specifications

Conference and Executive Chairs
The seat and back are made of molded plywood with polyurethane padding. Lotus is height adjustable and features a locking tilt mechanism. The arms and five spoke base are made of polished aluminum. The casters are made of black plastic with chrome carters, and are suitable for semi-soft surfaces.

Additional Notes

In addition to the standard colors listed to the right, Lotus is available in all other colors of Pelle Frau® ColorSphere (70) at extended lead times. Refer to surfaces.haworth.com for surface codes and additional information.

Lotus is GREENGUARD certified.

Meets ANSI/BIFMA X5.1 Standard for Office Seating.

Lud'o

Cappellini | Patricia Urquiola | 2020 | Made in the United States

Features and Specifications

Lounge Chair with Cone Base
The seat shell is made of rotationally molded linear polyethylene, which is made from recycled material and can also be recycled at the end of its life. The metal cone base is powder coated and features a swivel mechanism. The glides are grey felt. The seat cover is removable and exchangeable, and padded with polyurethane foam and polyester fiber. The cover slips over the chair's shell and has zippers which secure it in place. A black and white elastic drawstring with a black plastic fastener also help to fix the cover in place.

Lounge Chair with Four Spokes
The seat shell is made of rotationally molded linear polyethylene, which is made from recycled material and can also be recycled at the end of its life. The base is made of ash with an inner structure that is made of metal and features a swivel mechanism. The glides are black plastic. The seat cover is removable and exchangeable, and padded with polyurethane foam and polyester fiber. The cover slips over the chair's shell and has zippers which secure it in place. A black and white elastic drawstring with a black plastic fastener also help to fix the cover in place.

Pouf
The metal base is powder coated and rests on felt glides. The padded cover is removable and exchangeable. The cover slips over the pouf's shell. A black and white elastic drawstring with a black plastic fastener help to fix the cover in place.

Lyda™

Haworth | Lauren Rottet | 2020 | Made in the United States

Features and Specifications

Lounge Chair, Sofas, Curved Lounge, Corner Lounge, and Benches
The lounge units are constructed of Baltic Birch plywood and structural foam. The seat cushions are a combination of fiber covered cut polyurethane foam and molded polyurethane foam. The back cushions are fiber covered cut polyurethane foam. The arm cushions are a combination of molded and cut polyurethane foam. Lounge units are fully upholstered with a specifiable top-stitch thread. The interior and exterior can be upholstered in two different surfaces. The legs are made of die cast aluminum and available in a painted or polished aluminum finish. The legs have polyamide plastic glides for strength and wear resistance. The lounge chair and sofa units offer an optional powered storage drawer incorporated in the armrest(s). The drawer is constructed of Baltic Birch plywood with a clear, low-gloss finish. The drawer face is upholstered in the same material as the armrest. The drawer incorporates a power module with a 10 foot cord that includes two power outlets and one USB port.

Alignment Bracket
Alignment brackets are used to align one Lyda component to another and should be installed after the units are in place. Each alignment bracket kit includes one plate, four screws, and assembly instructions. One kit will align two Lyda components together. The alignment bracket cannot be used to combine two units with arms together or to combine a unit with one arm to a unit with an open end.

Undermount Power Modules
The separately specified undermount power module provides under seat power consisting of either one or two simplex outlets (NEMA-5-15R) and one dual USB port. The undermount power module must be installed along the front edge of the seat. Power modules may not be daisy chained together. The undermount power module is available either corded or hardwired with a 6 or 12 foot cord. Included with the module are two cord management clips, mounting brackets, and attachment hardware. Application may require approval from local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

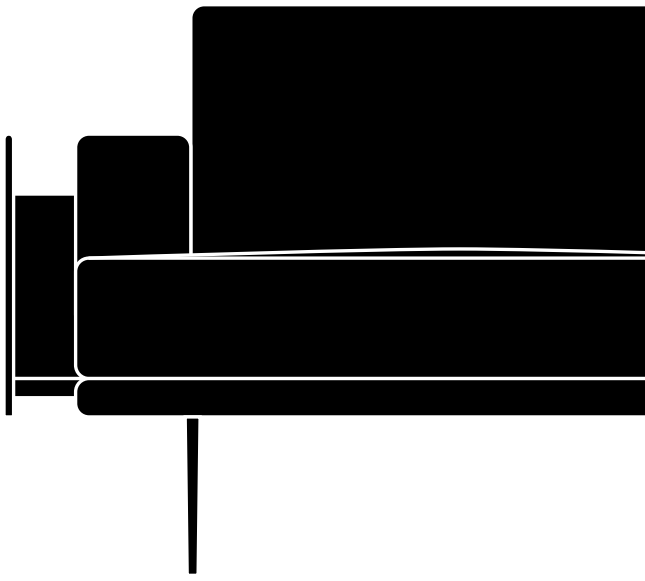
Additional Notes

Handedness is determined by the user when seated.

Lyda tables compliment Lyda seating and can be used either freestanding or integrated into a modular lounge configuration.

Lyda is GREENGUARD Gold certified.

Meets ANSI/BIFMA X5.4 Standard for Public and Lounge Seating.



Lyda™

Haworth | Lauren Rottet | 2020 | Made in the United States

Additional Notes

Fabric is applied railroaded to Lyda products. Linear or patterned fabric is not recommended due to the manner in which fabric is applied, as material will not be pattern matched. Lyda features large, flat surfaces, and textile crispness will be influenced by the amount of stretch in each textile. Some textiles will stretch more than others, resulting in a small amount of pooling. This can be addressed by running a hand across the surface to smooth the material.

Mangas Original

GAN | Patricia Urquiola | 2009 | Made in India, Imported from Spain

Features and Specifications

Globo Pouf
Mangas Original seating is made of a wooden frame with rubber foam and a 100% new wool covering, which is made using a hand loom technique.

Surfaces

Seat Color Combination
Petrol with Yellow (ZV-A01)

Additional Notes

New wool poufs may shed fibers during the first few months. This is a normal characteristic of wool and is in no case a sign of deficient quality. Each pouf cover is made by hand and therefore has a unique design. Any variations in the material or color are not errors or defects.

Mangas Original rugs compliment Mangas Original seating.

Select models and colors available as part of the Haworth NOW inventory program.

Mex-Hi

Cassina | Piero Lissoni | 2020 | Imported from Italy

Features and Specifications

Sofas and Benches
Mex-Hi is a collection of modular sofas and benches which is based off a series of five frame sizes to support innumerable applications. The steel frame and elastic belts support the arm, seat, and back cushions, which are fastened discreetly to the underside of the frame by a series of knobs. The cushions are made of polyurethane foam with 100% recylcled PET fiber and upholstered in removable fabric or leather. The glides are made of black plastic.

Additional Notes

Handedness is determined by the user when seated.

Mex-Hi tables complement Mex-Hi seating.

Newood

Cappellini | BrogliatoTraverso | 2020 | Imported from Italy

Features and Specifications

Stacking Side Chair
The side chair is made of a solid ash frame with a beech plywood seat that is veneered in ash to match the frame. An optional seat pad is made of polyurethane foam and upholstered. The glides are made of black nylon. Each chair also has four black nylon spacers on the underside of the seat, which protect the chairs when stacked.

Stools
The stools are made of a solid ash frame with a beech plywood seat that is veneered in ash to match the frame. An optional seat pad is made of polyurethane foam and upholstered. The glides are made of black nylon. The footrest is made of brushed stainless steel.

Lounge Chair
The lounge chair is made of a solid ash frame with a beech plywood seat that is veneered in ash to match the frame. The seat cushion is made of multi-density polyurethane foam and upholstered. The glides are made of black nylon.

Trolley Cart
The trolley cart is made of a metal tube structure supported by four casters. The frame is finished in Matte Anthracite (6R-48). Padding on the top of the frame protects the side chairs from dings and scratches.

Additional Notes

Newood side chairs can stack four high, or up to twelve chairs high when used with a trolley cart. The stools and lounge chairs do not stack.

Meets ANSI/BIFMA X5.1 Standard for Office Seating.
Meets ANSI/BIFMA X5.4 Standard for Lounge and Public Seating.

On & On

Emeco | Barber & Osgerby | 2019 | Made in the United States

Features and Specifications

Side Chair and Stools
The frame is comprised of recycled polyethylene (PET) in an assortment of colors. The seat is available in PET, plywood, or upholstered. The glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

On & On side chairs with PET or plywood seats stack seven high. Side chairs with upholstered seats stack six high. The stools cannot be stacked.

On & On side chairs and stools with PET seats are designed to be used in indoor and outdoor settings. When used in outdoor environments, On & On may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. On & On seating with upholstered or plywood seats are not suitable for outdoor use.

Passion

Cassina | Philippe Starck | 2016 | Imported from Italy

Features and Specifications

Side Chairs
The Passion chair's exterior shell is made of nylon. The seat cushion is made of cold cured polyurethane foam which is fixed to a shock-resistant polystyrene inner shell. The seat is upholstered in fabric or leather with an optional quilted pattern. The legs are made of steel with black plastic glides.

Additional Notes

The legs may be finished in Chrome (26-CHR), or painted to match the exterior shell. However, when a Gloss White (69-CPB) shell is specified, the legs must be Chrome (26-CHR).

Meets ANSI/BIFMA X5.1 Standard for Office Seating.

Quinta

JANUS et Cie

Features and Specifications

Seating Elements
The seat is made of handwoven JANUSfiber® (made from high density polyethylene). The frame is made of powder coated aluminum protected by JANUScoat™ and covered with JANUSfiber® to match the seat, or made of solid wood. Optional cushions are available.

Cushions
The optional cushions contain polyester foam padding.

Additional Notes

Quinta seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, Quinta may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

Quinta tables compliment Quinta seating.

Run

Emeco | Sam Hecht and Kim Colin | 2016 | Made in the United States

Features and Specifications

Benches
Run benches are available in three seat or four seat lengths. The base is made of aluminum in an anodized finish or powder coated. The bench seat is available in Clear Anodized Aluminum (EMT-1) or solid wood. The glides are made of soft thermoplastic polyurethane (TPU).

Seat Pad
The optional seat pad is made of wool felt with a black, non-slip backing.

Additional Notes

Run seating complements Run tables and storage.

Run benches with Clear Anodized Aluminum (EMT-1) seats or Accoya (EAC-1) wood seats are designed to be used in indoor and outdoor settings. When used in outdoor environments, Run may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Run seating with Ash (EAS-1) or Walnut (EWL-1) seats are not suitable for outdoor use.

JANUS et Cie

Features and Specifications

Seating Elements
The seat is made of handwoven JANUSfiber® (made from high density polyethylene). The supporting frame is made of powder coated aluminum, protected by JANUScoat™ and covered with JANUSfiber®.

Cushions
The cushions are constructed of foam with Dacron wrap. They are secured to the respective seating element by means of straps which clip to discreet rings. A reticulated foam option is available, and is recommended for outdoor environments with high humidity or frequent rain. Pores in the foam structure allow these cushions to drain more quickly. Cushions are required and sold separately, unless otherwise noted.

