

Tributaire Storage

Tributaire offers credenzas, storage screens, and monitor stands that provide practical storage with a cohesive, flowing design. Storage complements the comprehensive Tributaire line for design continuity.

Supporting Collaboration

Tributaire storage solutions support presentations and collaborative work in meeting rooms and open offices while maintaining a cohesive design language with the entirety of the Tributaire line.

Definition of Line

Credenza

Features

- 1 size: 22"D x 52"W x 29"H
- 2 adjustable shelves
- Perforated steel accent between 2 laminate doors
- 3 caster colors: black, warm grey, cottonwood with warm grey tread
- 3 glide colors: black, warm grey, cottonwood
- Power management includes cutout for cord routing and cable cubby in middle of cabinet sections
- Optional Quad Tap power secured to cabinet (4 receptacles)
- Optional locks in satin chrome

Construction

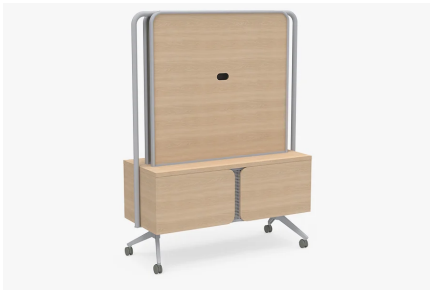

- Two cast aluminum bases are joined to the cabinet and can be powdercoated any KI standard color.
- Casters include two locking and two non-locking per cabinet. Twin-wheeled and constructed of nylon with a soft durometer wheel for ease of mobility on carpet or hard floors.
- Adjustable glides are constructed of die cast aluminum that is finished to match the table base finish. These glides offer approximately 1.2" of adjustment range. The glide has a two-piece molded nylon lower. The nylon pad is field replaceable.
- Cabinet has a 1-1/4" laminate construction with 2mm (74P) edge. Each cabinet has two white pin-adjustable shelves made of laminate.
- Cabinets have two or four slow close hinged doors, depending on configuration.
- Perforated steel accent piece can be powdercoated in contrasting or complementary color and enhances airflow within the cabinet.
- Open cavity in between two storage compartments in the cabinet provides power and data routing.
- Power management cutout in back routes cords into cabinet
- Optional locks are satin chrome

Storage Screen

Features

- Includes credenza and all associated features
- Specify screen with 1-sided finish or 2-sided finishes (same or different materials)
- Screen materials: markerboard, PET felt, fabric
- Optional ganging allows Tributaire post-leg half-round square table to conjoin to credenza for collaboration while providing space division with integrated storage

Construction

- Includes credenza and associated construction
- Screens are framed in aluminum and can be powdercoated
- Unit has tubular support frame that can be used to help transport the unit around a space. This frame can be powdercoated.
- All panels are approximately ½” thickness.
- Can be optioned with one or two panels. Panel materials can consist of markerboard magnetic steel, PET felt, or fabric.
- Two panels can be ordered and assembled back-to-back.

Monitor Stand

Features

- Includes credenza and all associated features
- Screen has 1-sided or 2-sided finish: 1 side is always laminate to accommodate monitor; optional second side can be laminate, markerboard, PET felt, or fabric
- Optional ganging allows Tributaire post-leg half-round square table to conjoin to credenza for collaboration

Construction

- Includes credenza and associated construction
- Screen must be optioned as laminate for monitor mount to be attached. Monitor mount is customer supplied and installed.
- Screens are framed in aluminum and can be powdercoated.
- Unit has tubular support frame that can be used to help transport the unit around a space. This frame can be powdercoated.
- All panels are approximately ½” thickness.
- Can be optioned with two panels. The second panel materials can consist of markerboard magnetic steel, PET felt, fabric or an additional laminate screen to support back-to-back monitors.

Product Highlights

Consistent Design Language

Tributaire storage features a consistent base design with other elements from the comprehensive Tributaire collection. High-end laminate options and a choice of glides or casters in black, warm grey, or cottonwood (with a warm grey tread on casters) further enhance your unique design vision.

Table Ganging Option

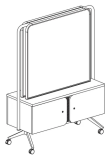

Monitor stands can be specified with a ganging doors that allows units to conjoin with Tributaire post-leg half-round square tables. The fully ganged unit serves as a dynamic multimedia solution for integrated meeting spaces.
