

TAC-WALL®

Transform walls, doors, partitions, panels, room dividers, and more into decorative and functional spaces quickly and economically with Tac-Wall. Tac-Wall is a colorful linoleum/cork wallcovering that's self-healing, exceptionally resilient and resistant to cracking, drying, or peeling. Tac-Wall is bio-based and hygienic, too. The natural quality of Tac-Wall inhibits contaminants for a low-maintenance tackable solution. **Tac-Wall makes it all OK.**

FEATURES & BENEFITS

- Resilient, self-healing, & flexible – does not crack & crumble like traditional cork boards
- Long lasting, timeless, & strong
- Versatile & colorful
- Practical & easy
- Does not attract dust & has bacteriostatic properties
- Natural materials 91% (e.g. cork, linseed oil, jute)
Recycled content 43%