Additional Notes

Handedness is determined by the user when seated.

SEE! seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, SEE! may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

SEE! tables compliment SEE! seating.

Surfaces

For a complete list of upholstery options, please refer to surfaces.haworth.com.

Slant

JANUS et Cie | Janice Feldman

Features and Specifications

Seating Elements
The frame is made of powder coated aluminum, protected by JANUScoat™. The required cushions are sold separately.

Cushions
The cushions are filled with polyester foam padding. A reticulated foam option is available, and is recommended for outdoor environments with high humidity or frequent rain. Pores in the foam structure allow these cushions to drain more quickly. Cushions are required and sold separately, unless otherwise noted.

Additional Notes

Slant seating is designed to be used in indoor or outdoor settings. When used in outdoor environments, Slant may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

Slant tables compliment Slant seating.

Surfaces

For a complete list of upholstery options, please refer to surfaces.haworth.com.

Su

Emeco | Nendo | 2014 | Made in the United States

Features and Specifications

Stools
Su stool seats are available in materials ranging from solid reclaimed wood, recycled polyethylene (PET), cork, and eco-concrete. The base is available in recycled anodized aluminum or reclaimed wood. The footrest on Su medium and high stools is made of aluminum. The glides are made of soft thermoplastic polyurethane (TPU).

Seat Pad
The optional seat pad is available in recycled PET felt with a black, non-slip backing.

Additional Notes

Su stools specified with a Clear Anodized Aluminum (EMT-1) or Black Anodized Aluminum (EMT-3) base will have a footrest in the same finish. When a wood base is specified, the stool will have a silver aluminum footrest.

Su seating complements Su tables.

Su stools with recycled PET or eco-concrete seats specified with aluminum bases are designed to be used in indoor and outdoor settings. When used in outdoor environments, Su may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Su stools with wood or cork seats, and stools with wood bases are not suitable for outdoor use.

Tate Color

Cappellini | Jasper Morrison | 2012 | Imported from Italy or Made in the United States

Features and Specifications

Stacking Side Chair and Stools
The seat is comprised of beech plywood with an aniline dye finishing in various colors. The four leg base is made iron rod which is painted in a matte finish or satin stainless steel. The glides and spacers beneath the seat are made of black polypropylene.

Trolley Cart
The trolley cart is comprised of metal, finished in a black paint color. It allows up to eight chairs to be stacked. Four casters allow the cart to be moved easily, and the front two casters can be locked.

Additional Notes

Tate Color side chairs can stack eight high. The stools cannot be stacked.

Tate Color is GREENGUARD certified.

Utrecht

Cassina | Gerrit T. Rietveld | 1935 | Imported from Italy

Features and Specifications

Lounge Chairs and Sofas
Utrecht lounge pieces are distinguished by the contrasting thread colors, stitched in either a blanket or zig zag pattern. The seat and backrest are supported by steel rods with elastic bands. The armrests are made of poplar wood. The padding is comprised of polyurethane foam in varying densities. The glides are made of black plastic.

Volage EX-S Slim

Cassina | Philippe Starck | 2020 | Imported from Italy

Features and Specifications

Lounge Chair and Sofas
The inner structure is made with a steel frame with elastic belts. The cushions are made of polyurethane foam and polyester padding, with sections of goose feathers and cotton fabric lining, upholstered in fabric or leather. The upholstery is highlighted by Cassina's state-of-the-art capitonné technique, where the traditional button is replaced by a concealed inner fastener to create a quilted look. The base is made of an extruded aluminum frame with die cast aluminum legs. Glides are made of black plastic.

Additional Notes

Volage EX-S tables complement Volage EX-S Slim seating.

Select models and colors available as part of the Haworth NOW inventory program.

Za

Emeco | Naoto Fukasawa | 2021 | Made in the United States

Features and Specifications

Stools
Za stools are made of recycled aluminum, available in an array of powder coated colors, Hand-Brushed, Clear Anodized Aluminum (EMT-2), or Hand-Polished Aluminum (EMT-4). The glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

Powder coated and Hand-Brushed, Clear Anodized Aluminum (EMT-2) stools are suitable for outdoor use. Hand-Polished Aluminum (EMT-4) is only recommended for protected outdoor environments.

Za stools specified with powder coated trim colors and Hand-Brushed, Clear Anodized Aluminum (EMT-2) are designed to be used in indoor and outdoor settings. Hand-Polished Aluminum (EMT-4) is designed for outdoor use only in protected environments. When used in outdoor environments, Su may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

1 Inch

Emeco | Jasper Morrison | 2017 | Made in the United States

Features and Specifications

Collaborative Tables
1 Inch tables are available in two heights and can be specified with round, rectangle, or square tops in Hand-Brushed, Clear Anodized Aluminum (EMT-2), high pressure laminate (HPL), or solid wood. Laminate tops can be specified with plywood or black edgebanding. The base is available in recycled aluminum in a Hand-Brushed, Clear Anodized Aluminum (EMT-2) finish or powder coated. The glides are made of hard black plastic.

Additional Notes

1 Inch, 1 Inch All Aluminum, and 1 Inch Reclaimed seating complements 1 Inch tables.

1 Inch tables specified with Hand-Brushed, Clear Anodized Aluminum (EMT-2) tops and Accoya (EAC-1) wood tops are designed to be used in indoor and outdoor settings. When used in outdoor environments, 1 Inch may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Tables with laminate tops or wood tops specified in Ash (EAS-1) or Walnut (EWL-1) are not suitable for outdoor use.

Features and Specifications

Occasional Tables
9 occasional tables are available with tops in marble (finished with water repellent oil), solid walnut or ash wood, or in tempered glass which is backpainted in a high gloss finish to have a mirror-like effect. Tables with glass tops are supported by a die cast aluminum tray, and the glass can be removed for cleaning by pressing upward through a hole in the bottom. The supporting frame or stem is made of extruded aluminum, finished in Gunmetal Grey (26-GMG) or painted Matte Anthracite (69-ANT). The base will be either stone or wood to match the top when a stone or wood top is specified. When a glass top is specified, the base will always be stone. A grey felt pad is adhered to the bottom of each table to prevent direct contact with floor surfaces.

Collaborative Tables
9 collaborative tables are available in two sizes with tops in marble (finished with water repellent oil), solid walnut or ash wood, or in laminate. The supporting frame or stem is made of extruded aluminum, painted Matte Anthracite (69-ANT). The base will always be in Black Marquiña Marble (15-N) unless a White Carrara Marble (15-M) top is specified; then the base will be in White Carrara Marble (15-M) to match the top. A grey felt pad is adhered to the bottom of each table to prevent direct contact with floor surfaces.

Additional Notes

Meets ANSI/BIFMA X5.5 Standard for Desk and Table Products.

Select models and colors available as part of the Haworth NOW inventory program.

Bong

Cappellini | Giulio Cappellini | 2004 | Imported from Italy

Features and Specifications

Occasional Table
Bong is comprised of a lightweight, hollow core fiberglass shell. The solid color trim options are varnished in a matte finish. The White Carrara faux marble (6R-V29) finish is achieved using a three dimensional dip-print system. The Volcanic Lava (6R-V20) finish is achieved using actual lava powder from Mount Etna, making every piece unique.

Additional Notes

Select models and colors available as part of the Haworth NOW inventory program.

BuzziBooth

BuzziSpace | Alain Gilles | 2010 | Imported from the Netherlands

Features and Specifications

Booths
BuzziBooth's structure is made of poplar plywood and covered in acoustic foam, a layer of felt, and upholstered in fabric. The interior of the booth is a 3D rib or diamond pattern. A contrasting upholstery color for the exterior can be selected in the same fabric grade as the interior. The worksurface is available upholstered with a cable tray, in White (BHL-WHT) laminate without a cable tray, or in Antwerp Oak (BAO-ANT) with or without a cable tray. An optional LED back light is available.

Additional Notes

Each solid wood worktop is unique and may contain knots, natural color variations, and drying splits as normal features of the product.

BuzziBooth features acoustic absorption, attenuation, and diffusion for low tones, mid tones, and high tones, as well as visual privacy.

BuzziPicNic

BuzziSpace | Alain Gilles | 2014 | Imported from the Netherlands

Features and Specifications

Round Collaborative Tables
Available in two sizes, the top and base are made of wood. Grooves, cable entry, and wood cable entry cover are integrated in the worktop. Available with a removable or hinged cover.

WorkBench Collaborative Tables
Available with a wood or HPL (high pressure laminate) top. The base is made of wood. The wood top matches the base and has grooves, four cable entries and four wooden cable entry covers integrated in the worktop. The laminate top has cable entry included.

Meet Collaborative Tables
Available in two heights with a wood or HPL (high pressure laminate) top. The base is made of wood. The wood top matches the base and has grooves, cable entry, and wooden cable entry cover integrated in the worktop. The laminate top has cable entry included.

Additional Notes

BuzziPicNic seating complimentsBuzziPicNic tables.

Attachment pieces allow BuzziDesk FlipFlop screens to slide along tracks in BuzziPicNic collaborative tables.

Select models and colors available as part of the Haworth NOW inventory program.

Cicognino

Cassina | Franco Albini | 1953 | Imported from Italy

Features and Specifications

Occasional Table
Cicognino is a play on words, translating loosely from Italian to English as "little stork." The occasional table has three solid wood legs, including one which extends upward beyond the table top in the shape of a stork's neck and head. The top is made of veneered plywood with a solid wood edgeband.

Surfaces

Wood
Amaranth Stained Ash (7Y-AM)
American Walnut (6Y-NC)
Black Stained Ash (7Y-N)
Natural Ash (7Y-F)

*Required for JANUScafé tables with umbrella holes. Compatible with JANUS Titan café umbrellas.

JANUScafé: Grappa Base

JANUS et Cie

Features and Specifications

Aluminum Tops
Comprised of powder coated aluminum (1.75" thickness).

Wood Tops
Comprised of premium teak slats (1" thickness).

CHPL Tops
Comprised of compact high pressure laminate (CHPL) with reverse bevel edge (0.5" thickness).

Grappa Bases
Comprised of a 17" square steel plate and column. Available in a stainless steel finish. Includes adjustable glides. Standard height bases are 28.5"h and bar height bases are 42.75"h.

Additional Notes

JANUScafé tables are designed to be used in indoor or outdoor settings. Stainless steel bases are recommended in high humidity or high salt environments. When used in outdoor environments, JANUScafé may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

Installed height varies with top specification. Field assembly required.

Larkin™

Haworth | Lauren Rottet | 2020 | Made in the United States

Features and Specifications

Personal Laptop Table
Larkin is constructed of a painted aluminum base and column. The base has four ultra-high-molecular-weight polyethylene (UHMWPE) glides. The top is available in painted MDF or planked wood in White Oak (VB-W35) or Walnut (VH-W35). Wood tops are designed to be unique, using solid wood planks with a clear, low-gloss finish showing natural variation.

