SUPERKOOOL™ SEATING

Overview

Planning

Statement of Line	➤ See page SK.2
Planning	SK.4
Pricing	SK.5
Surface Materials	SK.11

Superkool is an extensive lounge collection offering high and low back seating in lounge and side chair models. Lounge chairs are offered with three base options:

- Metal sled base
- Maple wood four-leg base
- 4-prong swivel base

Superkool side chairs are a smaller scale chair than their lounge counterparts; they are available in four base options:

- Metal sled base
- Beech wood four-leg base
- 4-prong swivel base
- 5-prong adjustable-height mobile base

4-prong base swivels 360° and features a chrome finish.

Nylon glides are standard on sled base and 4-prong swivel bases.

Seat and back are fully upholstered.

Wood base is solid maple hardwood and available in a variety of wood finishes.

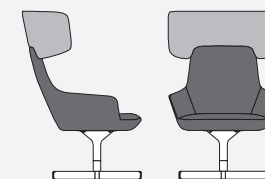

Superkool side chairs are offered in 5-prong adjustable height, swivel tilt mobile base, with dual wheel casters.

Weight Rating

Standard guest and lounge seating will accommodate individuals up to 350 lbs. per seat.

Details

Contrasting upholstery may be specified on high-back models:

□ = Upper back

■ = Lower back, arms, and seat

Kimball has analyzed each model to most accurately reflect the COM/COL yardage requirements. The yardage requirement for each model is based on 54"W textile and cutting the textile up the roll.

For widths other than 54", increase the yardage requirement by the factors below:

Textile width	Increase yardage
50"–53"	15%
48"–49"	30%
45"–47"	45%

If repeat is larger than 18", contact Customer Service to confirm the correct amount of yardage required.

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.

➤ Contact Customer Service.
