PRODUCT TESTING

Tables and Storage

Etc. tables and storage product are tested to ANSI/BIFMA X6.5-2022 Home Office and Occasional Use Desk, Table, and Storage Products furniture, developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI).

This standard defines specific tests, laboratory equipment, conditions of test, and recommended minimum levels to be used in the test and evaluation of the performance, durability, and structural adequacy of desk, table, and storage furniture intended for use in the home office or occasional use offices.

Testing includes:

- X6.5.4 Stability Tests
- X6.6.5 Unit Strength Tests
- X6.5.6 Top Load Ease Cycle Test
- X6.5.7 Unit Drop Test
- X6.5.8 Leg Strength Test
- X6.5.10 Extendable Element Cycle Testing
- X6.5.17 Door Tests
- X6.5.18 Durability Test for Units with Casters

The tests are conducted by Kimball International's A2LA accredited test lab or other accredited test labs.

Seating

Etc. seating product is tested to ANSI/BIFMA X6.4 Occasional Use Seating standards, developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA) and approved by the American National Standards Institute (ANSI). This standard includes all the testing in the X5.4-2020 Lounge and Public Seating standards, with 50% of the cycling to reflect the intended occasional use areas of Etc. product.

The tests are conducted by Kimball International's A2LA accredited test lab.

ETC textiles are not tested to all of these performance attributes. We verify the materials meet the federal compliance requirements, which are typically flammability and Prop 65 (FR's).

Outdoor Products

Etc. outdoor products comply with the UL 4041 Outdoor Furniture testing standard. UL 4041 measures outdoor furniture in terms of corrosion, stability, strength, weatherability, and durability.

This standard helps manufacturers and retailers assess the safety of their products, reduce risks to consumers in the process of use, and inform consumers how to identify safer and more reliable outdoor furniture.

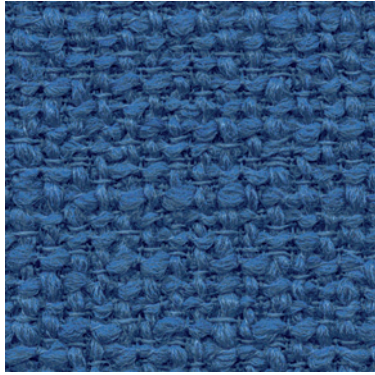

- Outdoor tables are tested for leg strength, as well as overall stability, unit strength, and load-bearing characteristics under varying conditions.
- Outdoor chairs are tested for stability, back and armrest strength, and seating and component durability. Chairs with pedestal bases are tested for the durability of the chair base.

The tests are conducted by Kimball International's A2LA accredited test lab.

For a complete listing of BIFMA compliant Etc. products, please visit [Bifma.org](https://www.bifma.org).

C03TSK0101	Mesh Task Chair, Swivel Tilt	25.375"W 24.75"D 36.75"-41"H	\$711	4.5	26 lbs.
C03TSK0201	Mesh Task Chair, Knee Tilt	25.375"W 24.75"D 38"-41.5"H	\$830	5.1	30 lbs.

- Will accommodate individuals up to 275 lbs. per seat
- Contoured seat with soft waterfall front edge is upholstered in breathable Black textile
- Injection molded outer frame features a Black stretched mesh insert
- Soft-black polyurethane arm pads
- Black nylon 5-prong base features free rolling double wheel casters
- Supports up to 250 lbs.
- Ships KD, tool included; some assembly required
- Ships 1 per box
- **Can be shipped small parcel FedEx Ground for an additional upcharge; see Terms & Conditions for Special Delivery Services.**

ERGONOMIC FEATURES

- 360° swivel with pneumatic lift
- Swivel tilt model allows the seat and back to tilt in unison from a point at the center of the chair to comfortably recline
- Knee tilt model is designed with a pivoting point located near the very front of the seat, resulting in a wide-angle tilt that allows your feet to stay flat on the floor when the chair is tilted backward
- Seat height from the floor for both swivel and knee tilt models ranges from 17"-20"
- Increase or decrease tension of chair's tilt to match your body weight
- Back can be locked in an upright position to limit recline or be set to recline freely
- Push button height adjustable arms provide 8 positions with a range of 2.75"

CO3MAT0101	Anti-Fatigue Standing Mat	28"W 26"D 3"H	\$203	4.4	10 lbs.
<ul style="list-style-type: none">• Black, shock absorbant polyurethane foam• Non-toxic, phthalate-free material easily wipes clean• Non-slip mat stays in place while you move• Ergonomically designed• Mini massaging balls, raised edges, and sloped ramp• Fully assembled• Ships 1 per box					

- SPECS**
- CUSHIONED COMFORT: Standing for long periods of time can stress your joints and cause serious pain; our padded mat encourages active movement and stretching for all day comfort at any standup desk
 - FULL BODY BENEFITS: This ergonomically designed anti fatigue mat takes stress off your hips, feet and back while helping to stimulate blood circulation and increase concentration and productivity
 - 3D FEATURES: Unlike flat stand up desk mats that are too thin, our mats feature mini massaging balls, raised edges and a sloped ramp to help you stretch and massage your feet and calves while you work
 - THICK AND DURABLE: Our standing pad is made from thick, shock absorbent polyurethane foam that won't wear out or flatten over time; the non-toxic, phthalate-free material easily wipes clean when dirty
 - LARGE SIZE: The non slip mat stays perfectly in place while you move and measures 25.6"W x 27.6"D x 3"H to offer ample standing room and allow for a variety of stances and dynamic stretches
 - **Can be shipped small parcel FedEx Ground for an additional upcharge; see Terms & Conditions for Special Delivery Services.**