Additional Notes

Larkin ships fully assembled.

Larkin is GREENGUARD Gold certified.

Meets ANSI/BIFMA X5.5 Standard for Desk and Table Products.

Lyda™

Haworth | Lauren Rottet | 2020 | Made in the United States

Features and Specifications

Occasional Tables
The occasional tables are constructed of a Baltic Birch plywood base covered with cut polyurethane foam and upholstered with a specifiable top-stitch thread. The top is available in painted MDF, wood, solid surface, or stone. The legs are made of die cast aluminum and available in a painted or polished aluminum finish. The legs have polyamide plastic glides for strength and wear resistance.

Alignment Bracket
Alignment brackets are used to align one Lyda component to another and should be installed after the units are in place. Each alignment bracket kit includes one plate, four screws, and assembly instructions. One kit will align two Lyda components together. The alignment bracket cannot be used to combine two units with arms together or combine a unit with one arm to a unit with an open end.

Undermount Power Modules
The separately specified undermount power module provides under table power consisting of either one or two simplex outlets (NEMA-5-15R) and one dual USB port. The undermount power module must be installed along the front edge of the table. Power modules may not be daisy chained together. The undermount power module is available either corded or hardwired with a 6 or 12 foot cord. Included with the module are two cord management clips, mounting brackets, and attachment hardware. Application may require approval from local authority having jurisdiction (AHJ); ensure compliance before placing orders and installing.

Additional Notes

Lyda tables compliment Lyda seating and can be used either freestanding or integrated into a modular lounge configuration.

Meets ANSI/BIFMA X5.5 Standard for Desk and Table Products.

Fabric is applied railroaded to Lyda products. Linear or patterned fabric is not recommended due to the manner in which fabric is applied, as material will not be pattern matched.

Mesa Due

Poltrona Frau | Lella and Massiom Vignelli | 2016 | Imported from Italy

Features and Specifications

Collaborative Tables
The structure is made of steel, and a series of counterweights provides stability. The top is made of MDF with double panelling and rounded edges. The bottom panel is coated with a textured black paint. The top panel is available in wood or leather. The base is wrapped in leather.

Additional Notes

Bases in Pelle Frau® Saddle Extra (GA) will have contrasting stitching. Bases in Pelle Frau® ColorSphere (70) will have matching stitching.

Surfaces

Top Leather
Pelle Frau® ColorSphere (70)

Top Wood
Mocha Stained Ash (YR-61)
Wenge Stained Ash (YR-32)

Base Leather
Pelle Frau® ColorSphere (70)

Mex-Hi

Cassina | Piero Lissoni | 2020 | Imported from Italy

Features and Specifications

Occasional Tables
Mex-Hi occasional tables are available with either a wood tray or stone top. A larger table also allows a wood tray to be integrated next to a stone top surface. The trays and tops are fastened to the underside of the steel frame by a series of knobs. The glides are made of black plastic.

Ottomans
Mex-Hi ottomans are available with either a wood tray or stone top integrated next to a slim cushion. The cushion, trays, and tops are fastened to the underside of the steel frame by a series of knobs. The cushions are made of polyurethane foam with 100% recylcled PET fiber and upholstered in removable fabric or leather. The glides are made of black plastic.

Additional Notes

Mex-Hi tables complement Mex-Hi seating.

Select models and colors available as part of the Haworth NOW inventory program.

Cassina | Charlotte Perriand | 1952 | Imported from Italy

Features and Specifications

Collaborative and Occasional Tables
The tables are available with a top made of solid oak or walnut wood, or with a painted wood top in gloss or matte paint finishes. The top shape is triangular with rounded corners. The legs are made of steel and have a triangular cross-section. The glides are made of black plastic.

Additional Notes

Mexique tables complement Mexique seating.

Meets ANSI/BIFMA X5.5 Standard for Desk and Table Products.

Select models and colors available as part of the Haworth NOW inventory program.

Naan

Cassina | Piero Lissoni | 2009 | Imported from Italy

Features and Specifications

Collaborative Tables, Fixed Widths
Naan tables have a top measuring just 0.47" (12mm) thick. The top is comprised of MDF with two, 1mm thick sheets of aluminum, veneered in oak or walnut. The table top's substructure is composed of an extruded aluminum frame which is anodized brown, and sheets of aluminum which are painted brown. The legs are made of tubular aluminum with a square cross-section which is veneered to match the top. The glides are made of black plastic.

Collaborative Tables, Extendable Widths
Naan tables with extendable widths have a top measuring just 0.47" (12mm) thick. The top is comprised of MDF with two, 1mm thick sheets of aluminum, veneered in oak or walnut. The table top's substructure is composed of an extruded aluminum frame which is anodized brown, and sheets of aluminum which are painted brown. The legs are made of tubular aluminum with a square cross-section which is veneered to match the top. The glides are made of black plastic. Levers discreetly located beneath the table top surface allow for the frame to extend and lock in place, enabling table leaves to be added or removed.

Surfaces

Wood
American Walnut (6Y-NC)
Black Stained Oak (4Y-N)
Natural Oak (4Y-R)
Smoked Oak (4Y-F)

Additional Notes

Meets ANSI/BIFMA X5.5 Standard for Desk and Table Products.

Run

Emeco | Sam Hecht and Kim Colin | 2016 | Made in the United States

Features and Specifications

Occasional and Collaborative Tables
Run tables are available in three heights and a number of different sizes. The tops are available in square, rectangle, or round shapes in Clear Anodized Aluminum (EMT-1) or solid wood. The base is made of aluminum in an anodized finish or powder coated. The glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

Run seating complements Run tables and storage.

Run tables with Clear Anodized Aluminum (EMT-1) tops or Accoya (EAC-1) wood tops are designed to be used in indoor and outdoor settings. When used in outdoor environments, Run may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Run tables with Ash (EAS-1) or Walnut (EWL-1) tops are not suitable for outdoor use.

Su

Emeco | Nendo | 2014 | Made in the United States

Features and Specifications

Occasional and Collaborative Tables
Su tables are available in three heights and can be specified with round or square tops in Hand-Brushed, Clear Anodized Aluminum (EMT-2), high pressure laminate (HPL), or solid wood. Laminate tops can be specified with plywood or black edgebanding. The base is available in recycled anodized aluminum or reclaimed wood. The glides are made of soft thermoplastic polyurethane (TPU).

Additional Notes

Su seating complements Su tables.

Su tables with Hand-Brushed, Clear Anodized Aluminum (EMT-2) tops or Accoya (EAC-1) wood tops specified with aluminum bases are designed to be used in indoor and outdoor settings. When used in outdoor environments, Su may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Su tables with laminate tops, Ash (EAS-1) or Walnut (EWL-1) tops, and tables with wood bases are not suitable for outdoor use.

Volage EX-S

Cassina | Philippe Starck | 2018 | Imported from Italy

Features and Specifications

Occasional Tables, Single and Double Tiers
Volage EX-S occasional tables are available with a number of different marble tops. The base is made of die cast and extruded aluminum with plastic glides.

Occasional Table with Trays
Volage EX-S occasional tables with trays feature an offset, raised marble table top available in a number of finishes. The base is made of die cast and extruded aluminum with plastic glides. Storage is set atop the base in a metal case that is painted a matte grey finish (RAL 7022). Included are two wooden trays made of solid ash or rosewood, which can be moved to cover any of the four compartments in the metal case.

Additional Notes

Volage EX-S tables complement Volage EX-S Slim seating.

Select models and colors available as part of the Haworth NOW inventory program.

Cloud

Cappellini | Ronan and Erwan Bouroullec | 2004 | Imported from Italy

Features and Specifications

Bookcase
Cloud bookcases are made of rotationally molded plastic. The bookcases are modular and connect using white metal clips, which are included with each unit.

Additional Notes

Cloud bookcases can be used along walls, or in the center of the room as a space divider. The round shelves are accessible from both sides of the bookcase.

Select models and colors available as part of the Haworth NOW inventory program.

Infinito Wall

Cassina | Franco Albini | 2020 | Imported from Italy

Features and Specifications

Frames
Infinito Wall frames are the basis for the modular bookcase. The frames are made of solid ash or walnut wood and available in two heights for a variety of compositions. The adjustable feet and wall mouting hardware are made of steel with a polished nickel finish. Shelves and cabinets can be moved up and down to various points on the frames.

Shelves
The edges of the shelves are made in solid ash or walnut wood. The shelf top is made of particle board with wood veneer.

Cabinets with Flap Door
The casing of the cabinets is made of particle board veneered in ash or walnut wood. The door is made of veneered particle board with a solid wood frame. The soft-close hinges are in a nickel finish. A shelf runs across the interior of the cabinet for increased functionality.

Cabinets with Two Doors
The casing of the cabinets is made of particle board veneered in ash or walnut wood. The door is made of veneered particle board with a solid wood frame, or in smoked glass with a solid wood frame. The soft-close hinges are in a burnished brass finish. A central vertical panel and two small shelves create four compartments on the interior of the cabinet for increased functionality. An optional cutout in the bottom of the cabinet (located in the rear) can also be specified for cable access.

Surfaces

Wood
American Walnut (6Y-NC)
Black Stained Ash (7Y-N)
Natural Ash (7Y-F)

Additional Notes

Using a low frame below and large shelf above between to high frames will create a space large enough to house a 65" (1650mm) TV or display, when measured diagonally.

Because low frames are not mounted to the wall, high frames must always be used on the ends for stability.

Run

Emeco | Sam Hecht and Kim Colin | 2016 | Made in the United States

Features and Specifications

Bookcase
Run bookcases come with a Clear Anodized Aluminum (EMT-1) or Black (EPC-1) powder coated frame. Shelf planks are Clear Anodized Aluminum (EMT-1) or solid wood. Adjustable glides come standard in hard black plastic.

Additional Notes

Run seating complements Run tables and storage.

Run bookcases can be used along walls, or in the center of the room as a space divider. The shelves are accessible from both sides of the bookcase.

Run bookcases with Clear Anodized Aluminum (EMT-1) shelves or Accoya (EAC-1) wood shelves are designed to be used in indoor and outdoor settings. When used in outdoor environments, Run may require special care. Refer to the Ancillary Brands Surface Care Instructions for details. Run bookcases with Ash (EAS-1) or Walnut (EWL-1) shelves are not suitable for outdoor use.

Features and Specifications

BuzziBlinds Classic Screens
Available in two heights, BuzziBlinds Classic is a privacy screen with five 8.66" wide rotating acoustic blinds made of an aluminum core and covered with 100% recycled BuzziFelt. An extra layer of fabric can be specified over top of the BuzziFelt. If specifying an extra layer of fabric, a contrasting color can be selected in the same fabric grade. In either a regular or curved style, the baseplate is available with four optional casters.

BuzziBlinds Screens
Available in two heights and four styles, BuzziBlinds is a privacy screen with five 12.60" wide rotating acoustic blinds made of an aluminum core and covered with 100% recycled BuzziFelt. Each of the four styles is available with a Lines detail. An extra layer of fabric can be specified over top of the BuzziFelt. If specifying an extra layer of fabric, a contrasting color can be selected in the same fabric grade. BuzziBlinds upholstered in fabric are not available with lines. The baseplate is available with four optional casters.

Additional Notes

BuzziBlinds features acoustic attenuation and diffusion for mid tones and high tones.

BuzziBlinds is GREENGUARD Gold certified.

Features and Specifications

Frames
The frames are powder coated metal and include a black rail for curtains.

Curtains
Optional fabric curtains can be specified in symmetrical or asymmetrical configurations.

Worktops
Worktops are available finished with a wood top. The frame and legs are powder coated metal. Side A and Side B worktops are available for frames 47.25" or 59" deep. They can be positioned on the left or right side of the frame and can be specified with one cutout for power. The full worktop is available for frames 63" or 94.5" wide and can be specified with two cutouts for power.

Shelves
Coordinating shelves are available finished with a wood top. The frame is powder coated metal. The side A and side B shelf can be positioned on the left or right side of the frame.

Universal Mount
The universal mount is made of powder coated metal and can be used for displays, TVs, or accessories. The universal mount holds a maximum weight of 45 pounds. In order to meet the requirements for the maximum amount of weight, the load must be directly attached to the frame. Telescopic brackets for displays will limit weight due to leverage effect. A minimum of four connection points/screws need to be used and must be positioned at least 8" from each other.

Pinboard
The pinboard can be hung in a horizontal or vertical position. It is upholstered in BuzziFelt (BFE) and has metal screws. The pinboard can be specified with contrasting colors.

Hook
The hook is made of Antwerp Oak (BAO-ANT) and has a black screw.

Flag
The flag is made of Antwerp Oak (BAO-ANT) and is mounted with a magnet to the frame.

Hammernuts
Hammernuts are available in a set of 10 and used for mounting other accessories with M6 screws or bolts.

Netbox Point Single Power Modules
The optional power modules should be specified in line with the specific cutout of the worktop it will be used with. The netbox point single power module is used with side A and side B worktops and has an overall cable length of 118.11". The module includes one power socket and two communication modules. Each unit ships with a set of three communication modules: one HDMI, one data, and one USB 2.0 (not charging). Two of the three included modules are field selected to connect to the netbox point. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Optional cable management is available. Cable management includes two grey horizontal cable clips that are installed under the worktop as well as one black vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Netbox Point Double Power Modules
The optional power modules should be specified in line with the specific cutout of the worktop it will be used with. The netbox point double power module is used with full worktops and includes two power modules with an overall cable length of 118.11". The module includes one power socket and two communication modules. Each unit ships with a set of three communication modules: one HDMI, one data, and one USB 2.0 (not charging). Two of

the three included modules are field selected to connect to the netbox point. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Cable management includes two grey horizontal cable clips that are installed under the worktop as well as one black vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Cable Box Single
The cable box single is used for small and large meeting tables and includes two power options. Option A has four power socket ports and option B has two power socket ports, a port with two USB 2.0, and a port with two data. A cable entry ring in Black (BTR-9005) or Alu (BTR-9006) is included. Cable management includes a horizontal cable manager and a vertical cable manager. The vertical cable manager includes polypropylene vertical cable runs, a painted steel baseplate, table attachment, and screw set.

Additional Notes

BuzziBracks features acoustic attenuation, diffusion, and absorption for low tones, mid tones, and high tones.

BuzziCactus

BuzziSpace | BuzziSpace Studio | 2014 | Imported from the Netherlands

Features and Specifications

Privacy Screens
BuzziCactus is a free standing, sound absorbing privacy screen available in three shapes and patterns. It's made of a honeycomb cardboard core filled with acoustic foam and upholstered in fabric. The fabric surface is tackable. The baseplate is powder coated metal.

Additional Notes

BuzziCactus features acoustic attenuation and diffusion, as well as visual privacy.

Surfaces

BuzziDesk

BuzziSpace | Sas Adriaenssens | 2010 | Imported from the Netherlands

Features and Specifications

Privacy Screens
BuzziDesk is a desk mounted, sound absorbing screen available in three heights and seven widths. It's made of a honeycomb cardboard core, covered with 100% recycled BuzziFelt, and available with round or straight corners. The stitching is anthracite for OffWhite, Natural, or Ivory BuzziFelt colors and OffWhite for all other BuzziFelt colors. An extra layer of fabric can be specified over top of the BuzziFelt. If specifying an extra layer of fabric, a contrasting color can be selected in the same fabric grade. If the Rough fabric pattern is specified, the stitching will be Anthracite. BuzziDesk is mounted with BuzziFix.

BuzziFix
BuzziFix is a fixation system made of powder coated metal. Multiple attachment options are available. BuzziFix Thin brackets are 0.12" thick and BuzziFix Bold brackets are 0.24" thick. Each bracket option includes a set of two brackets besides BuzziFix Thin Foot which includes one bracket. BuzziFix Bold Magnet should only be used with BuzziDesk screens that are 15.75" high. BuzziFix Thin Foot should only be used with BuzziDesk screens that are 15.75" high and less than 63.00" wide.

Additional Notes

BuzziDesk features acoustic attenuation for high tones.

BuzziDonut

BuzziSpace | BuzziSpace Studio | 2014 | Imported from the Netherlands

Features and Specifications

Screens
BuzziDonut is a ceiling suspended or wall mounted sound absorbing panel. It's made of honeycomb cardboard and MDF, filled with acoustic foam, and covered in fabric. BuzziDonut is available in three sizes and in a flat or 3D Drop, Leaf, or Rib pattern. It has a black antiskid back with white BuzziSpace logos. An upholstered back can be specified in the same fabric grade as the panel upholstery. Ceiling suspension and wall mounted kits ordered separately.

Wall Mounting Kit
The wall mounting kit includes two metal brackets. Screws not included.

Ceiling Mounting Kits
The ceiling mounting kit is available for screw or magnet ceiling attachment. Four metal suspension cables are included and are available in two lengths. The screw mounting kit includes an M6 female thread and fastener. Screws for ceiling attachment not included. The magnet mounting kit includes magnet and fastener.

Additional Notes

BuzziDonut features acoustic absorption and diffusion for mid tones and high tones.

BuzziDonut is GREENGUARD Gold certified.

BuzziFalls

BuzziSpace | Sas Adriaenssens | 2014 | Imported from the Netherlands

Features and Specifications

Screens
Available in two heights, BuzziFalls is a sound absorbing screen comprised of two layers of 100% recycled BuzziFelt with cutout shapes in various patterns and a powder coated metal profile. BuzziFalls can be specified with contrasting colors.

Ceiling Mounting Kit
Includes trim piece to be mounted to ceiling. Attaches to BuzziFalls screen.

Wall Mounting Kit
Includes trim piece to be mounted to wall and three screws and three screw cover caps per set. Attaches to BuzziFalls screen.

Ceiling Suspended Mounting Kit
The ceiling suspended mounting kit includes two field cuttable cables and a fastener. Stair bolts M6 not included. Attaches to BuzziFalls screen. When Black (BTR-9005) trim is specified, the cables will be black. When White (BTR-9010) trim is specified, the cables will be alu.

Rail System and Extension
The rail system includes a 126" (3200mm) rail. Must be ordered in combination with a Ceiling Mounting Kit or Ceiling Suspended Mounting Kit. An extension may be purchased to increase track length by 126" (3200mm).

Features and Specifications

Screens
BuzziFalls Standing is a sound absorbing screen comprised of two layers of 100% recycled BuzziFelt with cutout shapes in various patterns and a powder coated black metal profile. BuzziFalls Standing can be specified with contrasting BuzziFelt colors is. Available as a single screen or three screens which should be put in a zigzag line when installed. An add on screen is available to extend up to five BuzziFalls Standing panels. Two powder coated black metal base plates are included with the single screen. The three screen and add on versions include two adjustable feet and three hinges per panel. Change the direction of the panel by turning the hinges 180 degrees. A set of two powder coated black metal base plates are available for the three screen and add on versions. The baseplates should be mounted to each end of the unit.

Surfaces

BuzziFree

BuzziSpace | BuzziSpace Studio | 2011 | Imported from the Netherlands

Features and Specifications

Screens
BuzziFree is a free standing, sound absorbing privacy screen available in four heights with varying widths. It's comprised of a honeycomb cardboard core and covered with 100% recycled BuzziFelt. The baseplate is powder coated metal. An extra layer of fabric can be specified over top of the BuzziFelt. If specifying an extra layer of fabric, a contrasting color can be selected in the same fabric grade.

Additional Notes

BuzziFree features acoustic attenuation for high tones, as well as visual privacy.

BuzziFree is GREENGUARD Gold certified.

Select models and colors available as part of the Haworth NOW inventory program.

BuzziFrontDesk

BuzziSpace | BuzziSpace Studio | 2013 | Imported from the Netherlands

Features and Specifications

Desk Mounted Screens
BuzziFrontDesk is a desk mounted, sound absorbing screen available in three heights and five widths. It's made of a cardboard and poplar plywood core, covered with 100% recycled BuzziFelt, and available with round or straight corners. An extra layer of fabric can be specified over top of the BuzziFelt. A contrasting upholstery color can be selected in the same fabric grade. BuzziFrontDesk is desk mounted with BuzziFix. BuzziFix is a fixation system made of powder coated metal. For use with BuzziFrontDesk, specify the BuzziFix L, L-Plus, or XL based on the worktop thickness.

Additional Notes

Interior refers to the side of the screen that faces the user when seated and is attached to the worksurface. Exterior refers to the portion of the of the screen which does not have brackets.

BuzziFrontDesk features acoustic attenuation for high tones, as well as visual privacy.

BuzziFrontDesk is GREENGUARD Gold certified.

BuzziPlant

BuzziSpace | Anthony Duffeleer | 2010 | Imported from the Netherlands

Features and Specifications

Privacy Screens
BuzziPlant is a free standing, sound absorbing privacy screen available in three shapes and patterns. It's made of a honeycomb cardboard core filled with acoustic foam and upholstered in fabric. The fabric surface is tackable. The baseplate is powder coated metal.

Additional Notes

BuzziPlant features acoustic attenuation for high tones, as well as visual privacy.

Surfaces

Fabric Grade A

BuzziPleat

BuzziSpace | 13&9 Design | 2017 | Imported from the Netherlands

Features and Specifications

Wall Mounted and Ceiling Mounted Screens
BuzziPleat's lightweight sculptural panel is created by pleating or smocking sound absorbing BuzziFelt. The architectural folds maximize surface area, delivering exceptional acoustic performance. Available in two sizes and in an Edel or Ripple pattern with a Black or OffWhite lace detail. BuzziPleat can be ceiling suspended or wall mounted. An extra optional layer of fabric is available for panels in Anthracite or OffWhite BuzziFelt. For wall mounted versions, panels have a black metal support and wooden center in White Wash Ash if OffWhite lace is specified and Black Stained Ash if Black lace is specified. Mounting hook not included. For ceiling suspended versions, three metal suspension cables are included and are available in two lengths.

Additional Notes

BuzziPleat features acoustic absorption and diffusion for mid tones and high tones.

BuzziPleat is GREENGUARD Gold certified.

BuzziScreen Mix

BuzziSpace | Sas Adriaenssens | 2015 | Imported from the Netherlands

Features and Specifications

Privacy Screens
BuzziScreen Mix is a free standing, sound absorbing privacy screen system available in three heights. It's comprised of a honeycomb cardboard core and covered with 100% recycled BuzziFelt. The screen style is selected based on the desired configuration. Screens are attached by zippers that are always 43.31" high. An extra layer of fabric can be specified over top of the BuzziFelt. A contrasting upholstery color can be selected in the same fabric grade. It is not recommended to combine a small panel next to a large panel. Screens should be installed in a zigzag line. A specified base is available for extra stability.

Additional Notes

BuzziScreen Mix features acoustic attenuation for high tones, as well as visual privacy.

When specifying BuzziScreen Mix, it is important to ensure that the screens have the pull tabs and teeth on the correct side, and also that the selected colors are specified on the correct side of the panel, as they are not reversible when contrasting fabric is specified. Refer to the following page for specification tips.

BuzziScreen Mix is GREENGUARD Gold certified.

BuzziTtotem

BuzziSpace | BuzziSpace Studio | 2016 | Imported from the Netherlands

Features and Specifications

Pillars
Available in three sizes and three models, BuzziTotem is a sound absorbing pillar comprised of plywood, MDF, and pinewood with acoustic foam, upholstered in fabric. The base plate is powder coated metal and has optional casters. When specified, BuzziTotem Beam has four casters, BuzziTotem Cylinder has five casters, and BuzziTotem Wedge has three casters.

Additional Notes

BuzziTotem features acoustic absorption and diffusion for low tones, mid tones, and high tones, as well as visual privacy.

BuzziZepp

BuzziSpace | Alain Gilles and BuzziSpace Studio | 2018 | Imported from the Netherlands

Features and Specifications

Suspended Screens
Available in two sizes, BuzziZepp is a ceiling suspended, sound absorbing panel. It has a poplar multiplex core with acoustic foam, upholstered in fabric. Four metal suspension cables are included for the small version and six metal suspension cables are included for the medium version. The cables are available in two lengths. BuzziZepp can be mounted straight or slanted with a maximum angle of 20 degrees to create a more secluded setting.

Additional Notes

BuzziZepp features acoustic absorption for low tones, mid tones, and high tones.

HushAccess.L

Hushoffice | 2022 | Imported from Poland

Features and Specifications

Acoustic Pod
HushAccess.L features LED ceiling lights and 12 motorized fans for ventilation which are triggered by an integrated motion sensor. The case is made of thermal fused laminate (TFL) available in two colors with a tempered, laminated acoustic glass door and laminated acoustic glass on the rear wall. Interior acoustic panels are lined with fabric are removable. The optional table is 43" (1090mm) wide and 47" (1195mm) deep. The central column contains a power module with one simplex outlet, one dual USB-A port, one USB-C port, and one Ethernet port. The floor is lined with carpet that is optional at install. Prepped for sprinkler access and seismic anchorage if needed.

Additional Notes

Door handedness is determined by the user upon installation.

HushAccess.L is suitable to be occupied by up to six people.

HushAccess.L complies with ADA standards for accessible design and meets IBC requirements for Seismic Design of Nonstructural Components and Systems. HushAccess.L is UL 962 listed.

HushHybrid

Hushoffice | 2019 | Imported from Poland

Features and Specifications

Acoustic Pod
HushHybrid features face illuminating LED strips, a LED ceiling light and two motorized fans for ventilation which are triggered by an integrated motion sensor. The LED strips, LED ceiling light, and fan can be adjusted by the user. The case is made of thermal fused laminate (TFL) available in two colors with a tempered, laminated acoustic glass door and laminated acoustic glass on the rear wall. Interior acoustic panels are lined with fabric are removable. The table is 32" (810mm) wide and 16" (400mm) deep. The power module contains one simplex outlet, one dual USB-A port, one USB-C port, and one Ethernet port. The pod includes one booth seat lined with fabric and the floor is lined with carpet. Integrated casters allow the pod to be moved easily. Once in place, adjustable feet raise the casters off the floor for fixed positioning and leveling. Prepped for sprinkler access and seismic anchorage if needed.

Additional Notes

HushHybrid is suitable to be occupied by one person.

HushHybrid meets IBC requirements for Seismic Design of Nonstructural Components and Systems. HushHybrid is UL 962 listed.

Belmont

Pablo Designs | Brad Ascalon | 2018 | Imported from China

Features and Specifications

Voltage:	120V-240V 50/60Hz
Power consumption:	30 watts
Color temperature:	2700K
Luminosity:	3200 lumens (table and floor) 1200 lumens (pendant)
Luminaire efficacy:	107 lumens/watt (table and floor) 40 lumens/watt (pendant)
Color rendition index:	95 CRI
Rated lifespan:	50,000 hours
Bulb type:	(2) A19 15W LED bulbs (table and floor) high output LED array (pendant)
Cord length:	9 feet (table and floor) 10 feet (field cuttable, pendant)

Table Light
Belmont table lights are comprised of a fabric shade with solid wood base. The base features two integrated USB ports on the front. The power cord is wrapped in fabric and includes an integrated full range dim control. Features a polymethyl methacrylate (PMMA) diffuser.

Floor Light
Belmont floor lights are comprised of a fabric shade with solid wood legs joined by brass hardware. The power cord is wrapped in fabric and includes an integrated full range dim control. Features a polymethyl methacrylate (PMMA) diffuser.

Pendant Light
Belmont lights are comprised of a fabric shade with solid oak details, suspended by two fabric cords. The steel canopy is painted white, with a wood cover that attaches magnetically. Features a polymethyl methacrylate (PMMA) diffuser and full range dim control.

Additional Notes

All Belmont lighting is ETL and CE certified.

BuzziBell

BuzziSpace | Chris Hardy | 2016 | Imported from the Netherlands

Features and Specifications

Voltage:	120V 50/60Hz
Power consumption:	29.4 watts
Color temperature:	3000K
Luminosity:	2545 lumens
Luminaire efficacy:	87 lumens/watt
Color rendition index:	90 CRI
Rated lifespan:	50,000 hours
Bulb type:	LED
Cord length:	78.74 inches, field cuttable
	196.85 inches, field cuttable

Pendant Light

BuzziBell's shade is made of 100% recycled BuzziFelt and the frame is powder coated metal. The two metal suspension cables are available in two lengths. Powder coated white metal ceiling canopy and transparent power cord included. The LED disc has a PMMA diffusor that ensures optimal light spread and efficiency.

BuzziPleat LED

BuzziSpace | 13&9 Design | 2017 | Imported from the Netherlands

Features and Specifications

Voltage:	120V 50/60Hz
Power consumption:	19 watts
Color temperature:	3000K
Luminosity:	1500 lumens
Luminaire efficacy:	79 lumens/watt
Color rendition index:	90 CRI
Rated lifespan:	50,000 hours
Bulb type:	LED
Cord length:	78.74 inches, field cuttable
	196.85 inches, field cuttable

Pendant Lights

BuzziPleat LED's lightweight sculptural shade is created by pleating or smocking sound absorbing BuzziFelt. The architectural folds maximize surface area, delivering exceptional acoustic performance. The shade is available in two sizes and an Edel or Ripple pattern with a Black (BTL-1) or OffWhite (BTL-2) lace detail. The LED light source consists of a black powder coated metal heatsink fitted with a COB (chip on board) LED source, finished with a frosted glass globe. The distance between the light element and the acoustic shade can be adjusted and should be more than 1.97". The three metal suspension cables are available in two lengths. Powder coated black metal ceiling canopy, black fabric power cord, and mounting bracket included.

Carousel

Pablo Designs | Pablo Pardo and Pablo Studio | 2022 | Imported from China

Features and Specifications

Voltage:	120-240V 50/60Hz
Power consumption:	7 watts
Color temperature:	2200-2700K
Luminosity:	280 lumens
Luminaire efficacy:	40 lumens/watt
Color rendition index:	90 CRI
Rated lifespan:	50,000 hours
Bulb type:	LED flat panel
Cord length:	6 feet

Table and Floor Lights
Available in multiple heights and diameters, Carousel lighting feautures a painted steel tray with integrated wireless charging for up to two Qi-compatible mobile devices. A touch senstive control at the center of the charging station allows for 3-stage dimming. A USB-C charging port is also integrated into the side of the tray. The tray rests atop an acrylic diffuser, which emits light housed on the underside of the tray. The cord is wrapped in fabric.

Surfaces

Base Acrylic
Bronze (TR-B12)
Clear (TR-B13)

Tray Paint
Black (TR-B36)
Terracotta (TR-B15)
White (TR-B21)

Additional Notes

All Carousel lighting is ETL and CE certified.

Cielo

Pablo Designs | Pablo Studio | 2012 | Imported from Taiwan

Features and Specifications

Voltage:	120V 60Hz
Power consumption:	12.8 watts per light
Color temperature:	2700K
Luminosity:	860 lumens per light
Luminaire efficacy:	68 lumens/watt
Color rendition index:	91
Rated lifespan:	50,000 hours
Bulb type:	glare free LED flat panel
Cord length:	10 feet, field cuttable

Pendant with One Light
Cielo pendants with one light feature aluminum bodies with a polycarbonate lens assembly. The lights are fully dimmable. The canopy is made of plastic. The cord is wrapped in fabric.

Pendant with Multiple Lights
Cielo pendants with multiple lights feature aluminum bodies with a polycarbonate lens assembly. The lights are fully dimmable. The canopy is made of steel, powder coated white, and can be painted in the field. The cords are wrapped in fabric. Fixtures can be hung at the same height, or staggered.

Surfaces

Standard Trim
Black Light, Black Bezel, Black Cord (TR-E03)
White Light, White Bezel, White Cord (TR-E09)

Premium Trim
Satin Aluminum Light, Satin Aluminum Bezel, Grey Cord (TR-E05)

Additional Notes

All Cielo lighting is ETL, CE, PSE, and RoHS certified.

Cielo XL

Pablo Designs | Pablo Studio | 2018 | Imported from China

Features and Specifications

Voltage:	120V or 277V 50/60Hz
Power consumption:	18 watts
Color temperature:	2700K
Luminosity:	1200 lumens
Luminaire efficacy:	58 lumens/watt
Color rendition index:	91 CRI
Rated lifespan:	50,000 hours
Bulb type:	LED flat panel
Cord length:	10 feet (height adjustable, field cutting not required)

Pendant Light
Cielo XL lights are comprised of an aluminum body with a polycarbonate lens, suspended by a fabric cord. By pressing a release at the top of the light, the cord length can be adjusted, discreetly coiling the unused length in the cylinder body. Features full range dim control and glare free illumination.

Canopies
Available in two sizes, the round canopies are made of painted aluminum. A universal design allows the 9" canopy to support up to 4 lights, while the 12" canopy can support up to 7 lights to create chandelier arrangements.

LIM

Pablo Designs | Pablo Pardo and Ralph Reddig | 2009 | Imported from China

Features and Specifications

Voltage:	120/220V 60Hz
Power consumption:	7 watts
Color temperature:	3000K
Luminosity:	295 lumens
Luminaire efficacy:	41 lumens/watt
Color rendition index:	85
Rated lifespan:	50,000 hours
Bulb type:	LED
Cord length:	10 feet

Table Light with Pivot
Pivoting, scratch resistant steel base. Aluminum arm with clear lens and full range dim control rotates 360 degrees around magnetic attachment to the base. Removable, silvertone cord.

Table Light with Block
Scratch resistant steel and aluminum block base. Aluminum arm with clear lens and full range dim control rotates around magnetic attachment to the base. Removable, silvertone cord.

Worksurface Mounted Light
Scratch resistant bracket painted to match arm. Aluminum arm with clear lens and full range dim control rotates around attachment to bracket. Mount includes flat bracket with adhesive. Removable, silvertone cord.

Floor Light
Scratch resistant steel base. Aluminum arm with clear lens and full range dim control rotates around magnetic attachment to the base. Removable, silvertone cord.

Slat/Rail Mounted Lights
Scratch resistant mount can be used with any Haworth slat tile. Adjustable within the slat profiles (hooks into the second bottom slat and can adjusted to the top slat, off the slat tiles). Aluminum arm with clear lens and full range dim control rotates 180 degrees, horizontally around the mount. Removable, silvertone cord.

Panel Mounted Lights
Scratch resistant mount can be used with any Haworth panel system. Adjustable within the panel slot profiles. Aluminum arm with clear lens and full range dim control rotates 180 degrees, horizontally around the mount. Removable, silvertone cord.

Under Shelf Proud Mounted Lights
Aluminum arm with clear lens and full range dim control rotates around magnetic attachment to the upper storage. Removable, silvertone cord. For use with Haworth Adaptable Upper Storage. When used with other storage units, a Worksurface Mount Bracket may be required, ordered separately.

Accessories
Hardware to provide additional attachment. Each bracket description correlates with the appropriate LIM light. Please specify accordingly.

Additional Notes

LIM ships flat-packed. Minor assembly required.

All LIM lighting is ETL, CE, PSE, and RoHS certified and 2010 California Energy Mandate compliant. 97% of material used for LIM is recyclable.

Pixo

Pablo Designs | Fernando Pardo and Pablo Pardo | 2011 | Imported from China

Features and Specifications

Voltage:	120/220V 60Hz
Power consumption:	6 watts
Color temperature:	3000K
Luminosity:	325 lumens
Luminaire efficacy:	54 lumens/watt
Color rendition index:	90
Rated lifespan:	50,000 hours
Bulb type:	glare free, high output LED array
Cord length:	6 feet

Table Lights
Pixo table lights feature an aluminum arm with a polycarbonate shade. The steel base has a polycarbonate cover with an integrated USB charging port. Pixo's arm rotates 360 degrees, with a 180 degree tilt. The shade, which rotates 360 degrees independently of the arm, houses a glare free, advanced LED array that eliminates multiple shadows. The optical switch offers full range dim control. An optional occupancy sensor is also available.

Surfaces

Cord length:	6 feet

Table Light
Pixo table lights feature an aluminum arm with a polycarbonate shade. The steel base has a polycarbonate cover with integrated wireless charging technology and a USB charging port. Pixo's arm rotates 360 degrees, with a 180 degree tilt. The shade, which rotates 360 degrees independently of the arm, houses a glare free, advanced LED array that eliminates multiple shadows. The optical switch offers full range dim control. An optional occupancy sensor is also available.

Additional Notes

Pixo Plus lights ship flat-packed. Minor assembly is required.

All Pixo Plus lighting is ETL, CE, PSE, and RoHS certified and is 97% recyclable. Pixo Plus optical switches comply with ADA.

Sky Dome

Pablo Designs | Pablo Pardo and Pablo Studio | 2020 | Imported from China

Features and Specifications

Voltage:	120V 50/60Hz
Power consumption:	18 watts
Color temperature:	2700K-2200K (dim to warm)
Luminosity:	1250 lumens (850 downlight, 400 uplight)
Luminaire efficacy:	70 lumens/watt
Color rendition index:	90 CRI
Rated lifespan:	50,000 hours
Bulb type:	LED flat panel
Cord length:	10 feet (field cuttable)

Pendant Lights
Sky Dome pendant lighting features a two-way LED light panel encased in a die-cast aluminum head, suspended from an aluminum stem in two trim options. The cord is fabric, and hangs from a steel canopy. A large dome shade is available in pressed wood or spun aluminum.

Flush Mounted Lights
Sky Dome flush mounted lighting features a two-way LED light panel encased in a die-cast aluminum head, with an aluminum stem in two trim options, attached to a steel canopy. A large dome shade is available in pressed wood or spun aluminum. In total, the fixture extends just 4" (100mm) from the wall or ceiling it is mounted to.

Surfaces

Shade Paint
Black (TR-B20)

Features and Specifications

Voltage:	120V 60Hz
Power consumption:	11 watts per light
Color temperature:	3000K
Luminosity:	800 lumens per light
Luminaire efficacy:	73 lumens/watt
Color rendition index:	82
Rated lifespan:	40,000 hours
Bulb type:	LED
Cord length:	10 feet, field cuttable (pendant lights) 8 feet, field cuttable (string lights)

Pendant with One or Multiple Lights
Swell indoor/outdoor pendants feature interchangeable, spun aluminum shades. The LED lights are fully dimmable. The sockets and check-rings are made of aluminum. The canopy and mounting hardware are made of steel. Pendants with multiple lights come with a white canopy. Pendants with one light come with a canopy that matches the color of the cord.

String with One or Multiple Lights*
Swell indoor/outdoor string lights feature interchangeable, spun aluminum shades. The LED lights are fully dimmable. The sockets and check-rings are made of aluminum. The canopy and mounting hardware are made of steel.

Additional Notes

Shades with a black or brass exterior come with a black cord. Shades with a white exterior come with a white cord.

* When purchasing Swell Strings with One Light, an Accessory Kit containing a power feed cord and canopy must be purchased, UNLESS the light is added to an existing string which already contains a power feed cord and canopy. Additional lights can be added individually, up to 34 lights.

** Swell String with Mixed Lights comes standard with a vertical mounting kit included. If desired, a Horizontal Mounting Kit may be purchased separately. The Horizontal Mounting Kit is 30 feet long and supports up to 12 lamps.

All Swell lighting is damp rated and ETL and RoHS certified. Swell complies with Dark Sky, and Title 20.

UMA

Pablo Designs | Carmine Deganello and Pablo Pardo | 2015 | Imported from China

Features and Specifications

Voltage:	120/240V 50/60Hz
Power consumption:	4.5 watts (light) 12 watts maximum (speakers)
Color temperature:	2000-2700K
Luminosity:	190 lumens maximum
Luminaire efficacy:	42 lumens/watt
Rated lifespan:	50,000 hours
Charging time:	up to 3.5 hours
Battery life:	up to 8 hours
Bulb type:	warm dim LED

Audio Lantern

Portable and rechargable, UMA features a diffused polycarbonate lens with a steel grille and silicone feet. Each lantern is equipped with two interchangable leather handles (one grey and one tan) and a protective cotton bag with a leather drawstring. Bluetooth connectivity provides rich, 360 degree sound with touch sensitive volume control. An intuitive full range light control dial adjusts state of the art warm dim LED technology.

Additional Notes

UMA ships flat packed. All UMA lighting is TUV, CE, FCC, and RoHS certified and is 97% recyclable.

CE

Bandas Space

GAN | Patricia Urquiola | 2014 | Made in India, Imported from Spain

Features and Specifications

Runners
Bandas Space runners are comprised of 100% new wool with a Velcro loop backing. Multiple runners can be connected using strips of Velcro hooks. Each runner comes with one strip of Velcro hooks, and a set of four painted steel weights which slip into pockets on the underside of the runner. Bandas Space runners are made using a hand loom technique, combined with crochet and embroidery methods. The edges along the length of the rug are always orange. Runner thickness is approximately 0.4" (10mm).

Velcro Hook
An orange strip of Velcro hooks can be used to secure multiple runners together by attaching to the Velcro loop backing on each Bandas Space runner.

Additional Notes

New wool runners may shed fibers during the first few months. This is a normal feature of wool and is in no case sign of deficient quality.

Each runner is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the fabric or color are not errors or defects.

Bandas Space runners comply with 2010 ADA Standards for Accessible Design.

Bandas Space runners compliment Bandas Space seating and pillows.

Cord

GAN | Patricia Urquiola | 2021 | Made in India, Imported from Spain

Features and Specifications

Area Rug
Cord rugs are comprised of 100% recycled polyethylene terephthalate (PET), and are made using a hand loom technique. Rug thickness is approximately 0.6" (15mm).

Additional Notes

Cord rugs are intended for indoor and outdoor use. However, color will fade over time when placed in direct sunlight.

Each rug is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the material or color are not errors or defects.

Cord is available in custom dimensions with a maximum width of 4000mm and a maximum length of 10,000mm. It is also available in custom colors, if a Chromatone value is provided. Contact a Haworth dealer for pricing and additional information.

Hand Knotted Degradé

GAN | Patricia Urquiola | 2015 | Made in India, Imported from Spain

Features and Specifications

Viscose Area Rug
These rugs feature a unique ombre effect, with one color beginning boldly at one end and gradually fading to the other end. They are comprised of 100% viscose, and are made using a hand knotted technique. Rug thickness is approximately 0.25" (6mm).

Wool Area Rug
These rugs feature a unique ombre effect, with one color beginning boldly at one end and gradually fading and transitioning to a tan color at the other end. They are comprised of 100% new wool, and are made using a hand knotted technique. Rug thickness is approximately 0.4" (10mm).

Additional Notes

New wool rugs may shed fibers during the first few months. This is a normal feature of wool and is in no case sign of deficient quality.

Each rug is made by hand and therefore has a unique design. Variations in size (not exceeding 5%) may occur. Any variations in the fabric or color are not errors or defects.

Features and Specifications

Café Umbrellas
The frame is made of anodized aluminum with a 1.5" (38mm) centerpost and stainless steel hardware. It includes a durable, high performance hub and fittings. Features an internal counterweight which makes opening and closing easy. The umbrella locks in position without the use of a pin. A number of base options are available.

Telescope Umbrellas
The frame is made of anodized aluminum with a 3.25" (83mm) centerpost and stainless steel hardware. It includes a durable, high performance hub and fittings. Features a crank lift system with removable handle. A galvanized steel internal mast stem and powder coated base plate are included. A number of base options are available.

Tilt Umbrellas
The frame is made of anodized aluminum with stainless steel hardware. It includes a durable, high performance hub and fittings. Tilt umbrellas rotate 360 degrees and feature an Infinite Tilt System. An internal mast stem and adapter plate are included. A number of base options are available.

Storage Sleeves
Each storage sleeve is made of polyester with a polyurethane coating. Café umbrella storage sleeves are light olive green in color. Storage sleeves for Telescope and Tilt umbrellas are a light grey color.

Additional Notes

JANUS Titan umbrellas are designed to be used in indoor or outdoor settings. When used in outdoor environments, JANUS Titan may require special care. Refer to the Ancillary Brands Surface Care Instructions for details.

When not in use or in windy conditions, umbrellas should be folded to prevent tipping or damage.

Surfaces

For a complete list of upholstery options, please refer to surfaces.haworth.com.

Limited Warranty

Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

Product Compatibility and Limited Warranty Policy

Our Commitment to Product Compatibility:
Integrated Product Platforms
As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

Our Commitment to Product Quality:
The Haworth North America Limited Warranty
To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the Limited Warranty, including its terms and conditions, please **use this link** or contact Haworth's One Touch support team at **onetouch@haworth.com**. You can also access the current version by using the camera on your mobile device to scan the QR code below.

Warranty Requests or Questions

For questions or service requests pertaining to the Haworth North America Limited Warranty, please contact your Haworth dealer. If you are unsure who your dealer is, contact Haworth's One Touch support team at **onetouch@haworth.com**.

North America Terms of Sale

Ancillary Brands | North America Price List | January 2024

About

These Terms of Sale are part of a quotation, bid response, or other sales document issued by Haworth, Inc., Haworth, Ltd. ("Haworth").

These Terms of Sale do not cover products manufactured in North America shipping to non-North American countries nor do they cover products manufactured in non-North American countries shipping to North America. For those terms of sale, please contact Haworth's Global Trade and Compliance Department at 616.393.3000 or through Haworth.com.

A. Ordering Information

Haworth sells its products on the terms set forth in these standard Terms of Sale:

ORDERS MUST BE SUBMITTED IN WRITING OR ELECTRONICALLY (Lynx) AS REPRESENTED BY A VALID PURCHASE ORDER, WHICH INCLUDES PRODUCT TOTAL.

An order is not binding upon Haworth until Haworth issues an order acknowledgment to the customer (the "Customer"), which will include price information and an anticipated delivery date.

1. Order Changes/Cancellations
For Tailored Solutions, Customer's Own Material (C.O.M.), finish matches, custom colors, custom products, Master lock and key orders, and RUSH orders, no changes or cancellations are allowed 24 hours after order placement. All other products require approval for changes or cancellations. A change/cancellation fee may apply. Contact Order Services for applicable charges.

Ship-to addresses changed within five (5) business days of delivery will incur fees to cover administrative costs due to re-labeling of product and/or reconsignment fees with the carrier.

Order cancellations are complete annulments of orders. Order changes are the deletion of line items or a change in size, color, quantity, ship-to address, or scope of work. There is no penalty for additions; however, any change may cause the order or the line items affected to be rescheduled. Order changes involving additional product and services which increase the value must be accompanied by an amended Purchase Order or other document as agreed.

ALL CHANGES MUST BE IN WRITING, REGARDLESS OF THE (DOLLAR) VALUE. CHANGES ARE NOT BINDING UPON HAWORTH UNTIL HAWORTH ISSUES AN ACKNOWLEDGMENT OF THE CHANGE.

2. C.O.M. (Customer's Own Material)
A Customer who requests a fabric, surface or finish material (C.O.M.) not in Haworth's standard finish offering must first confirm approval of or request new approval for the C.O.M.

Haworth will determine feasibility of the material for manufacturability. For a description of the procedure to submit C.O.M. samples, contact Haworth's Order Services department. For testing information, see the C.O.M. section of the catalog, or call Haworth Order Services.

If Haworth agrees to use the C.O.M., (1) Haworth shall have no responsibility for the condition, quality, value, performance, physical properties, or any other aspect of the C.O.M.; and (2) Haworth shall have no liability for any damages, injuries, or losses to the Customer or to any third party that shall be caused by any C.O.M., and the Customer shall hold Haworth harmless for all such liability.

3. Valid/Complete Purchase Order
The following information is required in order to process an order with Haworth:

a. Customer Information
i. Sold To: Legal name, complete address (if Haworth is to bill the end user, provide end user Purchase Order made out to Haworth, Inc., Haworth, Ltd.) and phone and fax number.
ii. Ship To: Legal name and address.
iii. Purchase Order Number: From the party Haworth will be billing.
iv. Authorized Signature: All Purchase Orders must be signed by a duly authorized representative if a signature line is present. Electronically transmitted Purchase Orders will be accepted without a signature if dealer billed and the dealer has an electronic purchase payment agreement on file.
v. Contact Name and Phone Number: Person Haworth should contact with any questions regarding the order.
vi. Shipping Contact: Name and phone number of person to be contacted regarding shipping and delivery matters.
vii. Tagging Instructions: This information will appear on all documentation received from Haworth including: cartons, acknowledgments, and invoices.
viii. Price Agreement or National Sales Agreement Number
ix. Product Total: Net dollars.
x. Installation, Design, Project Management, and/or Service Fees

b. Product Information
i. Quantity
ii. Product Numbers
iii. Colors
iv. Tailored Solutions: Specify tailored solution part number for new tailored products.
v. Customer's Own Material: Order entry code, manufacturer, pattern, and color.
vi. Approval Drawings: An authorized signature by a duly authorized representative is required for shop drawings when applicable.
vii. Deposit: A deposit may be required for custom materials.

c. Order Confirmation
All orders will be acknowledged.

B. Pricing Policies

1. Terms of Payment
Terms of payment and credit limits will be established based on financial information. Standard payment terms on open credit are net thirty (30) days from invoice date. Advance payments or other payment security may be required by Haworth. The account balance must be at or below the credit limit and current at all times (no past-due balances). Haworth reserves the right to delay or cancel any delivery to a Customer whose Haworth account balance is over the credit limit and/or past due. For walls and floors a deposit will be required.

2. Terms of Credit
Customer hereby authorizes Haworth to obtain such credit reports, financial information or other information as Haworth may request, including, without limitation, credit information from any financial institutions or others having a business relationship with the Customer. Customer hereby authorizes any credit references to answer Haworth's inquiries and provide such credit information and documentation as Haworth may request.

The Customer hereby releases and holds Haworth harmless for any inconvenience whatsoever, caused by any temporary or permanent withdrawal or restriction of credit privileges hereunder, or the enforcement of any of the provisions contained in this paragraph.

3. Past-Due Charges
Past-due balances will be increased by a maximum of 1.5% per month, or 18% annually, without forfeit of Haworth's right to immediate payment.

4. Applicable Prices
The price of any product sold to Customer by Haworth will be based upon the North American

Price List (Catalog). Prices and discounts are subject to change without notice or approval. In the event of an adjustment to pricing, National Sales Agreement (NSA) Customers will be notified in advance according to the terms of the NSA.

Applicable prices and currency exchange rates are those in effect at the time of the RECEIPT of an ORDER; Haworth reserves the right to use the published pricing effective at the time of shipment, if the requested delivery date is more than 120 days after the order receipt date.

Haworth Flooring products are sold using the North American price list in US dollars. Currency exchange rates at the time of the transaction will be used to convert the USD amount into the alternate currency. Should the currency exchange rate between the USD and alternate currency change between a quote and the receipt of an order, the alternate currency amount will also change to equal the current, equivalent USD amount.

5. C.O.M. (Customer's Own Material) Charges
Refer to the appropriate Customer's Own Material (C.O.M.) form for applicable surface material charges.

6. Taxes
Haworth prices do not include customs duty, sales, use, value added or similar taxes. Any federal, state/provincial or other taxes or assessments based upon the sale or delivery of products or services sold applicable to the customer at present or later imposed by federal, state/provincial or municipal agencies, shall be added and paid by the customer. Customer is responsible for all such taxes.

NOTE: For all countries a valid sales tax exemption certificate must be approved by and on file with Haworth prior to product shipment. Otherwise, sales tax will be due and payable to Haworth when such tax is invoiced to Customer.

7. Services
If, as a result of Customer request, the Haworth dealer or Haworth subsidiary provides planning/design services, storage, project management, special handling, set-up, installation and/or other services, the Customer will be charged at the local Haworth dealer/subsidiary's prevailing rates.

8. Termination by Haworth
Haworth may immediately terminate an order upon written notice in the event bankruptcy or insolvency proceedings are instituted by or against the Customer, or the Customer is adjudicated as bankrupt, becomes insolvent, makes an assignment for the benefit of creditors, or proposes or makes any arrangements for the liquidation of its debts, or a receiver or receiver and manager is appointed with respect to all or any part of the assets of the Customer.

C. Shipping and Delivery

Haworth will have the right to determine the method of shipment and routing of product.

This section does not apply to any of Haworth's Flooring products. All Haworth Flooring products are sold freight collect.

If, for any reason, a delivery has to be made to an intermediate location (i.e. a location other than the "Ship To" location noted on the order or ultimate end user location), all handling and re-delivery costs incurred would be at the Customer's expense.

1. U.S.A. - Contiguous
All deliveries will be CPT (Carriage Paid To) (ICC Incoterms 2010) Haworth's manufacturing facilities or distribution centers. Freight charges will be prepaid by Haworth on all orders to locations within the continental United States. Customer bears all risk of loss or damage to the goods when they are placed on Haworth's means of transport.

2. U.S.A. - Non-contiguous (Alaska, Hawaii and Puerto Rico)
All deliveries will be CIF (Cost, Insurance and Freight) (ICC Incoterms 2010). Haworth's catalog prices include ocean freight and insurance to the port of the final destination. Haworth has the right to determine the carrier, method of shipment and routing. Haworth will contract with the insurer and provide minimal insurance coverage (CIF @ 110%) made payable to the Customer. Customer is responsible to obtain greater insurance if so desired.

Customer bears all risk of loss or damage to the goods when the goods are effectively at the disposal of the Customer on board the vessel at the named port of destination. Proof of delivery is a clean on board bill of lading. Customer will be responsible for all on-carriage from the receiving port to the final destination.

3. Canada
All deliveries will be DDP (Delivered Duty Paid) (ICC Incoterms 2010). Haworth's catalog prices include delivery to Customer's named place, not unloaded from any arriving means of transport. Customer bears all risk of loss or damage to the goods when they are delivered to the Customer's named facility not unloaded. Haworth will assume responsibility to file all freight claims with the carrier for any loss/damage which may occur while product is in transit, and will promptly repair or replace any damaged or lost product. Haworth requires the Customer to report all freight damage and/or loss to both the carrier and to Haworth.

NOTE: Under all delivery terms (U.S.A. and Canada), any additional expense resulting from Customer's request for expedited transportation, special services, packaging, handling, routing, and/or shipping method will be billed to Customer.

4. Mexico
All deliveries will be DAP (Delivered to Place) (ICC Incoterms 2010). Haworth's catalog prices include freight charges for normal surface transportation to a United States point of exportation within the 48 contiguous states. Haworth has the right to determine the carrier, method of shipment and routing.

Customer bears all risk of loss or damage to the goods when the goods are delivered to the named United States point of exportation. Haworth will provide customs clearance facilitation and arrangement of local delivery through an Authorized Dealer in Mexico, on a separately negotiated basis. Otherwise the Customer will be responsible for all customs clearance formalities and on-carriage from the United States point of exportation to the final destination in Mexico.

5. Delivery Dates and Delay
If Haworth cannot deliver products as scheduled due to causes beyond its reasonable control (such as casualty, labor disputes, or accident; inability to obtain necessary labor, material or transportation; or changes requested by the Customer), the delivery date will be extended to compensate for the delay as determined by Haworth.

6. Delivery Shortages and Damage
Product shortages and damage must be noted on delivery receipts at the time of delivery and reported to the carrier for correction.

Claims against Haworth for shortages, errors, or damage must be made within ten (10) days of the date of delivery or the Customer waives the right to make such a claim. Signed Bill of Ladings or Delivery Receipt must be sent in with claims. See the Haworth/Haworth Dealers Roles and Responsibilities document for further details.

7. Storage
Haworth may transfer product to storage at the Customer's risk and expense if the Customer is unable or unwilling to take delivery of product

as originally scheduled. Upon such transfer to storage, the Customer assumes risk of loss. Haworth will invoice the Customer for storage fees and the Customer will make payments in accordance with Haworth's standard payment terms.

D. General Terms

1. Governing Law

For products purchased for delivery in the U.S. pursuant hereto, this Agreement shall be governed by and construed according to the laws of the State of Michigan. Where Products are purchased for delivery in Canada pursuant hereto, this Agreement shall be governed by and construed according to the laws of the Province of Alberta. In either case, the parties attorn to the exclusive jurisdiction of the courts of Michigan and Alberta, respectively for the purpose of hearing any disputes arising under this Agreement or with respect to any Products sold pursuant hereto, and agree that the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any other provision or law which would have the effect of applying the laws of any jurisdiction other than Michigan or Alberta, as the case may be, shall be excluded.

2. Force Majeure

In the event that the performance of Customer or Haworth or its participating dealer assignee(s) would be prevented, restricted, interfered with or rendered commercially impracticable by reason of Force Majeure, then upon the giving of notice to the other parties, the party affected by the Force Majeure shall be excused from performing hereunder until the Force Majeure no longer prevents, restricts, interferes with, or renders such performance commercially impracticable.

"Force Majeure" shall mean: fire, explosion, breakdown of plant, epidemic, hailstorm, snow/ice storms en route, hurricane, tornado, cyclone, flood or power failure; war, revolution, civil or military disturbances, acts of public enemies, acts of terrorism, blockade or embargo; any law, order, proclamation, regulation, ordinance, demand or requirement of any applicable governmental authority or any subdivision, authority, or representative of any such government; labor difficulties, including without limitation, strikes, slowdowns, picketing or boycotts; or difficulties beyond Haworth's reasonable control in obtaining necessary raw materials, labor, fuels and electric power, components or facilities, and any other circumstances beyond the control of the party affected.

3. Delays by Customer

Where Haworth has not received adequate site dimensions, Product specifications, shipping information, installation particulars or other information required by Haworth to permit the efficient manufacture of any Products, or where site conditions are not in accordance with the Installation Requirements set forth, or are not otherwise suitable to permit effective and efficient installation, the manufacture and/or delivery of Products may be delayed, and such event shall constitute a delay by the Customer. When manufacture, delivery or installation is delayed by the Customer or at the Customer's request: (i) Haworth may, at its option, present the invoice for the full price of the Products to the Customer as then due and payable; (ii) the Customer shall pay to Haworth all reasonable storage, handling and other reasonable incidental expenses incurred by Haworth in connection with such delay; and (iii) the Customer shall bear all risk of loss or damage to the Products being held by Haworth for the Customer.

4. Use and Installation of Products

Haworth recommends that its products be installed by certified, qualified and approved installers according to Haworth's written installation procedures. The Customer agrees to use Haworth products properly; not to remove or alter safety devices, warnings, or operation instructions placed on products by Haworth, and to instruct employees as to the proper care and use of the products according to printed instructions.

5. Warranty

Haworth's standard North American Warranty will apply as appropriate. All product line warranty specifics are available in each catalog or upon request.

E. Services

Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

1. Scope of Work - Design

Customer acknowledges that the Products to be manufactured or procured by Haworth in connection with the order are or may be custom manufactured for the Customer and that Haworth may be required to perform extensive work in relation to the design and specification of such Products. Where Customer requests that Haworth create as-built drawings or make more than two material revisions to any particular Product design or specification, Customer agrees that Haworth shall be entitled to invoice Customer with respect to such additional work on the basis of Haworth's then prevailing rates for related design and specification services.

2. Installation Requirements

Where installation services are to be provided by Haworth, its authorized dealer or subcontractor, a document will be provided setting forth the scope of installation work to be performed (the "Scope of Work") and the price to be charged therefore. Unless otherwise specified in the scope of work, Haworth's installation services are limited to products sold by Haworth with the exception of lighting, under floor electrical and data.Service requests for design, installation, relocation, storage, etc. are handled by the local Haworth dealer on a separately negotiated basis. Contact the local Haworth dealer, affiliate or area sales office for more details.

3. General Conditions

(a) Sufficient time shall be allocated by the Customer following delivery of Products and prior to Customer's occupation of the premises to allow the installation of all Products during conventional working hours, Monday through Friday, 7:30 a.m. to 4:30 p.m. Where sufficient time is not allocated and Haworth is required or requested to perform installation work outside of such times, overtime charges shall be charged at Haworth's then prevailing rates. (b) Haworth shall be given free and exclusive access to; (i) a loading dock within 150′ of the freight elevator or hoist, which loading dock shall be of sufficient size to enable full-size tractor-trailer deliveries to the premises (where required by Haworth); (ii) a freight elevator or hoist of sufficient size and capacity to allow the efficient movement of the Products; (iii) an unobstructed and safe pathway to the area where Products are to be stored or staged; (iv) a secure storage / staging area; (v) convenient trash facilities; (vi) adequate lighting; (vii) a work site that complies with applicable health and safety legislation. Where such areas and facilities are not available, Haworth shall be entitled to bill Customer for all amounts incurred by Haworth for double-handling, product movement, lifting, hoisting, trash removal and any other resulting charges. (c) The installation site shall be free and clear of existing furniture, debris, or other obstructions (including construction in progress) and shall otherwise be in the reasonable opinion of Haworth ready for installation of the Products. Any building where Products are to be installed shall be fully closed in, dry and protected from the natural elements, with temperatures between 40°F and 90°F (4°C and 32°C) and relative humidity not to exceed 70% at all times including receipt of products, during and after installation and shall be adequately heated and/or air-conditioned. Where unusual site conditions exist which

impede or prevent the normal installation of any Products, applicable extra charges shall apply at prevailing rates. (d) Haworth's installation pricing is based upon the installation occurring as one continuous delivery and installation project. Phased installation pricing shall be provided by Haworth on a case by case basis. (e) Electrical hardwiring, plumbing and mechanical work is not included and shall be the responsibility of the Customer. (f) Except as may be otherwise specifically indicated, installation pricing does not apply to projects where union labor is required. Where Haworth has provided installation pricing on the basis that non-union labor be utilized, and where Haworth is required to use union labor or it otherwise becomes impractical to use non-union labor, or where Haworth is required by law to use prevailing wages, Haworth shall be entitled to charge the Customer for any cost differential between the anticipated cost of non-union labor and the actual cost of utilizing union or prevailing wage labor. (g) Haworth shall not be responsible for obtaining permits.

4. Project/Site Conditions

Lateral load bracing is not included in the scope of Haworth's work and shall not be performed by Haworth. In areas where flooring Products are to be installed by Haworth overhead construction must be completed prior to the commencement of such work to avoid damage to the panels and finishes. The existing subfloor must be smooth, mopped clean, free of moisture, dust, dirt and debris. Once installed, the access floor must be maintained in the same manner. The subfloor must have a maximum vertical elevation deviation of 0.375" (10mm) over a horizontal span of 10'-0" (3m), and without discontinuities in floor slope. For greater certainty, the scope of Haworth's installation work in such areas shall not be deemed to include any work required to level such subfloor, remove protrusions, remove pre- existing floor coverings or adhesives, or any other work which is required to remedy any conditions which may impede the efficient installation of flooring. Except as may be otherwise specifically indicated in the order, installation pricing for flooring Products and the Scope of Work in relation thereto shall not include any work required to remove and replace floor panels following their initial installation to provide tradespersons or others with access to the underpanel cable management cavity. In areas where movable walls are to be installed, all flooring (including carpeting) and ceiling components (including dropped ceiling grid components) shall be fully complete and ready for the installation of the movable wall products. Further, the existing floor (or other surface on which the movable wall panels are to be installed) shall have a maximum vertical deviation of 1.25" (30mm) and the dropped ceiling grid shall have a maximum vertical deviation of 0.375" (10mm) from the specifications to which such movable wall panels were designed and manufactured (collectively the "Permitted Tolerances"), and shall otherwise comply with any site condition assumptions made known to Haworth prior to the manufacture of such Products (the "Site Assumptions"). Where the Permitted Tolerances or Site Assumptions are not strictly adhered to or met, additional charges may be incurred in connection with site remediation and/or the modification or remanufacture of affected movable wall products, together with all resulting shipping and labor charges at Haworth's then prevailing rates for such Products and services.

5. Installation Change Orders

Where Customer requests work to be performed or materials to be provided which are not contemplated in the Scope of Work, or Customer otherwise requests Products or services not contemplated in the order (collectively "Extras"), prior to providing such Extras Haworth reserves the right to require the Customer to provide and sign a written Purchase Order or Change Order acceptable to Haworth describing the Extras and the amounts to be charged therefore, and the Customer agrees to pay such charges.

6. Entire Agreement

The order and this Agreement (including applicable Schedules) constitute the sole agreement between the parties and supercede any prior understanding or written or oral agreements between the parties (excluding National Sales Agreements). No waiver of any of the provisions of these Standard Terms and Conditions shall be binding on Haworth unless expressly agreed in writing.
